

Annual Professional Performance Review - Education Law §3012-d**Task 1. General Information - Tasks 1.1, 1.2**

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances

Please check all of the boxes below

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Annual Professional Performance Review - Education Law §3012-d**Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)****Task 2) Original Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)**STATE-PROVIDED MEASURES OF STUDENT GROWTH**

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance.

Please check the boxes below.

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.10 (Other Courses), 2.11-2.14

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category or guidance on the use of alternate SLOs during the transition period, see NYSED APPR Guidance.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses. If all other courses listed in Original Task 2.10 are using Alternate SLOs, and such Alternate SLOs will be based on the same measures and assessments, please select "Other Courses as listed in Original Task 2.10" in the Applicable Course(s) column.

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law §3012-d**Task 3. Student Performance - Optional (Teachers) - Tasks 3.1 (Assurances), 3.2-3.12**

Task 3) Optional Student Performance Subcomponent

If the Optional Student Performance subcomponent will NOT be used, save this page and proceed to Task 4; this section is not required.

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent; or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

Options for measures and associated assessments include:

OPTION A: SECOND STATE-PROVIDED GROWTH SCORE

Option (A1) Teacher-specific growth score computed by the State based on percentage of students who achieve a State-determined level of growth (e.g., percentage of students whose growth is above the median for similar students)

Option (A2) School-wide growth results based on a State-provided school-wide growth score for all students attributable to the school who took the State ELA or math assessment in grades 4-8

Option (A3) School- or program-wide, group, team, or linked growth results using available State-provided growth scores that are locally-computed

Option (A4) District- or BOCES-wide growth results using available State-provided growth scores that are locally-computed

OPTION B: STATE-DESIGNED SUPPLEMENTAL ASSESSMENTS

Option (B1) Teacher-specific growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model

Option (B2) School- or program-wide, group, team or linked growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model capable of generating such a score

Option (B3) District- or BOCES-wide growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model capable of generating such a score

The same locally selected measures of student growth across all classrooms in the same grade/subject in the district/BOCES must be used in a consistent manner to the extent practicable.

Task 3.1) Assurances

Please check the boxes below.

- ☐ Assure that if a teacher receives an overall rating of Ineffective on the Student Performance category, and a State-designed supplemental assessment (option B1, B2 or B3) was included as an Optional subcomponent of the Student Performance category, then the teacher must be rated Ineffective overall (see Education Law 3012-d(5)(a) and (7)).
- ☐ Assure that if a teacher receives an overall rating of Ineffective on the Student Performance category, and a State-provided growth score on a State-created or administered test (option A1, A2, A3, or A4) was included as an Optional subcomponent of the Student Performance category, then the teacher may not be rated higher than Developing overall (see Education Law 3012-d(5)(a) and (7)).

3.2-3.10)Optional Measures, Assessments and Courses

(No Response)		

3.12) Assurances**Please check all of the boxes below:**

- ☐ Assure that scores and ratings for the Optional Student Performance subcomponent, where a State-designed supplemental assessment is used, will be calculated in the manner specified by the assessment provider through the RFQ process.
- ☐ Assure that the final Student Performance category rating for each teacher will be determined using the weights and parameters specified in Subpart 30-3 of the Rules of the Board of Regents.
- ☐ Assure that all Optional Student Performance measures for a teacher are different than any measures used for the Required Student Performance subcomponent.
- ☐ Assure that the same locally selected measures of student growth across all classrooms in the same grade/subject in the district/BOCES must be used in a consistent manner to the extent practicable.
- ☐ Assure that during the 2016-17 through 2018-19 school years, if a second State-provided growth score (options A1, A2, A3, or A4) is selected as a measure in the Optional subcomponent of the Student Performance category, such measure will be used for advisory purposes only and will not be used for the purpose of calculating transition scores and ratings.

