WHEN GREAT TEACHERS STAY

Dear MUSD Families,

Great teachers have choices. They choose MUSD.

When teachers stay, experience compounds, schools keep their momentum, and students gain the advantage.

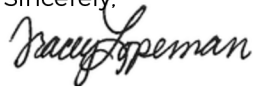

This year, MUSD retained 81% of our certified staff. State data offers another encouraging sign: MUSD teachers were 35% less likely to change school systems than teachers across Pinal County.

We match their commitment with competitive salaries, professional growth, and the tools to do their best work. The average MUSD teacher salary is \$71,414.

Teachers build careers in MUSD. Students build their futures.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
