The Let's Roll MPS is a free, slow-paced group bicycle ride that celebrate bicycle efforts in Minneapolis Public Schools, the beauty of Minneapolis, and the joy in our connections to each other. At the end of the ride, we celebrate with a meal for the kids and some True Food samplings for all to enjoy.
Bring your own bicycle. Wear a helmet, pump your tires, check your brakes, and remember bicyclists have the same rights and responsibilities as car drivers. All participants will sign a waiver. Students must be accompanied by a parent/guardian or by staff who has signed permission slips for the group.