Annual Professional Performance Review - Education Law §3012-d**Task 4. Teacher Observation Category - Tasks 4.1-4.6**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching	(No Response)

4.2) Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in Task 4.1 above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings**Assurances**

Please check each of the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check each of the following boxes.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved 3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d**Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9**

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

West Valley Central School District APPR Teacher Appeal Process

1. A teacher may challenge his/her APPR pursuant to Education Law 3012d ((hereinafter referred to as an “APPR Appeal”), but such APPR appeal may only include:
 - a. The substance of the teacher’s APPR if and only if the teacher receives a “Developing” or “Ineffective” overall APPR composite rating (teachers receiving a “Highly Effective” or “Effective” overall composite rating may not appeal the substance of their APPR);
 - b. The District’s adherence to the standards and methodologies for the APPR pursuant to Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
 - c. The District’s adherence to the Commissioner’s regulations and compliance with the negotiated APPR procedures herein.
 - d. The District’s issuance of a TIP or implementation of the terms of the TIP.
2. The APPR appeal is grievable if the district fails to follow the negotiated appeals process outlined herein.
3. The Superintendent will be the appeal officer for a teacher’s APPR appeal. If either the Superintendent or the teacher believes there is a conflict of interest between parties, then an outside appeal officer will be selected. The list of outside appeal officers will be collaboratively selected by the WVTA and the Superintendent when needed.
4. An appeal to a overall APPR composite rating of “Developing” or “Ineffective” rating must be submitted by the professional in writing directly to the Superintendent or his/her designee within fifteen (15) school days of receipt of the evaluation and shall set forth the specific basis for the appeal. The appeal challenge should address questions including but not limited to one or all of the following: the substance of the APPR, adherence to agreed upon standards/methodologies for APPR, adherence to the Commissioner’s Regulations, compliance with locally negotiated procedures, and the issuance/implementation of a Teacher Improvement Plan.
6. The appeal officer will provide a written decision no later than thirty (30) calendar days from the date upon which the teacher filed his/her appeal. The determination of the appeal pursuant to the above process is final and binding.

6.5) Assurance: Evaluators

Please check the box below.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

West Valley Central School District will ensure that all Lead Evaluators, Evaluators, and Independent Evaluators are properly trained and certified to complete the individual performance review. The initial training for Lead Evaluators, Evaluators, and Independent Evaluators will consist of a minimum of 20 hours. Lead Evaluator, Evaluators and Independent Evaluators training will address all nine elements per Regents rules 30-3.10. The district will use professional development opportunities offered through Cattaraugus/Allegany BOCES evaluator training, on-line training, and other trainings as they may become available.

Lead Evaluators, Evaluators, and Independent Evaluators will complete an annual re-training of a minimum of six hours after their initial training of a minimum of 20 hours and will include a minimum of one practice scoring based on the Danielson's Framework For Teaching practice rubric. The Superintendent will certify and re-certify evaluators. West Valley Central School District will ensure that evaluators maintain inter-rater reliability and they are re-certified on an annual basis and receive updated training on any changes in the law or regulations.

6.7) Assurances: Teacher Evaluation

Annual Professional Performance Review - Education Law §3012-d**Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9**

Please check all of the boxes below.

- ☒ Assume that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assume that the evaluation system will be used as a significant factor for employment decisions.
- ☒ Assume that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☒ Assume that the following prohibited elements listed in Education Law 3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assume that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assume that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments**Please check all of the boxes below.**

- ☒ Assume that, where applicable, if students take more than one version of the Regents assessment for a particular content area, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- ☒ Assume that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- ☒ Assume that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- ☒ Assume that, where there is more than one version of a Regents assessment for a content area, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) Assurances: Data**Please check all of the boxes below.**

- ☒ Assume that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- ☒ Assume that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- ☒ Assume scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- ☒ Assume that enrolled students in accordance with teacher of record policies are included and may not be excluded.
- ☒ Assume that procedures for ensuring data accuracy and integrity are being utilized.

Annual Professional Performance Review - Education Law §3012-d**Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)****Task 7) Original Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments for which there is a State growth model (e.g., K-5, K-6, 6-8, 6-12, 9-12, etc.).

For principals where less than 30% of their students are covered under a State-provided growth measure, please use Task 7.2.

For the 2015-16 through 2018-19 school years, principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments set back-up SLOs based on Regents assessments.

