CAFETERIA

The Whitehall City Schools are committed to providing nutritious meals daily. All cafeteria meals must meet USDA nutritional standards. Therefore, students are not permitted to bring non-nutritious foods such as sodas.

Students with dietary restrictions must provide medical authorization for nutritional modifications.

We urge all students to use the cafeteria as it is intended. Students are expected to use good table manners and positive behavior at all times. Disruptions and behavior that are not within school behavioral guidelines will not be tolerated. Students are expected to clear the table where they have eaten and exit the cafeteria in an orderly fashion. Food and drinks are not permitted outside the cafeteria at any time.

The school has a closed campus for lunch. Children will not be sent home for lunch. If you want your child to come home for lunch, you must come to the office and sign your child out. This is for your child's safety.

Breakfast and lunches are free for all students. Breakfast is served in the cafeteria 25 minutes prior to the opening of school. **Adult lunches are \$4.00.** Extra milk is .50 cents. Menus are posted in each classroom and are published.

At the beginning of each school year, or at the time of enrollment, parents are responsible for communicating any special dietary needs or food allergies, to the school. Substitutions for medical reasons to regular school meals can be made for students when that need is certified, in writing, by the student's physician.

Parents who wish to eat lunch with their child at school may be asked to eat with their child in an alternate location. Parents are discouraged from bringing in purchased fast food for their children. If parents choose to do so, they may only bring in food for their own children.

Board Policy EF, EFB

CELEBRATIONS

Please refrain from sending balloons, gifts, or cards to your child at school. If you send food or a treat, it must be store-bought and pre packaged. Teachers can not cut or distribute cake. Treats will be distributed at lunch time, not during class time. Please coordinate this ahead of time with the classroom teacher.

CHANGES IN INFORMATION

If you experience changes throughout the year in telephone numbers, address, place of employment, or emergency notification, you must contact the school office immediately. It is imperative that your child's information is up-to-date. Updated information is especially important in case of illness or injury. It is your responsibility to make sure your information is up to date in Infinite Campus. If you need assistance with this, please contact your school building.

CODE OF CONDUCT

Computers are accessible to students for their use during the school year. Your child is responsible for the appropriate use of computers. If your child damages a computer, you are responsible to pay for the replacement or repair.

FIRE DRILLS

(See Emergency Procedures)

HEAD LICE (PEDICULOSIS)

There are occasional cases of head lice within our student population. This can happen in any institution where people come in close contact with one another. Parents will be given information on the treatment and follow-up for head lice. Immediate treatment is essential to control this condition. If a student has been identified as having live lice on 3 or more occurrences, it will be considered chronic and at that time a meeting between the parent, school nurse, social worker and anyone else that it pertains to will be called. At the meeting a plan will be set up to help the family eradicate the lice infestation.

ILLNESS OR INJURY AT SCHOOL

In the event of serious illness or injury, emergency medical services will be called. Attempts will be made to contact a child's parents when serious illness or injury occurs at school.

Please keep your school informed if you change your place of employment, your sitter, or any of your emergency contacts. Ill or injured elementary students will not be sent home alone.

At Whitehall City Schools, we take the health and well-being of our students seriously. The goal of the nursing staff is to keep students healthy and in school. There are occasions when students will be sent home or asked to remain out of school. These include:

- Vomiting – A student will be sent home and may return to school once he or she has been free from vomiting for 24 hours without the use of medication or with a physician's note deeming the student is not contagious. Exceptions are made for students with a related documented medical condition on file.
- Diarrhea – A student will be sent home if he or she is complaining of persistent diarrhea and may return after the student has been free from diarrhea for 24 hours without the use of medication, or with a physician's note deeming the student is not contagious. Exceptions are made for students with a related documented medical condition on file.
- Fevers – A student will be sent home with a temperature of 100.4 or higher. A student may return when he or she is fever free for 24 hours without the use of fever-reducing medication (Tylenol and Ibuprofen).
- Any symptoms/illness that significantly impairs a student's ability to learn at the discretion of the nursing staff.

