

STEAM CAMP — AT MCI —

Pittsfield, Maine USA | Ages 14–18 | 4 Week Residential Program

Innovation in Action

MCI's STEAM Camp is a unique and experiential learning opportunity in Pittsfield, Maine that focuses on **S**cience, **T**echnology, **E**ngineering, **A**rt, and **M**athematics along with exciting trips and activities as part of the traditional New England boarding school experience. This camp offers the authentic Maine Central Institute experience in just a few short weeks, and we hope you will join us for this immersive summer STEAM experience.

The curriculum of our summer STEAM Camp is tailored towards giving our students a well-rounded and experiential education during their few short weeks here. Staples of our curriculum include offerings focused on **chemistry, robotics, 3D printing, music, sculpting and drawing, health sciences, Maine studies, game theory, drama, English, and more.** Special rotating offerings depending on the year include topics like aviation, architecture and design, fashion, and other exciting creative ventures and challenges.

Weekends of Excitement

After a week of exciting opportunities in the world of science, technology, and art, the weekends of our STEAM Camp are meant to explore the wonders of Maine and provide memories that will last a lifetime. **Weekend activities include trips to Maine's coast for shopping and exploring, tours of Harvard and MIT in Boston, a steamship cruise on Moosehead Lake, a visit to a Portland Sea Dogs baseball game, and other opportunities** to visit local colleges or soak in the beautiful New England scenery.

Join our MCI Community

STEAM Camp is just the beginning. Learn more about joining our **multicultural student body at Maine Central Institute, serving students grades 9-12 with a rigorous and comprehensive college and career preparatory experience.**
