2026-2027 HIGH SCHOOL PROFILE

Located in Nassau County on the north shore of Long Island, Manhasset is a community of approximately 24,000 people. The possibility of combining the best qualities of suburban and urban living has attracted a large number of residents from the managerial and professional classes. Their personal and financial support of the school district is evidenced by the excellent educational and extracurricular programs available to the students. District enrollment is approximately 3,000 students.

THE SCHOOL

Manhasset High School, grades 9-12, has a current enrollment of approximately 1,047 students, 269 of whom are members of the Class of 2027. The school calendar consists of two semesters, during which there are four grading periods. All core academic courses are full-year offerings and are assigned 1 credit. A rich variety of elective courses is offered each semester and is assigned 0.5 credit. The program of study offered is outstanding in preparing students to make the transition to, and meet the demands of, college-level academic work or other further study. As of June 2026, 83% of our seniors sat for one or more Advanced Placement courses. Approximately 80% of the student body participates in one of our more than 65 clubs, performance groups or athletic teams.

CLASS OF 2026

Of the 240 members of the Class of 2026, 99% continued their education. Among those students, 98% enrolled in a four-year college/university, while 1% pursued studies at a two-year college. In addition, 195 members of the Class of 2026 received AP Scholar distinctions, 13 members received the AP Capstone diploma, and two students received the AP International Diploma.

ACCREDITATION

Manhasset Secondary School is approved and accredited by the University of the State of New York.

COMMENDATIONS

Manhasset Secondary School was the proud recipient of the **U.S. Department of Education 2025 National Blue Ribbon Award**.

GRADUATION REQUIREMENTS

The New York State Education Department requires the completion of 22 units of credit and the achievement of grades of 65% or better on the following Regents exams: English Language Arts, Global Studies and U.S. History (unless the student is pursuing one of the state-approved 4+1 pathway alternatives), Algebra 1 and one science exam. Regents Diplomas with Advanced Designation require the successful completion of additional exams. Credit distribution is as follows:

ENGLISH	4	SCIENCE (TWO LABS)	3	PE	2
SOCIAL STUDIES	4	WORLD LANGUAGES	1	HEALTH	0.5
MATH	3	ART/MUSIC	1	ELECTIVES	3.5

MANHASSET REQUIREMENTS

- All students are required to complete two additional units of World Languages and pass a locally developed, state-approved language exam, unless the language is waived by the building principal or exempt by the Committee on Special Education/504 Committee.
- All students are required to take six academic courses each year.
- All seniors must complete 15 hours of community service.

CURRICULUM

Manhasset High School offers a rigorous, comprehensive curriculum in an environment that encourages students to meet high standards. In addition to Regents-level courses, Honors and Advanced Placement courses are offered in all curricular areas. There are no restrictions on the number of Honors or Advanced Placement courses a student can take; however, enrollment is subject to teacher approval. The curriculum includes exceptional science and social science research programs, as well as outstanding programs in the fine and performing arts. Almost 90% of students in the current senior class have taken an Honors or Advanced Placement course.

GRADING SYSTEM

97 - 100	A+	4.33	77 - 79	C+	2.33
93 - 96	A	4.0	73 - 76	C	2.0

PROJECT LEAD THE WAY ENGINEERING

An engineering pathway, this program encourages students to adopt a problem-solving mindset with hands-on learning while developing college and career readiness. With three out of the four courses recognized for college credit through Rochester Institute of Technology (RIT), this is a rigorous program with honors weighting on the Manhasset transcript with the exception of the introductory course. The sequence of courses included is listed below and culminates in an exam from Project Lead the Way:

College Introduction to Engineering Design	College Aerospace Engineering (not eligible for RIT course credit)	College Principles of Engineering	College Computer Integrated Manufacturing
--	---	-----------------------------------	---

BROADCAST JOURNALISM PATHWAY

The Broadcast Journalism pathway utilizes an apprenticeship model, preparing students for creating and producing a variety of content, including features, sports, news, public service announcements and documentaries. Broadcast I and II are both half-year courses. Broadcast Journalism III, IV and V are full-year courses. The capstone of the sequence, College Broadcast IV and V, offer college credit through Hofstra University's Lawrence Herbert School of Communication.

Broadcast I	Broadcast II	Broadcast III	College Broadcast IV & V: Credit
