SUSTAINING WISCONSIN DELLS SCHOOLS

Operational Referendum | November 3, 2026

On **Tuesday, November 3, 2026**, our community will vote on an operational referendum to provide critical financial support for our schools and students. If voters approve the measure, our district will be authorized to exceed its state-imposed revenue limit by **$1.8 million annually**.

An approved referendum would not increase property tax rates. Even with approval, our district expects the mill rate to fall to $5.30 by 2029-30, which would be **an all-time low** for Wisconsin Dells Schools.

An approved operational referendum will allow Wisconsin Dells Schools to:

- Avoid further significant teacher and staff reductions
- Maintain class sizes and provide more individual attention for students
- Continue offering robust academic programming and extracurricular activities
- Address maintenance needs in our schools
- Update computers and technology
- Maintain an adequate general fund balance

Our revenue limit is set by the state and restricts the amount we can receive in state aid and local property taxes. This system began in 1993 and has not kept pace with inflation and the rising cost of educating students.

If funding had kept pace with inflation since 2009, Wisconsin Dells Schools would receive **$6.3 million more in annual revenue.**