Parents will be asked to pick up students that are displaying any of the above symptoms. The nursing staff advises having back-up plans for sick students and updated contact information in Infinite Campus. If a student is displaying any of the above symptoms prior to the start of the school day, please call and speak to your students' nursing team member for directions. If there are any questions regarding these procedures, please reach out to your students' nursing team members.

IMMUNIZATION

Students eligible for kindergarten and students new to the district must present written evidence of immunizations, or written evidence to indicate that they are in the process of receiving such immunizations. These should be completed no later than the day of entrance. Students failing to complete such immunizations within 14 days after entering are not permitted to return to school.

INHALERS FOR ASTHMA

Children who require asthma inhalers are now allowed to carry them at school. In order to do so, the school must receive the written permission of the parent and the written approval of the child's physician.

HB 121 (See Medical Form in appendix.)

LOST AND FOUND

Students finding items at school should place them in the Lost and Found where the owner can claim them. Students losing items should check the Lost and Found frequently when attempting to find a lost item. Parents/guardians are encouraged to mark coats, jackets, hats, boots, lunch boxes, etc. with the student's name. Unclaimed items will be given to a charitable organization after a reasonable length of time. The school is not responsible for lost or stolen items.

LUNCHES

(See Cafeteria)

MEDICATION POLICY

All prescription and over-the-counter medications can only be administered when the Whitehall City Schools medication form is completed and signed by the parent/guardian and the child's physician.

All medication must be in the original container with the original prescription label intact.

PHYSICAL RESTRAINT/REDIRECTION OF A CHILD

A student may need to be physically redirected or restrained in order to prevent them from harming themselves or others. Staff members may use prudent judgment when the need arises to touch a student who is creating a safety problem.

PLAYGROUND RULES

- All students are to remain in the designated supervised area.
- Hazardous games or activities are not permitted.
- Once outside, students will remain outside until recess ends or a teacher instructs otherwise.
- Horseplay or throwing of dangerous objects will not be tolerated.
- No play fighting is allowed. If it looks like fighting, it's fighting, and must be stopped.
- Tackle and wrestling type activities are not permitted.

PARENT/TEACHER ORGANIZATION

Our Parent teacher organizations have shown excellent support for our school by providing classroom parties, fund-raising projects, scholarship programs and a multitude of other activities. You are encouraged to join and support the parent/teacher groups.

PROMOTION/RETENTION

By law any student who has been truant for ten percent or more of the days school is in session cannot be promoted unless the principal and teacher agree that the student is academically prepared to proceed to the next grade. State of Ohio law requires students to attend school ninety percent of the day's school is in session.

Board Policy IKE, ORC 3313.609

Due to the state law referred to as Third Grade Reading Guarantee, a student must meet the promotion benchmark on the 3rd Grade English Language Arts Assessment. If a student does not reach that score, the student may still move on to fourth grade if he/she qualifies for a retention exemption, per ODE guidelines. If the student is not eligible for an exemption, but the student can demonstrate reading proficiency on the state assessment by the end of the summer, the student will be promoted to the fourth grade. If the student does not demonstrate proficiency in reading during the summer on a state approved assessment, then the student will be considered a retained student. The student will enter the third grade for the second time. Any promotion after the start of the school year, even as early as September, would be considered a mid-year promotion. (www.ode.state.oh.us)

ARRIVAL/DISMISSAL/RECESS WEATHER POLICY

Please dress your child for the weather. All children will be expected to go outside for arrival/dismissal/recess unless a doctor's note is provided. However, if the wind chill

temperature is below 25 degrees Fahrenheit arrival/dismissal/ recess may be held indoors.

RECORDS, ACCESS TO STUDENT

Parents, legal guardians, and school personnel are the only persons permitted access to your child's records unless a signed release from the parent or legal guardian is secured.