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal. Principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments should continue to set back-up SLOs based on Regents assessments in the 2019-20 school year and thereafter.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, K-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for back-up SLOs.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) assessment(s)
Grades K-6 Building	K	6	NYS Grade 4 ELA, NYS Grade 5 ELA, NYS Grade 6 ELA, NYS Grade 4 Math, NYS Grade 5 Math, NYS Grade 6 Math
Grades 7-12 Building	7	12	Grade 7 ELA, Grade 7 Math, Grade 8 ELA, Grade 8 Math, All applicable Regents assessments which are used to generate the principal's State-provided growth score

Annual Professional Performance Review - Education Law §3012-d**Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)**

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the 2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

- ☒ Assure that, for principals of buildings that do not include all of grades 9-12, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator in the event that a State-provided growth score cannot be generated for that principal and that principals of buildings that include all of grades 9-12 will have back-up SLOs set by the superintendent or another trained administrator in all school years.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances

Please check all of the boxes below.

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d**Task 7. Transition Student Performance - Required (Principals) - Task 7 Alternate SLOs****Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)**

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance and guidance on the use of alternate SLOs during the transition period.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: measure used

Column 4: assessment(s) used

Follow the examples below.

Grades 11-12 Building	11	12	Principal-specific results	ELA Regents, US History Regents

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

West Valley Central School District APPR Principal Appeal Process

1. A Principal may challenge his/her APPR pursuant to Education Law 3102-d ((hereinafter referred to as an "APPR Appeal"), but such APPR appeal may only include:
 - a. The substance of the Principal's APPR if and only if the Principal receives a "Developing" or "Ineffective" overall APPR composite rating (principals receiving a "Highly Effective" or "Effective" overall APPR composite rating may not appeal the substance of their APPR);
 - b. The District's adherence to the standards and methodologies for the APPR pursuant to Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
 - c. The District's adherence to the Commissioner's regulations and compliance with the negotiated APPR procedures herein.
 - d. The District's issuance of a PIP or implementation of the terms of the PIP.
2. The APPR appeal is grievable if the district fails to follow the negotiated appeals process outlined herein.
3. The Superintendent will be the appeal officer for a Principal's APPR appeal. If either the Superintendent or the Principal believes there is a conflict of interest between parties, then an outside appeal officer will be selected. The list of outside appeal officers will be collaboratively selected between the principal and superintendent when needed.
4. An appeal to a Principal composite rating of "Developing" or "Ineffective" rating must be submitted by the professional in writing directly to the Superintendent or his/her designee within fifteen (15) school days of receipt of the evaluation and shall set forth the specific basis for the appeal. The appeal challenge should address questions including but not limited to one or more of the following: substance of the APPR, adherence to agreed upon standards/methodologies for APPR, adherence to the Commissioner's Regulations, compliance with locally negotiated procedures, and the issuance/implementation of a Principal Improvement Plan.
6. The appeal officer will provide a written decision no later than thirty (30) calendar days from the date upon which the principal filed his/her appeal. The determination of the appeal pursuant to the above process is final and binding.

11.5) Assurance: Evaluators

Please check the box below.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

West Valley Central School District will ensure that all Lead Evaluators, Evaluators, and Independent Evaluators are properly trained and certified to complete the individual performance review. Lead Evaluators, Evaluators, and Independent Evaluators will complete an initial training that will consist of a minimum of 20 hours. Lead Evaluator, Evaluators and Independent Evaluators training will address all nine elements per Regents rules 30-3.10. The district will use professional development opportunities offered through Cattaraugus/Allegany BOCES evaluator training, on-line training, and other trainings as they may become available.

After Lead Evaluators, Evaluators, and Independent Evaluators complete initial training, an annual re-training of a minimum of six hours to include a minimum of one practice scoring, based on the Principal Practice rubric. The Superintendent will certify and re-certify evaluators. West Valley Central School District will ensure that evaluators maintain inter-rater reliability, they are re-certified on an annual basis, and receive updated training on any changes in the law or regulations.

§3012-d Removal of the NYS Grade Four Science Assessment Supplemental Form (Material Change)

Taweepon Farrar, Superintendent
West Valley Central School District
5359 School Street, PO Box 290
West Valley, NY 14171

Dear Superintendent Farrar:

Congratulations. I am pleased to inform you that the Removal of the NYS Grade Four Science Assessment Supplemental Form you submitted meets the criteria outlined in Subpart 30-3 of the Commissioner's Regulations and has been approved as a material change to your currently approved Educator Evaluation Plan. As a reminder, we are relying on the certifications and assurances that are part of your approved Educator Evaluation plan and those found in the Supplemental Form for Alternate SLOs. If any additional changes need to be made to your approved plan, your district/BOCES must submit a new plan to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa

PLEASE NOTE:

In April 2019, the Governor signed into law an amendment to Education Law 3012-d. Those statutory changes allow a school district/BOCES to continue to implement its currently approved Educator Evaluation plan, including the transition measures that are to replace any measures based on the grades three through eight English language arts and mathematics State tests, until such time as its existing collective bargaining agreement expires and until entry into a successor agreement.

