I. ELEMENTARY SCHOOL CODE OF CONDUCT

September 2026

Dear Parents/Guardians:

The mission of the Bayonne Board of Education is to provide optimum learning opportunities for all students in a safe, secure, inclusive learning environment that fosters personal and interpersonal growth, lifelong learning, and a strong sense of community.

With this vision in mind, the Bayonne Board of Elementary Student Code of Conduct is a vital part of daily student life, supporting a safe and secure learning environment, where inappropriate behavior will not be tolerated. This behavior extends into the home, and we need your help to ensure the success of your child. As a parent/guardian you play an integral part in the success of this plan.

Please ensure that your child gets a good night's rest and is prepared for a rigorous day of learning. A well balanced breakfast, whether eaten at home or in school, provides the nutrition for school. And finally, please make sure your child is in school each day. Good Attendance is a major predictor of future success in high school, college, and career. Making sure your child attends school regularly lets them know the value you place on education and reinforces their understanding that school is important. A missed day is a lost opportunity for students to learn.

We believe in each child's potential, their ability to learn, talents they have to share, and the contributions they can make to our schools, community and to our future as a nation. By working together each day, we can make a difference in the life of your child. Together, we really do achieve more!

Sincerely,

John J. Niesz

Superintendent

Bayonne Board of Education

IV. Attendance

In order for the Bayonne school district to fulfill its responsibility for providing a thorough and efficient education for each student, the complete cooperation of parents/guardians and students is required to maintain a high level of school attendance.

The frequent absence of students from classroom learning experiences disrupts the continuity of the instructional process and limits the ability of students to complete the prescribed curriculum requirements successfully.

- Student absences must be immediately reported to the main office, homeroom teacher, and/or school nurse.
- Students are responsible for all missed work due to absence. Parents/guardians are encouraged to reach out to the classroom teachers for missed assignments.
- Parents/guardians will be notified of student absences via recorded message.
- Parents/guardians will be notified of cumulative absences via formal letter which must be signed and returned to the homeroom teacher. Notifications will be sent on the following absences: 4th, 8th, and 10th.

- In an attempt to improve patterns of poor attendance, the following actions may be implemented by school administration; enlisting the assistance of the attendance officer, holding an attendance hearing, and/or recommending court proceedings. *An elementary student may be retained at grade level, in accordance with Policy 5410, when the student has been absent 10% of days in membership NOT excused (number, fraction, or percentage) or more school days, whatever the reason for the absence, except that absences for the observance of a religious holiday, absences for those excused in accordance with the reporting requirements of the school register, and absences due to student's suspension will not count toward the total (District Attendance Regulation R-5200 ~ Attendance, August 2026).*

In order for students to learn and achieve to their fullest potential, it is critical for students to be in attendance for the duration of the school day.

- Any child arriving at school after 8:40 a.m. will be marked tardy. No pupil shall be permitted to leave the school before the close of the school day unless written authorization has been made by parent/guardian in advance. School personnel must verify the identity of the parent/guardian making the authorization. School personnel must make a copy of the photo ID of the person authorized to pick up the student.

The instructional day begins at 8:40 a.m. Consistent lateness negatively impacts the instructional day for a child. The first ten minutes of the day is a crucial organizational time that allows a child to have a sense of preparedness, have school breakfast if needed, and sets the tone for the morning. Parents are encouraged to develop a morning routine that provides a child with sufficient time to dress and arrive at school in a timely fashion. Chronic tardiness will require a parent conference.

The compulsory education law (*N.J.S.A.* 18A:38-28 through 31) requires all children between the ages of 6-16 to attend school. The attendance regulations (*N.J.A.C.* 6A:16-7.6), require each district board of education to develop, adopt and implement policies and procedures regarding the attendance of students, including the adoption of a definition of "unexcused absence" that counts towards truancy (NJDOE, 2019).

Time Schedule

Grade Level	Full Day	Early Dismissal	Delayed Opening

V. Rules and Consequences

Students will contribute to maintaining a school environment that promotes learning. It is important that all students and parents understand the rights to which all students are entitled and the consequences of any type of behavior which may deny others of those rights or that may disrupt the learning process. It is our belief that by explaining student rights and responsibilities, our students will develop improved self-control, a sense of responsibility, and a regard for the rights of others.

Restorative Practices:

Restorative practices are approaches that seek to proactively build community to prevent problems from arising and use dialogue, not just punishment, when problems do occur. Restorative practices are helpful for creating a respectful classroom, developing rapport with students, managing conflicts, establishing routines and expectations for positive student behavior, and more.

Restorative practices can include:

- Conflict resolution
- Use of “I Statements”
- Community building time
- Conferences
- Peer mediation
- Reiteration of school rules and consequences
- School counselor interventions

For students with disabilities, behavior interventions and supports shall be determined and provided by *N.J.A.C. 6A:14*.

All behavioral supports, interventions, and character-building initiatives within the Bayonne School District follow the New Jersey Tiered System of Supports (NJTSS) model. This multi-tiered framework ensures that every student receives proactive, evidence-based behavioral support tailored to their needs - ranging from universal classroom expectations (Tier 1) to targeted small-group guidance (Tier 2) and intensive individualized plans (Tier 3). Through close collaboration among staff, students, and families, we remain committed to fostering a safe, respectful, and supportive environment for learning.

