

FUTURE- READY

Every Student. Every Opportunity.

Our students, families, schools, and community
partners building brighter futures together.

About the Cover | Meet Jessie Gaither

Jessie Gaither, an 11th grade student at Pittsburgh Westinghouse, embodies what it means to be Future-Ready. A high honor roll student, African American CAS Executive Committee Scholar, and proud cheerleader, Jessie believes her school is more than a place to learn—it's a family whose bonds continue long after graduation through its strong alumni community.

Beyond the classroom, Jessie is committed to serving others as a little league coach, a Young Adult Ambassador at her church, and a talented poet who uses her words to inspire and connect with others. Through her leadership, academic excellence, and dedication to her community, Jessie is helping build a brighter future for herself and those around her.

Back-to-School Forms are Now Available in the Home Access Center (HAC)!

START THE SCHOOL YEAR READY

Complete your child's required Back-to-School Forms quickly and securely through the **Home Access Center (HAC)**. Updating your information helps ensure your child's school has the most accurate contact, health, and emergency information before the first day of school.

LOG IN TODAY

Scan the QR code or visit pghschools.org/HAC to access the Home Access Center and complete by the first day of school.

YOUR FAMILY'S ONE-STOP STUDENT PORTAL

The Home Access Center gives parents and guardians 24/7 access to important student information and allows families to:

- ✓ Complete Back-to-School Forms
- ✓ Download and print report cards
- ✓ View grades
- ✓ Monitor attendance
- ✓ Check class schedules
- ✓ View published assignments and student progress
- ✓ Access transcript grades
- ✓ Communicate with teachers through quick links
- ✓ Access transportation information

Dear Pittsburgh Public Schools Families,

Welcome to the 2026–2027 school year! It is my pleasure to welcome back our returning families and extend a warm greeting to those joining Pittsburgh Public Schools for the first time. We look forward to a year filled with growth and exciting new possibilities as we continue to transform teaching and learning across our District.

Together, we are creating learning environments that better serve our students today while preparing them for tomorrow. Guided by our strategic priorities, we remain committed to ensuring every student has access to high-quality instruction, supportive learning environments, meaningful opportunities, and the resources they need to thrive.

While our schools continue to evolve, one thing remains constant: **our belief that student success is built through strong partnerships.** This year, we are quite literally opening our doors; welcoming families, community organizations, businesses, higher education institutions, faith-based organizations, and volunteers to join us in supporting our students.

By building bridges and strengthening partnerships, **we are creating a community where every child feels seen, supported, valued, and inspired**—a place where every student knows they belong and has every chance to thrive.

As we begin this new chapter, I encourage you to stay engaged, attend school events, connect with your child's teachers, and continue to partner with us throughout the year.

Thank you for choosing Pittsburgh Public Schools. We are excited to welcome you into our schools and look forward to an incredible year ahead.

Yours In Education,

Dr. Wayne N. Walters

Superintendent, Pittsburgh Public Schools

Neighborhood Learning Alliance: Learning Beyond the School Day

From elementary school through high school, Neighborhood Learning Alliance (NLA) helps Pittsburgh Public Schools students discover their potential long after the final bell rings. Through the Little Warriors After School Program, K–5 students build confidence, strengthen academic skills, and develop a sense of belonging in a fun, supportive environment. For older students, High School University (HSU) opens doors to college and career success through paid internships, college credit opportunities, career pathway exploration, industry certifications, guest speakers, job shadowing, and hands-on learning experiences. By connecting students with meaningful opportunities beyond the classroom, NLA is preparing the next generation of leaders to thrive in school, careers, and life.

City Theatre Company: Every Story Has a Stage

City Theatre Company is helping Pittsburgh Public Schools students discover the power of their voices through the art of storytelling. Through the Young Playwrights program, students transform their ideas into original plays while building confidence, creativity, and critical thinking skills. Guided by professional teaching artists, they learn to collaborate, communicate, and explore the issues that matter most to them. Whether writing, performing, or sharing their work, students gain more than theatre experience and they learn that their stories have value and the power to inspire others. By creating spaces where every voice is heard, City Theatre is nurturing the next generation of creative thinkers, leaders, and changemakers.