Accordingly, your district/BOCES may continue to implement its currently approved plan, including the measures described in the Supplemental Form for Removal of NYS Grade 4 Science, until such time that as a new collective bargaining agreement is entered into between the district/BOCES and its bargaining units.

Until such time as your district/BOCES receives approval of a new Educator Evaluation plan consistent with the requirements of Education Law 3012-d as amended by the Laws of 2019, teachers and principals must continue to be provided with their Educator Evaluation scores and ratings calculated based on the measures in your currently approved Educator Evaluation plan *without any modifications, substitutions, or replacements*.

Only documents that are incorporated by reference in your Educator Evaluation plan have been reviewed and are considered as part of your district's/BOCES' approved Educator Evaluation plan; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your plan but not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your Educator Evaluation plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your Educator Evaluation plan and/or require corrective action.

Subject: Implementation of Teacher and Principal Evaluation Systems for the 2024-25 School Year and Thereafter Pursuant to Education Law §§3012-d and 3012-e as Amended by Chapter 143 of the Laws of 2024

On Friday, June 28, 2024, Governor Kathy Hochul signed Chapter 143 of the Laws of 2024, which amends Education Law §3012-d and establishes Education Law §3012-e. Accordingly, school districts and boards of cooperative educational services (BOCES) will transition to new teacher and principal evaluation systems beginning in the 2024-25 school year.

NYSED's Vision for Educator Evaluation Systems Under Education Law §3012-e

The New York State Education Department (the "Department" or "NYSED") believes that well-designed and implemented evaluation systems can, among other things, help to support teachers and school leaders by encouraging reflection and goal-setting; creating opportunities for collaboration among educators; providing timely, actionable feedback that supports growth and development; identifying personalized professional learning opportunities; and recognizing excellent educators and creating opportunities for great teachers to remain in the classroom, while advancing their careers through teacher leadership roles such as school-based teacher educators, mentor teachers, instructional coaches, and other differentiated roles.

The enactment of Education Law §3012-e provides an opportunity for school districts and BOCES to reflect on their current educator evaluation practices and develop new locally designed systems consistent with NYSED's vision and our shared goal of [supporting teacher and leader development](#) across the career continuum. These new Standards-based Educator Evaluation and Support plans ("NYS STEPS") should support all educators' professional growth as a part of a comprehensive, systemic approach to advancing excellence in teaching and learning aligned to [our New York State Teaching and Educational Leadership Standards](#), including the [Culturally Responsive-Sustaining Education Framework](#). Through multiple measures, including observation, educators will receive meaningful feedback on their practice and intentional professional learning and growth opportunities.

Key features of the NYS-STEPS framework include:

Local Flexibility in Design

- Each local educational agency ("LEA") will have the flexibility to locally design a NYS-STEPS plan that reflects their expectations for teaching and learning and school leadership, while

maintaining fidelity to our State's Teaching and Educational Leadership Standards, including the Culturally Responsive-Sustaining Education Framework.

- STEPS plans will consist of multiple measures, at least one of which will be observations for teachers and school visits for principals.
- Unlike prior evaluation systems, a STEPS plan can be differentiated for different educators, and school leader evaluations are no longer required to mirror teacher evaluations.
- Each measure will align to one or more of the NYS Standards, and LEAs will establish their own criteria for assigning a Level 1-4 rating for each Standard and an overall rating.
- In the coming months, the Department will provide guidance and exemplars, consistent with research and evidence-based practices, that LEAs may use or adapt to their local needs and context.

