Non-Discrimination Policy in Career and Technical Education Programs: 1. Fort Worth ISD offers Career and Technical Education programs in all 14 career clusters, including Gold Seal Programs of Choice Programs. Admission to the programs is based on interest, lottery selection, age appropriateness, and class space availability. 2. It is the policy of Fort Worth ISD not to discriminate on the basis of race, color, religion, gender, national origin, age, sexual orientation, disability, gender identity and expression, military/veteran status, or any other basis prohibited by law in its vocational programs, services or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended. 3. The Fort Worth Independent School District prohibits discrimination, including harassment, on the basis of race, color, religion, gender, national origin, age, sexual orientation, disability, gender identity and expression, military/veteran status, or any other basis prohibited by law in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended. 4. Fort Worth ISD will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs. 5. For information about your rights or grievance procedures, contact the Title IX Coordinator and/or the Section 504 Coordinator listed below. Retaliation against anyone involved in the complaint process is a violation of District policy. The following persons have been designated to handle inquiries regarding the non-discrimination policies: Carolyn Smythe, 504 Coordinator, 7060 Camp Bowie Blvd, Fort Worth, TX 76116, 817.814.2878, E-mail: Carolyn.Smythe@fwisd.org | Cynthia Allen, Title IX Coordinator, 100 N. University Dr., Fort Worth, TX 76107, 817.814.1833, Email: Cynthia.Allen@fwisd.org | Dr. Lisa Langston, Director of UIL Compliance, 7060 Camp Bowie Blvd, Fort Worth, TX 76116, 817.815.7307, Email: Lisa.Langston@fwisd.org.

INTRODUCTION

 SCHOOLS OF CHOICE

PROGRAMS OF CHOICE

NEIGHBORHOOD SCHOOLS

What is Gold Seal?

Gold Seal is a lottery-based transfer system that gives families more options when choosing the right school for their child. Students may apply to a **School of Choice** or a **Program of Choice**, which is housed within a neighborhood school.

As you'll discover in this catalog, there's something for every interest - whether it's Aviation, Cybersecurity, Cosmetology, Fine Arts, STEM, or Early College High Schools, just to name a few. Each option offers a rigorous, engaging pathway designed to help students achieve and thrive.

Families of younger students will be glad to know that some programs begin as early as **kindergarten**. For older students, our **Early College High Schools** and **P-TECH** programs provide an incredible opportunity: the chance to graduate high school with a college level certificate or an associate degree – **for free**.

[INTRODUCTION](#)

SOC

[SCHOOLS
OF CHOICE](#)[PROGRAMS
OF CHOICE](#)[NEIGHBORHOOD
SCHOOLS](#)

Schools of Choice

Smaller learning community of students with similar interests: Career and Technical Education, STEM, Visual & Performing Arts, World Languages, Applied Learning, or Montessori.

- Admission via lottery application
- Not identified by a neighborhood
- Many Secondary Schools of Choice do not offer UIL Athletics. The exceptions are Young Men's Leadership Academy, Young Women's Leadership Academy, and Trimble Tech which do offer UIL Athletics.
- Transportation provided for in-district students (excluding before or after-school activities or extracurricular activities)

Programs of Choice

**Specialized programs located WITHIN a school.
The school may be a neighborhood campus or a
School of Choice.**

- Option to participate in UIL athletics and fine arts
- Opportunity to earn an Associate degree and/or career certifications while attending a traditional high school
- Transportation provided for in-district students (excluding before or after-school activities or extracurricular activities)

Gold Seal Lottery

Admission is based on a computer-generated selection process. Lottery applications are open from November 8, 2025 to January 9, 2026.

Students may select up to three (3) Programs on the Gold Seal Choice Application. Seats will be awarded in early spring for the 2026-2027 school year.

WEIGHTED RANKING ORDER

1. Students living in the school's attendance zone
2. Siblings of resident students who are concurrently enrolled in the school's Program of Choice
3. Children of resident District employees
4. Students living in the District but outside of the attendance zone
5. Children of non-resident District employees
6. Students living outside of the District

LOTTERY SELECTIONS

1ST

If a student **gets into their first choice**, the other two choices are canceled.

**2ND
&
3RD**

If they **get into their second or third choice**, they will stay on the waitlist for any higher-ranked choices.

For example, if they get their third choice, they stay on the waitlists for both their first and second choices.

NONE

If they **don't get into any program right away**, they'll be placed on the waitlists for all three choices.

WAITLIST AND LATE APPLICATIONS

Students who apply after the Lottery Priority Window ending January 9, 2026 will not be included in the Lottery and will be added to the bottom of the Waitlist.

The Gold Seal Late Application will be open from March through August to fill remaining available spots.

