Pupil Services Department

Jessica Porter, Ed.D., BCBA
Director of Comprehensive
Student Supports

Ms. Marialena Casciotta
Director of Special Education

With the recent updates to the PA School Code of 1949 signed July 2026 by the governor, specifically Section 1426 - Eating Disorder Awareness, schools must make state-developed eating disorder resources available to students and families. Schools must annually post these resources for students in grades 6-12. These resources will help give families/caregivers the tools to prevent eating disorders by helping to identify the signs of eating disorders and connecting their children with resources and support necessary for recovery. The Pennsylvania Department of Education (PDE) in collaboration with the Pennsylvania Department of Health (DOH) will develop age-appropriate resources to provide to school entities across the state. The East Stroudsburg Area School District will provide resources regarding eating disorders awareness once provided by PDE and DOH.