Emphasis on Professional Learning & Growth

- As part of its STEPS plan, each LEA will develop a formal process to ensure that all educators are provided with timely, actionable feedback on their practice and differentiated professional growth opportunities, with enhanced supports for educators whose overall ratings are Level 1 or 2.
- Chapter 143 of the Laws of 2024 also eliminates the mandatory use of overall evaluation ratings as part of tenure determinations and expedited disciplinary proceedings under Education Law §§3020-a and 3020-b, thereby ensuring that the STEPS plan can be used as a tool to support growth.
 - These statutory amendments do not affect the unfettered right of boards of education to terminate a probationary educator's employment for any statutorily or constitutionally permissible reason, including performance.

Timeline for adoption of new plans under 3012-e

- LEAs will be able to transition to their STEPS plans once the Department has adopted regulations approved by the Board of Regents and made available the form and process for submitting a STEPS plan to the Department for review.
- We anticipate completing this process by Fall 2024 so that LEAs that wish to transition to their new STEPS plans for the 2024-25 school year are able to do so.
- LEAs may continue to implement and modify their current evaluation systems under Education Law §3012-d until the 2031-32 school year.
- LEAs are required to adopt their STEPS plans no later than June 30, 2032.

A preliminary Questions and Answers document is attached to this memorandum. Please stay tuned as the Department will be releasing guidance and other resources over the summer and into the fall to support LEAs in developing their new STEPS plans. Please check the Office of Educator Quality and Professional Development [website](#) for updates. Questions can be directed to the office by e-mail at educatoreval@nysed.gov.

Questions and Answers

Can we still use our current Educator Evaluation/APPR Plan in the 2024-25 school year?

Yes. The new law provides that LEAs may continue to implement their current plans, including submitting modifications, through the 2031-32 school year. After the 2031-32 school year, all plans must be designed, submitted, and implemented in accordance with the new NYS-STEPS framework.

Can my currently approved educator evaluation plan under Education Law §3012-d be used as part of my new STEPS plan?

Possibly. The NYS-STEPS system under Education Law §3012-e must include multiple measures that together address all of the [State's Teaching and Educational Leadership Standards](#), with one of the required measures being teacher observations/principal school visits. As such, the measures included in an LEA's currently approved evaluation system may also be used as part of their STEPS plan as long as the LEA can demonstrate that those measures appropriately address all applicable Standards.

Do I have to implement my current plan in the 2023-24 school year?

Yes. The new law does not waive the requirement that each LEA have an evaluation plan in place for the current and succeeding school years. Until an LEA has a Department-accepted STEPS plan pursuant to Education Law §3012-e, it must continue to implement its most recently approved educator evaluation plan under Education Law §3012-d. The new law also allows an LEA to continue to implement and modify its current §3012-d evaluation plan, subject to Department approval, through the 2031-32 school year. All LEAs are required to adopt a STEPS plan by June 30, 2032.

Do LEAs still have to report data for each school year?

Yes. LEAs are still required to submit data. Information and resources related to the submission of staff evaluation data will be provided annually and will be posted on the [Resources for Staff Evaluation Data Collection page](#).

What if I have an approved variance under Education Law §3012-d?

If your LEA is currently implementing a Department-approved variance, you may continue to implement it during the approved term. You may also renew that variance and/or make material changes to your currently approved plan under Education Law §3012-d through the 2031-32 school year.

PLEASE NOTE:

At its October 2017 meeting, the Board of Regents adopted the Professional Standards for Educational Leaders ([PSELs - NYS Version](#)) to replace the Interstate School Leaders Licensure Consortium standards (ISLLC Standards) and further require that Educator Evaluation plans approved under Education Law §3012-d use a principal practice rubric aligned to the PSELs - NYS Version. In response to the COVID-19 pandemic, the Board of Regents [voted](#) to extend the timeline for this transition to the 2025-26 school year.

Until such time as a district/BOCES receives approval of a new Educator Evaluation (STEPS) plan consistent with the requirements of Education Law 3012-e, teachers and principals must continue to be provided with their Educator Evaluation scores and ratings calculated based on the measures in your currently approved Education Law §3012-d Educator Evaluation plan without any modifications, substitutions, or replacements.

Only documents that are incorporated by reference in your Educator Evaluation plan have been reviewed and are considered as part of your district's/BOCES' approved Educator Evaluation plan; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your plan but not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your Educator Evaluation plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your Educator Evaluation plan and/or require corrective action.