INTRODUCTION**SOC****SCHOOLS
OF CHOICE****PROGRAMS
OF CHOICE****NEIGHBORHOOD
SCHOOLS**

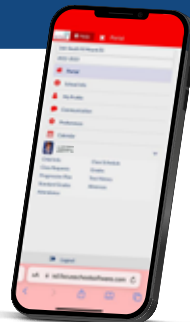

Transportation

- FWISD transportation is provided to in-District students for Schools of Choice and Programs of Choice.
- FWISD bus routes are determined by the student’s home address. Pick-up and Drop-off locations are at nearby Elementary and Middle Schools.
- For the 2026-2027 school year, High School students may also choose to ride Trinity Metro buses at no cost; this is an optional service for students.

Age group of SOC or POC student	Bus stop location
Elementary	Elementary school campuses
Middle	Middle school campuses
High	Middle school campuses

Gold Seal applications are found in Parent Portal, your one-stop shop for enrollment, report cards, grades in real time, STAAR test results, schedules, attendance records, consent forms, contact information, and more. Click the APPLY NOW button below for full instructions.

APPLY NOW!

Instructions are available at fwisd.org/choices

Falsifying information on the Gold Seal application will invalidate it, and the student's application will be excluded from the selection process.

ABOUT APPLIED LEARNING

Applied learning is an educational approach based on the belief that learning is strongest when it connects to real experiences. The approach requires students to communicate in different circumstances in a variety of media, with a variety of technology. Teachers and students work together to identify challenges, figure out the best solutions, find resources, and engage in tasks that are increasingly demanding and complex.

Fort Worth's Fairmount neighborhood is rich with history, including the first Montessori school in Fort Worth ISD – Daggett Montessori. The unique campus includes a covered picnic pavilion, greenhouse, and several gardens, all giving students learning opportunities outside the traditional classroom.

- Daggett Montessori offers band, choir, orchestra, theater, and art for grades 6-8.
- The campus does not offer athletics.

INTRODUCTION

SOC SCHOOLS OF CHOICE

PROGRAMS OF CHOICE

NEIGHBORHOOD SCHOOLS

» DAGGETT MONTESSORI

ABOUT MONTESSORI

Montessori is a unique and innovative learning community founded on the highly successful theories and principles of Maria Montessori. The primary focus of Montessori education is the emphasis on the development of the whole child (intellectually, socially, and emotionally). The Montessori cornerstones are teacher observation, the prepared environment, and cultivation of the inner discipline of the child. Multi-aged, heterogeneous grouping of students (K, 1/2/3/4/5, and 6/7/8) promotes responsibility, self-management, and learning through peer teaching and social interaction.

Montessori work plans are a discussion between adult and child to aid the child in planning his or her own life. Large blocks of uninterrupted work time provide opportunities for depth and complexity of work and enhance critical thinking skills. Montessori-trained teachers work within a challenging curriculum as they guide and motivate students to become lifelong learners.

World Languages Institute is a multilingual school in west Fort Worth. Academic courses are taught in both Spanish and English. Bilingual/multilingual students have the opportunity to begin the study of a third or fourth language. Options include American Sign Language (ASL), Chinese (Mandarin), French, Italian, and Japanese. Students take Spanish and their third language to the AP level.

Students have the opportunity to earn the state Seal of Bilingualism and Biliteracy, travel abroad, and host students from other countries.

WLI offers students an advanced, rigorous academic program that includes options to complete one or more endorsements:

- Arts and Humanities
- Business and Industry
 - » Entrepreneurship
 - » Computer Science
- Multi-Disciplinary Studies
- Science, Technology, Engineering, and Math (S.T.E.M.)

» WORLD LANGUAGES INSTITUTE

**COURSES OFFERED**

All WLI courses are advanced. We offer only Honors, Accelerated, Advanced Placement (AP), Dual Enrollment (OnRamps), and Dual Credit classes, taught by G/T Certified teachers. Our class offerings add up to over 100 hours of potential college credit.

All students participate in our S.O.A.R. (Students Outperforming and Achieving Results) advisory time and take a High School Enrichment course to prepare them for post-secondary success.

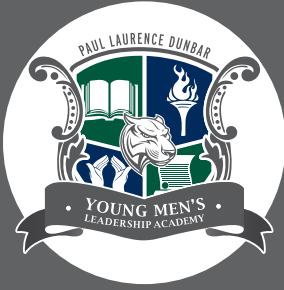

The fine arts are also well represented in our course offerings, with classes in the visual arts, music (estudiantina), and theatre.

- WLI does not offer athletics.