All rules and consequences are directly aligned with board policies, including Policy 5500 (Expectations for Student Conduct), Policy 5550 (Disaffected Students), Policy 5560 (Disruptive Students), and Policy 5600 (Student Discipline/Code of Conduct).

Below is a chart of grade level discipline codes to be implemented by school personnel in response to violations of behavioral expectations. These behavioral expectations and school responses include, but are not limited to:

Grade PreK-2 Discipline Code: Teacher Responsibility Discipline at a Glance Action Steps	
Classroom teachers shall infuse positive reinforcement in the classroom (i.e: use of praise, system of rewards, redirection and opportunities to earn privileges).	
As needed, the following additional steps will be taken:	
1.	Implementation of Restorative Practices
2.	Parent Contact
3.	Parent Conference
4.	Behavior Intervention Conference (to Include Other Necessary District Personnel)

Students in grades pre-kindergarten through grade two:

- Shall not receive an out-of-school suspension, except when the suspension is based on conduct that is of a violent or sexual nature and endangers others.
- Shall not be expelled from school, except as provided pursuant to the “Zero Tolerance for Guns Act,” P.L. 1995, c. 127
- May receive loss of privileges for failure to adhere to behavioral interventions.

Refer to Public Law, 2016, *Chapter 45*; 18A:37-2c for additional details.

These lists contain a multitude of infractions, violations of school policy, and generally unacceptable behavior. It does not, however, limit disciplinary measures to only those situations listed.

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. The Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); resource family parent(s); or parent surrogate(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

B. Definition of Harassment, Intimidation, or Bullying

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student’s property, or placing a student in

reasonable fear of physical or emotional harm to their person or damage to their property; or

- b. Has the effect of insulting or demeaning any student or group of students; or
- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

The Board recognizes that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Recognizing “a real or perceived power imbalance” may assist school officials in identifying harassment, intimidation, or bullying within the context and relative positions of the alleged aggressor and target.

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or remotely activating paging device (N.J.A.C. 6A:16-1.3).

In accordance with the Board of Education's Code of Student Conduct and this Policy, all acts of harassment, intimidation, or bullying that occur off school grounds, such as “cyber-bullying” (e.g., the use of electronic means to harass, intimidate, or bully) is addressed in this Policy.

C. Student Behavior

The Board of Education expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities, with a proper regard

POLICY GUIDE

PUPILS

Harassment, Intimidation, and Bullying

M

for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers, and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities for helping students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, or bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority);

M

2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, school employees, volunteers, students, and community representatives, in the development of this Policy.

Pursuant to N.J.A.C. 6A:16-7.1, the Board developed guidelines for student conduct, taking into consideration the nature of the behavior; the nature of the student's disability, if any and to the extent relevant; the developmental ages of students; severity of the offenses and students' histories of inappropriate behaviors; and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent shall annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. The school district will support students who:

M

1. Walk away from acts of harassment, intimidation, or bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, or bullying to the designated school staff member.

D. Consequences and Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

In every incident found to be harassment, intimidation, or bullying, the school Principal, in consultation with appropriate school staff, may apply disciplinary consequences and/or remedial actions, such as the provision of counseling, behavioral interventions, or other measures.

Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses; consider the developmental ages of the student offenders; the nature of the student's disability, if any and to the extent relevant; and students' histories of inappropriate behaviors, per the Code of Student Conduct and N.J.A.C. 6A:16-7.

E. Reporting Harassment, Intimidation, or Bullying

The Board of Education requires the Principal at each school to be responsible for receiving all complaints alleging harassment, intimidation, or bullying committed by an adult or youth against a student. All Board members, school employees, and volunteers and contracted service providers who have contact with students, are required to verbally report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and contracted service providers who have contact with students, also shall submit a New Jersey Department of Education-approved HIB 338 Form to the Principal within two school days of the verbal report. Failure to make the required report(s) may result in disciplinary action. The HIB 338 Form shall be kept on file at the school, but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal Law.

The district may not fail to initiate an investigation of harassment, intimidation, or bullying solely because written documentation was not provided. Failing to conduct a harassment, intimidation, or bullying investigation solely because a parent or student

did not submit written documentation violates the Anti-Bullying Bill of Rights Act and this Policy. If a parent makes a verbal allegation of harassment, intimidation, or bullying to a district staff member, but does not complete and submit the HIB 338 Form, the staff member or a designee must complete and submit the HIB 338 Form.

The Principal or designee is required to inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. Pursuant to N.J.A.C. 6A:16-7.7(a)2.viii.(2), when providing notification to the parents of all students involved, the Principal or designee shall take into account the circumstances of the incident when conveying the nature of the incident, including the actual or perceived category motivating the alleged offense. The Principal or designee shall keep a written record of the date, time, and manner of notification to the parents.