REPORT CARDS AND TEACHER CONFERENCES

An excellent way of understanding your child's progress is by meeting with your child's teachers. The district schedules parent-teacher conferences twice a year. The teaching staff always encourages parent-teacher communication and will schedule conferences for parents as needed.

Progress reports are published on the Parent Portal 4 times per year for elementary school students. As a rule, reports are published one week after the end of the grading period. Student achievement in grades Kindergarten through Four will be reported in terms of Proficient, Basic, or Limited. Fifth grade students receive traditional letter grades.

Academic success is a result of several factors, including school attendance, positive school attitude, class participation, and test performance.

Students are not permitted to call home for band instruments, P.E. clothes, homework, etc. Students are not allowed to receive phone calls at school. Should you need to reach your child, please call the school office and we will get a message to the student. ***Board Policy JFCK***

DISTRICT INFORMATION

Policies, Forms, and Expectations

DISTRICT STUDENT ATTENDANCE & DISMISSAL POLICY

Absences and Excuses (Board Policy: JED)

Regular attendance by all students is very important. In many cases, irregular attendance is—the major reason for poor schoolwork; therefore, all students are urged to make appointments, do personal errands, etc., outside of school hours. Work missed through absences is difficult to make up. There is no substitute for the actual participation in the daily classroom discussion and work.

Medically Excused Absences

Reasons for which students may be medically excused include, but are not limited to:

- Personal illness of the student.
- Illness in the student's family requires the presence of the child.
- Quarantine for contagious disease.
- Emergency or other set of circumstances in which the judgment of the Superintendent constitutes a good and sufficient cause for absence from school, which may include, but not be limited to, absences due to documented medical, behavioral, or dental appointments.

Non-Medically Excused Absences

Reasons for which students may be non-medically excused include, but are not limited to:

- Needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved in advance by the Superintendent (applies to students over 14 years of age only when all statutory obligations have been met for such excusal).
- Death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence).
- Observance of religious holidays is consistent with the truly held religious beliefs of the student or the student's family.
- Traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours).

- College visitation.
- **Career and Workforce Technical Exploration (HB 98 Compliance):** Job interviews, vocational assessments, or formal presentations/interviews with career-technical education programs or certified skilled trade representatives.
- **Military Enlistment & Support (HB 98 Compliance):** Pre-enlistment reporting, processing at a military enlistment processing station, or absences of a student of a military family for purposes of visiting their parent, legal guardian, or custodian who is an active duty member of the uniformed services called to duty, on leave from, or immediately returned from deployment.
- Absences due to a student's placement in foster care, change in foster care placement, or any court proceedings related to their foster care status.
- Absences due to a student being homeless.
- Other reasons, as determined by the Superintendent.

Attendance Reporting & Absence Procedures

Daily Absence Notification

If a child is absent, parents are required to call the school before 9:00 a.m. to inform the staff of the child's absence. School telephone numbers are listed after the cover page. A message can be left on voicemail, as it is checked regularly.

The District makes an attempt to contact the parent, guardian, or other person having care of a student who has not notified the school of the student's absence that day regarding that student's absence without a legitimate excuse **within 120 minutes of the start of the school day**. The Board authorizes the Superintendent to determine and use the appropriate notification procedure and methods consistent with State law.

Return to School

Parents shall send a note explaining the absence to the child's teacher when the child returns to school. In that note, parents should state if the child is contagious or needs special attention. Notes provide necessary attendance documentation for the building staff.

Each absent student must immediately, upon return to school, make arrangements with his/her teacher(s) to make up for missed work. Students who are absent from school for reasons not permitted by State law may or may not be permitted to make up work; each case is considered on its merits by the principal and the respective teacher(s). Students who are absent due to an in-school or out-of-school suspension are permitted to make up missed classroom assignments in accordance with District-level policies and procedures.

Family Vacations

The Board does not believe that students should be excused from school for vacations or other non-emergency trips. The responsibility for such absences resides with the parent(s), and they must not expect any work missed by their child to be retaught by the teacher. If the school is notified in advance of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent.