Young Men's Leadership Academy (YMLA) provides challenging STEM based (Science, Technology, Engineering and Mathematics) college preparatory curriculum that caters to the learning styles of young men. Beginning in 7th grade, scholars may choose between Latin and Spanish as their World Language. This standard, especially reflected in our accelerated math and science courses, ensures college preparedness.

Young Men's Leadership Academy is an academy where young scholars can build a forever brotherhood with other young men from diverse backgrounds and participate in a community of young men who are bound by their desire to do great thing both here at home and in the world.

INTRODUCTION

SOC SCHOOLS OF CHOICE

PROGRAMS OF CHOICE

NEIGHBORHOOD SCHOOLS

» YOUNG MEN'S LEADERSHIP ACADEMY

As scholar athletes, YMLA sports include basketball, soccer and track. YMLA athletes build character and leadership skills both inside and outside of the classroom.

Leadership opportunities include public speaking while representing the school at community events, working at recruiting expos, school tour guides, and officiating student clubs and events. Scholars also receive exposure to real world industries and successful men in leadership roles.

YMLA is small enough to be a family environment for our young men, yet large enough to allow them to experience the real world.

- Biomedical Sciences

Certifications: Patient Care Technician (CPCT); Pharmacy Technician (CPhT); Biotechnician Assistant Credentialing Exam (BACE); Sterile Processing and Distribution Technician Certification; Phlebotomy (CPT); Certified EKG Technician (CET)

This campus does not offer athletic or visual/performing arts programs.

Texas Academy of Biomedical Sciences, established in 2011, is a Fort Worth ISD Early College High School dedicated to educating students interested in biomedical careers and areas of study. Our students receive real-world, hands-on instruction in both high school and college courses at the scenic Tarrant County College Trinity River Campus. In all we do, we strive for academic rigor and student development in language, culture, knowledge and responsibility.

YOUR CAREER, YOUR CHOICE

All of our students follow one of four career pathways. Each one leads to a certification that can help you get a job right after graduation.

BIOTECHNOLOGY SCIENCE

Learn the basics of biotechnology science and work with leaders in

AP CAPSTONE ACADEMIES

AP Capstone is a diploma program from College Board that equips students with the independent research, collaborative teamwork, and communication skills that are increasingly valued by colleges. AP Capstone is built on the foundation of two AP courses - AP Seminar and AP Research - that complement other AP courses.

Students who earn scores of 3 or higher in AP Seminar and AP Research, and on four additional exams of their choosing, will receive the AP Capstone Diploma.

- College credit or advanced placement granted for earning high scores on AP exams
- Opportunity to participate in UIL activities

INTRODUCTION

SOC SCHOOLS OF CHOICE

PROGRAMS OF CHOICE

NEIGHBORHOOD SCHOOLS

The Applied Learning Centers at Bonnie Brae Elementary and J.T. Stevens Elementary are specialized Programs of Choice located within a neighborhood school.

Current Riverside Applied Learning Center students transitioning to Bonnie Brae do not need to submit a new application.

REAL WORLD CONNECTIONS

Applied Learning helps students understand the connection between in-school learning and out-of-school problems.

PROJECT BASED ACTIVITIES

Students in Applied Learning classrooms engage in short-and-long term projects which expand their knowledge base and their ability to solve problems. Students create a variety of projects that others can use or value. Applied Learning projects have an audience beyond the teacher. Informational brochures, multimedia presentations, museum-style exhibits, and classroom newsletters are characteristics of AL projects. Such projects require students to solve a variety of ill-defined problems as they are involved in tasks which become increasingly demanding and complex.

COLLABORATIVE PROBLEM SOLVING

Teachers serve as one source of information as they guide, monitor, and assess students progress. Students work individually and within groups in much the same way as problem-solving is done in the real world. Through the AL approach to instruction, students have choice, make decisions, and accept responsibility for their learning.

APPLIED LEARNING CORE BELIEFS

- Foster a sense of community and lifelong learning
- Teach an understanding of accountability and each person's role in that concept
- Encourage and facilitate collaboration
- Provide avenues for students to find their voice
- Create an environment that promotes problem identification, inquiry, and problem solving

LEARNING ENVIRONMENT

The learning environment is characterized by the collaboration of teachers and students with a focus on the use of strategies and resources to best support student learning:

- using interdisciplinary concepts and processes to solve real-world problems;
- functioning as members of multiple groups;
- using a variety of resources for information;
- creating a variety of products that others can use;
- relating the work of the classroom to the real world;
- influencing and shaping the course of their own learning.

Arlington Heights High School

4501 W. Freeway, 76107 | 817.815.1000

GRADES 9-12

WHO CAN APPLY: Incoming 9-10

This campus offers UIL band, choir, orchestra, theater, art, and athletics.