The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. The school district shall provide a person an online means to complete the HIB 338 Form to anonymously report an act of harassment, intimidation, or bullying. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with

the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The Principal shall promptly submit a copy of each completed HIB 338 Form to the Superintendent.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, in addition to making the HIB 338 Form available online, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, or bullying or who determines a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14 and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action. The district also should consider procedures and disciplinary action when it is found that someone had information regarding a harassment, intimidation, or bullying incident, but did not make the required report(s).

F. Anti-Bullying Coordinator, Anti-Bullying Specialist, and School Safety/School Climate Team(s)

1. The Superintendent shall appoint a district Anti-Bullying Coordinator. The Superintendent shall make every effort to appoint an employee of the school district to this position.

through the Board's Code of Student Conduct policy. The HIB 338 Form shall be completed, even if a preliminary determination is made not to conduct an investigation of harassment, intimidation, or bullying because the reported incident or complaint is a report outside the scope of the definition of harassment, intimidation, or bullying, and must be submitted to the Superintendent. The investigation shall be initiated by the Principal or designee within one school day of the verbal report of the incident. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school anti-bullying specialist or the Principal shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). At the hearing, the Board may hear testimony from and consider information provided by the school anti-bullying specialist and others, as appropriate, regarding the alleged incident; the findings from the investigation of the alleged incident; recommendations for consequences or services; and any programs instituted to reduce such incidents, prior to rendering a determination.

A school administrator who receives a report of harassment, intimidation, or bullying and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The Board also requires the thorough investigation of complaints or reports of harassment, intimidation, or bullying, occurring on district school buses, at district school-sponsored functions, and off school grounds involving a student who attends an approved private school for students with disabilities. H. Responding to Harassment, Intimidation, or Bullying

POLICY GUIDE

BAYONNE BOARD OF EDUCATION

PUPILS

Harassment, Intimidation, and Bullying

M

The Board of Education authorizes the Principal of each school to define the range of ways in which school staff will respond once an incident of harassment, intimidation, or bullying is confirmed, and the Superintendent shall respond to confirmed harassment, intimidation, or bullying, according to the parameters described below and in this Policy. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring that the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions.

In considering whether a response beyond the individual is appropriate, school officials shall consider the nature and circumstances of the act; the degree of harm; the nature and severity of the behavior; past incidences or past or continuing patterns of behavior; and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based harassment, intimidation, or bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the school's response to the actions, in the context of the acceptable student and staff member behavior and the consequences of such actions, and to the involvement of law enforcement officers, including safe schools resource officers.

This Policy and the Code of Student Conduct shall apply to instances when a school employee is made aware of alleged harassment, intimidation, or bullying occurring off school grounds.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) and punitive actions (e.g., detention, in-school or out-of-school suspension, expulsion, law enforcement report or other legal action).
2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays, research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, parent programs, and information disseminated to students and parents, such as fact sheets or newsletters explaining acceptable uses of electronic and wireless communication devices or strategies for fostering expected student behavior.
4. District-wide responses can include community involvement in policy review and development; professional development programs; adoption of curricular and school-wide programs, coordination with community-based organizations (e.g.,

- Counseling;
- Teacher Aides;
- Hallway and playground monitors;
- Schedule changes;
- Before and after school supervision;
- School transportation supervision;
- School transfers; and
- Therapy.

I. Reprisal or Retaliation

The Board of Education prohibits a Board member, school employee, contracted service provider who has contact with students, school volunteer, or student from engaging in reprisal, retaliation, or false accusation against a victim, witness, or any other person who has reliable information about an act of harassment, intimidation, or bullying or who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures.

XIII. Visitor Admissions Policy

In order to safeguard the children in our care and to protect the interests of all those who work in the school we have a policy for the admission and management of visitors to the building. It is most important that only those people who need to have access to the building are allowed to enter and that the reason for their visit and their identity is checked before they are allowed to enter the building.

To ease your visit to the school, it is required that you notify the main office prior to your arrival. By notifying the office, your visit will be logged in our visitor appointment book. When you arrive and ring the bell, you will be asked the purpose of your visit. You will notify a staff member your purpose for the visit and it will be cross referenced with our visitor appointment book.

Parents and guardians will be denied access to buildings during drop off and pick up times. Arrival time for drop off is 8:40 A.M. However, if your child is in Before Care, arrival time is 7:25 A.M.

All non-emergent visitors must notify the school prior to arrival to get authorization for visits. The authorization will come from the building principal or his/her designee. We suggest that you store the school's phone number in your cell phone.

If you have been granted access to the building, you are required to report directly to the main office where you will sign in and document your purpose of visiting. You will also be provided with a visitor's pass if necessary.

Visitors that arrive at the school without notification will be denied access to the school until their purpose can be verified or a staff member is available to meet the visitor at the door.

All visitors will be required to present a Driver's License or alternate proof of photo identification which will be secured in the main office until their exit from the facility.

We seek your cooperation with our policies and ask that you sign and return the Bayonne Board of Education **POLICY MANUAL ACKNOWLEDGEMENT** form located on the last page of this manual and return it to your child's teacher. Please keep the rest of the manual for your reference.