Driving Privileges Suspension

The Board authorizes the Superintendent to establish a hearing and notification procedure for the purpose of denying a student's driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than 60 consecutive hours during a school month or a total of at least 90 hours during a school year.

District Absence Intervention Strategies

The district will use a continuum of strategies to reduce student absence, including, but not limited to:

- Notification of student absences to the parent and guardian.
- Development and implementation of an absence intervention plan, which may include supportive services for students and families.
- Counseling.
- Parent education and parenting programs.
- Mediation.
- Intervention programs available through juvenile authorities.
- Referrals for truancy, if applicable.

Truancy and Chronic Absenteeism

Habitual Truancy

A student is legally classified as a habitual truant when they miss school **strictly without a legitimate excuse**. Triggering this tier requires the school to form an Absence Intervention Team with the family within 7 to 10 days to build a formal, mandatory attendance correction plan. Under state law, uniform access opportunities for armed forces recruiters, certified skilled trades, or vocational programs cannot be coded as unexcused.

- **Consecutive Track:** Absent **30 or more consecutive hours** without a legitimate excuse.
- **Monthly Track:** Absent **42 or more hours** in one school month without a legitimate excuse.
- **Annual Track:** Absent **72 or more hours** in one school year without a legitimate excuse.

Chronic Absenteeism

A student is considered chronically absent if they miss **10% or more of the school year** for any reason (excused or unexcused). This metric serves as an overarching indicator of academic risk and is a key benchmark used by the administration when evaluating long-term student development, intervention success, and class retention decisions.

Illness Accommodation Protocols

Multi-Day Illness

If a student is anticipated to be absent for multiple days, it is the parent's responsibility to contact the school for daily assignments.

- Parents must give teachers a **24-hour notice** to prepare homework assignments for ill children.
- Teachers will select assignments that should be made up and how much review and remedial work will be required.
- Parents are encouraged to help with directions and give examples, but all work must be done independently.

Extended Illness/Recovery (Virtual Home Instruction)

If a student requires an extended period of absence due to chronic illness or the need to recover from an injury or surgery, the district can provide virtual home instruction to assist the student in staying current with school work.

A letter from a medical professional is **REQUIRED**. The letter must include a general description of the condition making home instruction necessary and an estimated date of return to school. To initiate this process, please contact the Special Services office at **(614) 417-5013**.

School Day Arrival & Dismissal Routines

Arrival Safety

Students should not arrive at school before the start of breakfast. Teachers and staff are not on duty prior to this time, and there will be no adult supervision. If a child arrives after the official start of the school day, he/she must report directly to the main office to sign in before going to the classroom.

General Dismissal

Children are expected to leave the building and school grounds immediately upon dismissal. It is important for our students to follow the routine upon dismissal. Please ensure that your child is picked up at the appropriate dismissal time. Be sure to communicate all routine dismissal information to your child's teacher in writing.

Early Sign-Outs

If it is necessary for a child to leave school before dismissal time, a written note must be sent in advance, and an authorized adult must sign the student out through the main office. Please do not interrupt your child's class by going directly to the classroom.

Emergency Dismissal Changes

We understand that emergencies happen and changes to dismissal routines may be needed, however rare. If your child is to be dismissed differently for the day, please send written communication of the change to your child's teacher.

If there is an emergency change to your child's dismissal and you are unable to send written documentation, you must call the main office as soon as possible and **no later than one hour prior to that building's specific school dismissal time** (e.g., 1:55 p.m. for Beechwood, 2:15 p.m. for Etna, 2:35 p.m. for Kae Avenue). The district may not be able to accommodate or safely execute dismissal modifications for students with less than one hour's notice.

Building-Specific Scheduling Addendums

High School Exceptions: Early Release and Late Start

Students at the High School level may be granted an early release or late start in their daily schedule based on course tracks and credit fulfillment.

- **Academic Standing Requirement:** This scheduling flexibility is a privilege, not a right. If a student utilizing either option begins to fail a class, the early release or late start option may be immediately removed from their schedule.
- **Building Clearance:** Students who are granted early release must exit the school building immediately following their last scheduled class bell.

