THE PANTHER PROMISE

Our Mission: Burlingame High School will develop in all students the skills, knowledge, and mindset that will prepare them to meet the challenges of college, the demands of career, and the responsibilities of community membership.

ABOUT US

Burlingame High School (BHS) is a comprehensive four-year public high school located 15 miles south of San Francisco. The suburban setting of Burlingame is home to 30,000 residents. BHS is one of seven high schools in the San Mateo Union High School District (SMUHSD) and enjoys close ties with and receives tremendous support from the city and community of Burlingame. SMUHSD is a district with open enrollment, and BHS students come from the entire district boundary area. Approximately 1,600 students attend the school and there are 85 credentialed personnel to support their learning (95 with counselors included).

OUR STUDENTS

Students at Burlingame High School are dedicated to improving their school and larger community through participation in numerous programs such as school culture initiatives, athletics, clubs, service learning, and volunteerism. We offer a broad curriculum to support students as they explore their academic, personal, and career goals. Our school gives students the opportunity to investigate their passions through various coordinated opportunities in job shadowing, peer tutoring, and concurrent enrollment at local community colleges as well as dual enrollment courses taught on our campus in collaboration with local colleges. Additionally, we house an Adult Transition Program (ATC) for 18-22 year-old students continuing to receive services through Special Education.

Open Access & Advanced Placement Courses

Burlingame High School offers academically rigorous courses and a variety of Advanced Placement courses. It is District and BHS policy to allow students open enrollment into Advanced Standing, Honors, and Advanced Placement classes.

College Readiness for Class of 2026

The California Schools Dashboard measures student performance including language arts, mathematics, and college readiness, and is calculated in part using results from the California Assessment of Student Performance and Progress (CAASPP). In the Spring of 2025, 11th grade students across the State of California took the CAASPP, and the results below are for the Burlingame High School Class of 2025.
