

Stuart Career Tech HS

Where students earn their associate's degree, core complete, or their college industry certificate before their high school graduation!

Informational Technology (IT) Academy

Launch Your Career in IT!

With your Level I Certificate or Associates Degree, you're on track for high-paying and in-demand skilled trades.

Strong Job Demand

"Information technology jobs are projected to grow much faster than average, especially in cybersecurity, networking, and cloud computing." —
U.S. Bureau of Labor Statistics

MORE SKILLS = MORE PAY

- Level I Certificate in Network Maintenance
- Students take college-level courses while still in high school, receiving both high school and college credit.
- Tech is growing fast — more jobs in cybersecurity, networking, programming, support, etc..
- Certified and college-credit holders in IT generally make more than those without credentials.

Career	Annual Estimate
IT Support Specialist	\$37,000–\$41,000
Network Technician	\$41,000–\$50,000
Systems Administrator	\$52,000–\$58,000
Cybersecurity Analyst	\$62,000+

Why Choose IT?

- ✓ Gain skills in computer hardware, networking, and cybersecurity.
- ✓ Access to dual credit courses and industry-recognized certificates.
- ✓ Opportunities to troubleshoot real IT systems on campus.
- ✓ Pathway to high-demand, high-wage careers in technology.
