PUBLISHING OF STUDENT WORK OPT-OUT FORM

Many programs, activities and events taking place in the Christina School District are of interest to the public. Often civic, educational, student and other groups are interested in learning about our students and programs.

In addition, throughout the school year, your child may participate in and/ or create a variety of products or work, including, but not limited to, art, literature, video recordings, sound recordings, photographs and/or computer programs, hereinafter referred to as "student work."

In the past, CSD has used an "opt-in" system for "student work". Starting with the 2024-2025 school year, the District implemented an annual "opt-out" system. This means that unless your student has provided a signed "opt-out" form (below), you authorize the Christina School District to publicize your child's "student work" in various ways, including but not limited to publications, collections, exhibits and displays, and other media productions.

It is also recognized that once the "student work" is released to the public, the School District cannot control how what has been publicized may be used or represented by others and hereby release the Christina School District Board of Education, its members, employees, agents and representatives (hereinafter referred to as the " Releasees") from any and all claims you may have against the Releasees due to the District having publicized or allowed the publicizing of the "student work" as described in this form, and from any and all liability that may arise from publicizing the "student work" or allowing the "student image/work" to be publicized, as described in this form.

Please sign and return the attached form only if you DO NOT want your child's "student work" to be used.
