Student Spotlight

Sophia is a dedicated student in the Plant Science pathway who has a strong passion for working in the greenhouse and sustainable agriculture. She serves as the treasurer for the Greenhouse Committee, where she helps manage projects and plants sales. As a member of the state-qualifying FFA floriculture team, Sophia demonstrates both skill and leadership in her field. She is known for motivating her peers to get more involved in the Agriculture Academy. Sophia's enthusiasm and commitment make her a role model for other students. Her leadership and teamwork skills help create a positive and engaging environment within the program.

UPCOMING EVENTS

● Titan Table

September 03, 2025

To reserve your seating, go to :
<https://www.gccisd.net/page/Athletics.Ticket>.
Tickets are typically available on the GCCISD Athletics page—just select Stuart to purchase. \$15 for 3 courses.

● Senior Parent Meeting

August 28, 2025

We will discuss prom, fundraisers, senior fun day and more. 5:30-6:30 pm in the SCTHS cafeteria

Academic Spotlight

Every Inning Counts. Every Student Matters.

At Stuart Career Tech High School, we believe every inning counts and every student matters. Dual Credit courses in Texas impact both a student's high school and college transcript, making daily attendance and effort especially important.

Students are required by state law to be present at least 90% of the time to earn credit. Missing 9 or more days may result in students being returned to their zoned campus. Thank you for supporting your student in being present each day—attendance is the key to their success!

Message from the Principal

We are proud to announce that SCTHS has earned an "A" rating from TEA along with 4 Distinctions:

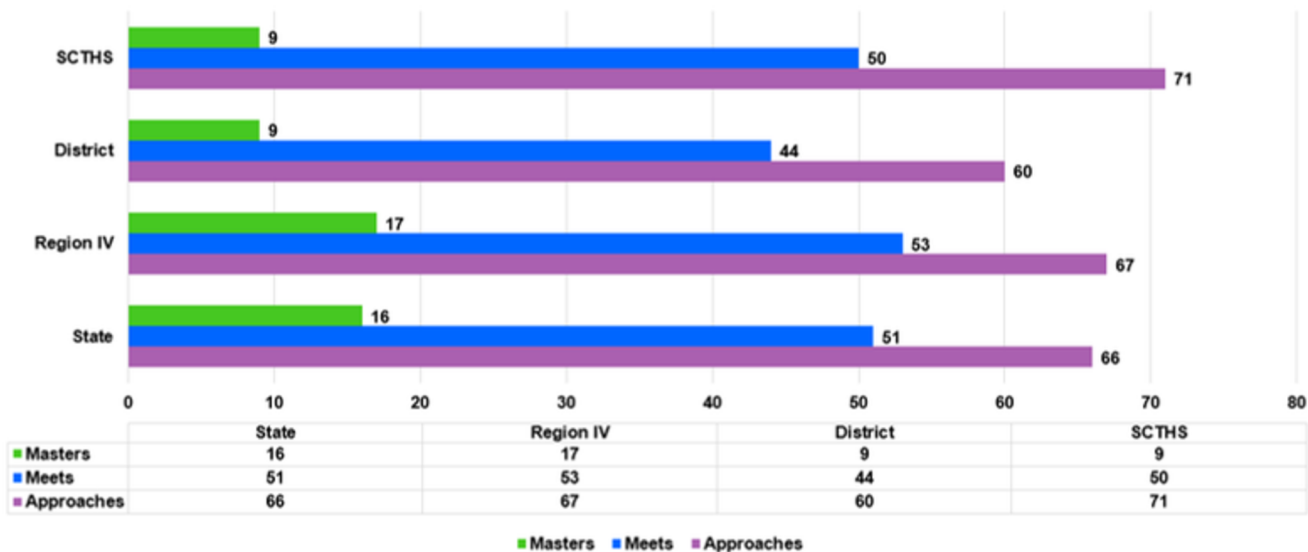

- Academic achievement in math and science, postsecondary readiness, and top 25% for closing gaps.

This accomplishment reflects the hard work, dedication, and teamwork of our staff and students. We are so proud of the SCTHS family—your efforts truly paid off!

Teacher Feature

SPED/504 Hits the Ground Running!

Our SPED/504 Team has truly hit the ground running—and hit a homerun—this school year! Before the first day of classes, they spent weekends preparing to ensure every teacher had student accommodations in hand. They also presented the importance of both providing and

documenting accommodations, reinforcing our commitment to student success. Their dedication has been phenomenal, making sure no student is overlooked and every learner has the support they need to thrive this year. Thank you Mrs. May, Mrs. Kiesewetter, Mr. Martinez, Ms. Jaso, and Mrs. Work!

At Stuart, we prepare, empower, and propel our students to a successful future.

This Month in Pictures

Mr. Morris' seniors shared advice and insights with Ms. Jaso's freshmen about the journey ahead in Digital Communication.

Juniors and seniors in Mr. Green and Mr. Hathaway's classes gained hands-on experience with underwater welding.

Opening Day was a hit at Stuart Career Tech High School as we swing into a Giant Year!

Senior Sunrise was a special way for students to kick off the year together and create lasting memories.