STUDENT CODE OF CONDUCT

Whitehall City School District (WCS) celebrates and rewards the RAMS Way with respectful, accountable, motivated and safe behavior within its schools. We believe that when students are aware of what is expected of them, the great majority of our students will make wise choices. Per the Ohio Department of Education, WCS has established a PBIS Plan (Positive Behavior Interventions and Support). We believe all students can learn and grow from mistakes. When behavior doesn't meet expectations, our focus is on reteaching, repairing harm, and restoring relationships so learning can continue safely for everyone. The Whitehall City Schools Student Code of Conduct serves as a guide for students, families, and staff to learn District expectations. The examples of offenses listed in the WCS Code of Conduct are not intended to provide a complete list of offenses that may result in disciplinary action. Any act that disrupts learning and threatens the order, the safety of students, and/or the school environment will be considered for disciplinary action.

Student Rules of Conduct First Warning

Your acknowledgment of these rules constitutes a first warning. You will be given no further warnings. It is your responsibility to familiarize yourself with these rules and the consequences of violating them. The rules herein apply to all students when on all school premises, at all school-sponsored activities, and when aboard a school bus or other Board-owned vehicle. The application of policies in this handbook applies to all Whitehall City Schools activities.

Availability of Board of Education Policies

The Board of Education has established policies and procedures that pertain to students, staff, and school operations. These policies and procedures can be found via links on the District website.

Notice of Language Assistance

Whitehall City Schools will take reasonable steps to ensure that persons with Limited English Proficiency (LEP) have meaningful access and an equal opportunity to participate in all services, activities, and programs available throughout the district. It is the policy of WCS to ensure meaningful communication with LEP students and families and to communicate information related to the education of all students. All services needed to comply with this policy will be provided for students and their families in need of such assistance free of charge. For assistance, please call 614-417-5000.

Rights of Students and Parents/Guardians

In public schools, parents/guardians and students have certain rights given by federal and state laws and Board of Education policies. Nevertheless, the individual rights of students will be weighed against the safety and welfare of the majority of students in the schools.

Whitehall City Schools believes that:

- Students have the right to learn.
- Students have the right to feel safe.
- Students have the right to be treated fairly.
- Students have the right to respectfully express their thoughts, feelings, and opinions.
- Students have the right to feel valued & affirmed.
- Students have the right to learn and grow from their mistakes.
- Students have the right to be engaged & involved in their own learning.

Due Process of Law

As a WCS student and parent/guardian, you have the right to due process of the law. Before a student is suspended, the student has the right to receive written notice of the reason for the intended suspension and has an opportunity for an informal hearing. Before a student is expelled, the student and the parent/guardian, have the right to receive written notice of the reason for the proposed expulsion and have an opportunity for an informal hearing before the Superintendent or Designee.

School's Right to Search

Lockers are assigned to students for their personal belongings, but are considered school property. Sharing of lockers is prohibited. The locker and its contents may be searched at the Administrator's discretion. All lockers must be locked.

Lockers, desks, and any storage place provided for student use is, and remains at all times, property of the Whitehall City School Board of Education. These areas and the contents therein are subject to search at any time, pursuant to board policy. Students' vehicles at school or at a school function may also be searched pursuant to board policy. The regulation also applies to the use of any school district equipment including furniture, computers, and related accessories. The Board also authorizes the use of devices and canines trained in detecting the presence of drugs when the Administration has reasonable suspicion that illegal drugs or devices may be present in a school.

There are certain circumstances in which school officials may be authorized to conduct a search of a student or a student's personal property based on individualized reasonable suspicion. School officials may conduct a search of a student's person or property if they have reasonable suspicion that the search will turn up evidence that the student has violated or is violating the law or school rules and regulations.