Homewood Children's Village: It Takes a Village

Homewood Children's Village (HCV) is helping Pittsburgh Public Schools redefine what it means to support the whole child and community. As the District's lead agency partner for Community Schools at three schools, HCV brings together families, educators, and community partners to create a seamless network of support for students. Through academic enrichment, family engagement, mentoring, social-emotional supports, and community partnerships, HCV helps ensure students have the resources they need to succeed both inside and outside the classroom. Guided by the belief that it takes a village, HCV is building stronger schools, stronger families, and stronger communities, creating environments where every student is empowered to learn, grow, and thrive.

HealthCorps: Healthy Students. Stronger Communities.

HealthCorps is helping Pittsburgh Public Schools students build healthier minds, stronger bodies, and brighter futures. Through the Teens Make Health Happen program, students in grades 5–12 learn alongside college mentors who inspire them to lead healthy, balanced lives. From mental health and nutrition to leadership, service, and physical wellness, students gain the confidence and skills to make positive choices for themselves and their communities. Whether organizing wellness events, leading service projects, or encouraging healthy habits, HealthCorps is empowering the next generation of changemakers, proving that healthy students are **Future-Ready students**.

Evolving STEM: Science and Discovery in Action

What if students could experience science the same way real researchers do? That's exactly what EvolvingSTEM makes possible. In partnership with the University of Pittsburgh, EvolvingSTEM brings authentic, hands-on scientific research into Pittsburgh Public Schools classrooms, allowing middle and high school students to observe evolution and natural selection in real time using bacteria. By training science teachers to facilitate these engaging laboratory experiences, EvolvingSTEM empowers students to think critically, ask meaningful questions, and explore the scientific process through discovery—not just textbooks.

Assemble: Where Curiosity Comes to Life

Assemble is helping Pittsburgh Public Schools spark curiosity, creativity and learning without limits. Through free afterschool, Saturday, and summer programs, Pittsburgh Public Schools students explore science, technology, engineering, art, and math (STEAM) in hands-on, engaging ways that build confidence and inspire innovation. From neighborhood classrooms to community spaces across the city through Assemble On the Go, students are encouraged to imagine, create, experiment, and solve real-world challenges. For 15 years, Assemble has empowered young people with accessible, culturally responsive learning experiences that help them discover new passions, strengthen their skills, and see themselves as the innovators, creators, and problem-solvers of tomorrow.

A+ Schools: Every Day Counts

Success starts with showing up. That's why A+ Schools is helping Pittsburgh Public Schools ensure every student has the support they need to attend, engage, and thrive. From reducing chronic absenteeism to strengthening school culture, A+ Schools connects students, families, schools, and community partners to remove barriers to learning. Their impact can be seen across the district, from helping schools significantly improve attendance to supporting resource rooms, food pantries, and data-driven strategies that create safer, more welcoming learning environments. By rallying the community around student success, A+ Schools is proving that when students show up every day, brighter futures follow.

Urban Impact: Transforming Lives, One Student at a Time

For more than 30 years, Urban Impact has been helping Pittsburgh Public Schools and its Northside students build brighter futures through education, mentorship, and meaningful relationships. As a trusted Pittsburgh Public Schools partner, Urban Impact supports students from kindergarten through high school with one-on-one literacy instruction, attendance encouragement, academic support, and college and career readiness. Beyond the classroom, students grow through athletics, performing arts, tutoring, summer programs, and life skills that prepare them for success in school and beyond. By investing in the whole child, academically, socially, emotionally, and spiritually, Urban Impact is empowering thousands of PPS students to reach their full potential and strengthen the communities they call home.

