Introduction

“The mutual responsibility of families, schools, and communities to build relationships to support student learning and achievement, support family well-being and the continuous learning and development of children, families, and educators. Family engagement is fully integrated in the child’s educational experience and is both culturally and linguistically appropriate.” Texas Administrative Code §102.1003.

Collaboratively, we all share the responsibility to encourage and support initiatives, activities, and practices that enhance the success of student learning and achievement.