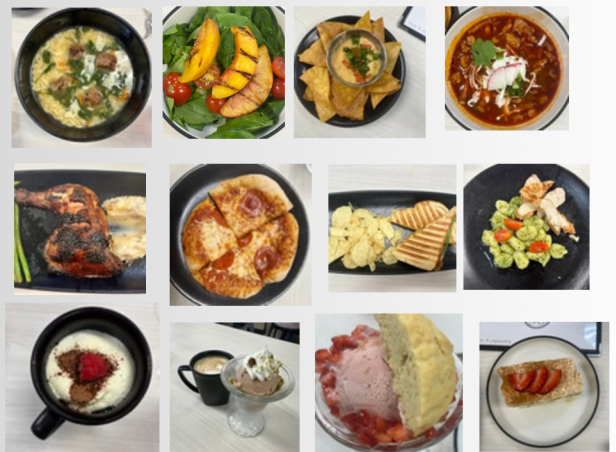

Spotlight: Titan Table a CTE Student-Led Culinary Restaurant

Our Culinary Arts students are proud to invite you to dine at Titan Table, our student-led restaurant. You can view the schedule on the GCCISD website by clicking Purchase Tickets and selecting Stuart Career Tech High School. If it is ever unavailable on the website, please email Chef Sobczak: kylie.sobczak@gccisd.net

Each service includes three delicious courses, an appetizer, entrée, and dessert, prepared and served by our talented students. The first service will be Wednesday September 3, 2025, with seating beginning at 11:00 AM and service concluding at 12:30 PM.

We cannot wait to serve you—it will be some of the BEST food you'll ever eat!

English Language Arts Department

- Practice Tip: Students can enhance their learning by using the "study plan" tab in the Progress Learning app. This tool offers additional practice tailored to their needs.
- Reading Support Tip: A simple way to support your student's reading at home is to set aside time for daily reading together. Discuss the stories and encourage your child to ask questions about the text.
- STAAR Retesting: Please note that STAAR retesting will take place after Thanksgiving break. It's important for students to prepare, and we will support them in this process.

Math Department

Math Spotlight: Level Up Your Learning at Home!

Students, take charge of your learning!

- For extra help at home, visit Khan Academy for tutorials to strengthen your skills.
- Khan Academy is a free, online resource offering personalized tutorials to help you master High School Math concepts at your own pace.
- With video lessons, practice exercises, and instant feedback, it's the perfect way to level up your skills from the comfort of home!
- Use your Google Login for Khan Academy.

Science Department

To help your child succeed in biology, it is imperative to create a study environment that balances structure with flexibility. Here are some tips to accomplish this:

- Work with your child to create a weekly schedule that includes time for homework, studying, family activities, and breaks. Routines help students manage their time, but flexibility is key to adapting to unexpected events.
- Promote healthy study habits. Encourage your child to study consistently rather than all at once before a test. Taking 5-minute breaks every 25 minutes while studying will also help reduce fatigue and improve memory retention.

Social Studies Department**Social Studies Spotlight: Cross-Curricular Strategies!**

Our Social Studies department is incorporating strategies from English to enhance student success across all subjects. To engage students, we're challenging them to annotate this newsletter using the strategies we're practicing in class. This exercise will not only reinforce their skills but also benefit other departments.

Counselor Corner

Hello SCTHS Parents,

My name is Kathrine Hull, and I serve as the College and Career Counselor for grades 9–12 here at Stuart Career Tech High School. I have the privilege of supporting students in the Agricultural Science, Digital Communications, and Culinary Arts academies. In addition to guiding students through high school planning, college and career readiness, and dual credit opportunities, I also focus on social-emotional wellness to ensure students are prepared both academically and personally. I look forward to partnering with you to support your student's journey and future success!

**Counselor Corner**

Hello SCTHS Parents,

My name is Joi Green, School Counselor here at Stuart Career Tech High School. This is my 2nd year at SCTH. I support students in many ways, however, these 3 general areas cover most of it: Career/College planning, Academic Advising and Social-Emotional. I have the privilege of working with the students in the Automotive (Diesel/Collision), Manufacturing (Pipefitting and Welding), and IT. In addition, I work closely with Lee College and Lamar Institute of Technology to guide students through dual credit opportunities so that they can attain post-secondary credentials that propel them into their futures. Please reach out if you have questions or concerns. I look forward to our partnership.

OPPORTUNITIES FOR PARENT INVOLVEMENT

JOIN OUR ADVISORY BOARD!

We would love to have more parents involved in our Advisory Board meetings. These meetings, held four times a year, bring together industry leaders, parents, community members, and educators to discuss ways to strengthen and grow our academies. Your voice and perspective are vital in helping us prepare students for future success. You can see the dates below and contact Kami Johnston if interested at: Kami.Johnston@gccisd.net.

AT STUART,

WE PREPARE, EMPOWER, AND
PROPEL

As we continue to foster growth and prioritize transparency in education, we remain steadfast in our commitment to empowering every student to reach their full potential. Together, as a community of educators, students, and families, we are shaping a brighter future.

At Stuart, we **prepare**, **empower**, and **propel** our students to a successful future.

Thank you for your continued support and partnership. We look forward to celebrating more successes with you in the months ahead!