Stay in the Game!: Tackling Student Absenteeism

Showing up is the first step toward success. The Stay in the Game! initiative is helping Pittsburgh Public Schools students overcome barriers to attendance and build the habit of being present every day. A partnership between the Pittsburgh Steelers, A+ Schools, and the Stay in the Game! Attendance Network, this campaign works with eight pilot schools to reduce chronic absenteeism and celebrate students for making attendance a priority. Through encouragement, incentives, and meaningful connections, students are recognized for improved and consistent attendance with experiences like Steelers-themed prizes, special events, player visits, and more. By inspiring students to stay engaged in the classroom, Stay in the Game! is helping create a stronger culture of belonging, achievement, and success—just by showing up!

National Society of Black Engineers Jr.: Inspiring the Next Generation of STEM Leaders

Through the partnership of the Pittsburgh Chapter of The Links, Incorporated, NSBE Jr. is helping Pittsburgh Public Schools students discover their potential as future scientists, engineers, and innovators. Hosted at Lincoln and Woolslair, NSBE Jr. chapters provide students with hands-on STEM experiences, leadership development, and career exploration opportunities that inspire curiosity and confidence. Students engage in monthly activities including experiments, competitions, reading and writing exercises, public speaking, and field trips while developing valuable teamwork and leadership skills through student-led chapter roles. By connecting with STEM professionals and college students from Carnegie Mellon University's NSBE Collegiate chapter, students gain mentors, encouragement, and a clearer pathway toward future success. NSBE Jr. is empowering young minds to imagine, create, and lead in the world of STEM.

McKinney-Vento Homeless Assistant Act

Per the McKinney-Vento Homeless Assistance Act, families without a permanent residence whose child or children lack a fixed, regular, and adequate nighttime residence can receive help to keep their child in Pittsburgh Public Schools, even if they are living outside of the District.

Please contact your child's school immediately if your living situation changes during the school year so your child's education is not interrupted.

Family Math Curriculum Resource

Supporting Your Child's Math Journey Starts at Home

Want to know what your child is learning in math this year? Our Family Math Curriculum Page provides easy-to-use resources to help families understand classroom learning and support student success at home.

- Explore Resources for every grade
- Kindergarten through high school
- Unit-by-unit curriculum overviews
- Family support materials
- Vocabulary and key math concepts
- Activities and strategies to support learning at home
- Helpful resources to build confidence in mathematics

Why Visit?

When families understand what students are learning in class, they can better support homework, encourage mathematical thinking, and celebrate their child's progress. The Pittsburgh Public Schools Family Math Curriculum Page is designed to make math accessible for every family.

Curriculum Resource
Dashboard.

FREE

Online Tutoring with
your Library Card!

Need Help with Homework?

CONNECT WITH A TUTOR FOR FREE!

With your **CardFest** library card, students can access **Tutor.com** for on-demand online tutoring and academic support.

Your Library Card Unlocks Even More!

Use your **CardFest** library card to enjoy:

- Books, magazines, movies and video games
- eBooks, eAudiobooks and eMagazines
- Trusted research resources for reports, projects and assignments
- Test prep and homework help
- RAD Pass for free and discounted admission to regional attractions
- Library programs and welcoming spaces to learn, explore and connect

Pittsburgh Public Schools students already have access!

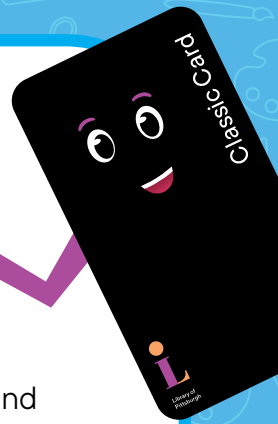

All K–12 Pittsburgh Public Schools students receive a Carnegie Library of Pittsburgh library card through **CardFest**—opening the door to FREE tutoring, homework help, digital resources and so much more.

New to Pittsburgh Public Schools?

Twice a year, students who are new to the District will have their **CardFest** library card mailed directly to their home.

Check out this video created by PPS' very own CTE Entertainment Technology students!