Rights and Responsibilities of Students

Students have the right to learn, feel safe, and be treated fairly — and the responsibility to help others feel the same. As a WCS Student, you have the responsibility:

- To know and follow the rules and regulations of Whitehall City Schools;

- To do your part to create a positive environment at your school by working toward academic excellence, striving for perfect attendance, and participating in school activities;
- To respect the dignity and worth of yourself, your fellow students, your teachers, and the school staff;
- To respect the authority of teachers, school administrators, and other authorized personnel in maintaining discipline;
- To behave in a way that does not disrupt the educational process or lead to physical or emotional harm;
- To learn problem-solving skills to effectively handle conflict situations in an effort to avoid disrespectful and harmful behaviors.

STUDENTS ARE PERSONALLY AND SOLELY RESPONSIBLE FOR THE CARE AND SECURITY OF THEIR PERSONAL BELONGINGS AND THE SCHOOL ITEMS ISSUED TO THEM. THE WHITEHALL CITY SCHOOL DISTRICT AND BOARD OF EDUCATION ASSUME NO RESPONSIBILITY FOR THE LOSS, THEFT, DAMAGE, OR VANDALISM OF A STUDENT'S PERSONAL OR SCHOOL-ISSUED PROPERTY.

Consequences and Strategies to Correct Behavior

All students have the right to learn. No student has the right to disrupt the learning activities of others. The safety and security of your child is our highest priority. We are committed to providing a safe learning environment. Our staff is committed to teaching and reinforcing positive behavior, providing corrective instruction when expectations are not met. Responses to behavior are designed to support learning and growth and may vary based on a student's age, grade level, individual needs, students with disabilities, history, and the nature or seriousness of the behavior.

Each building establishes its own school-wide PBIS Plan that includes activities for teaching and encouraging expected behaviors. The school principal and staff communicate the school-wide PBIS Plan to parents/guardians and students on an annual basis, as well as to new student enrollees.

Extra-Curricular Code of Conduct

The most important goal of the WCS District extra-curricular program is to provide every participant the opportunity to grow mentally, morally, physically, and emotionally, and to further provide for the safety, health, and welfare of the participant. It must be remembered that participation in extra-curricular activities is not a right but a privilege that may be regulated. Therefore, all students who participate in interscholastic athletics or other extra-curricular activities at any time must meet the WCS Code of Conduct and the conditions that apply which are outlined in this manual.

Behavioral Intervention Strategies in our District

An intervention strategy is an action designed to help a student overcome academic and/or behavioral barriers to learning. School personnel will use intervention strategies to help prevent or reduce negative behaviors. This list is not inclusive of all interventions that a team or administrator may decide to provide for a student.

1. Parent/Guardian Contact/Conference

Notification and a conference with the parent(s)/guardian(s) should take place regarding the student's behavior for disciplinary actions.

2. School-Based Behavioral Interventions

Examples of interventions include strategies such as the creation of a behavioral contract with the student, participation in anger management training, loss of privilege, office time-out, loss of recess, re-teaching the behavioral expectation, referral to a school counselor, referral to the school's health lab, other support services, and development of a community service plan or a behavior improvement program/plan.

3. Detention/Behavior Intervention

A student may be required to stay after school or be assigned to lunch detention as a consequence of their behavior. The detention may include lessons in behavior management created to help a student learn problem-solving skills that will lead them to make positive choices.

4. Emergency Removal

Exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an ongoing threat of disrupting the educational process provided by the District. The emergency removal may be for part of a day and does not count toward suspension days.

5. In-School Suspension

Reassignment of the student from the classroom to an alternative setting will take place. Students assigned to in-school suspension will be excluded from extracurricular activities until the next school day following the completion of their suspension.

6. Out-of-School Suspension

Removal of a student from school for a period of one to ten days will be decided based upon the level of offense. While students are suspended from school, they may have the opportunity to work on class assignments. During the suspension, students are not permitted to participate in extracurricular activities, be on any school property, or ride in any school bus/vehicle. Appeal procedures are available at any school building upon request and are included in the notice of suspension. Classwork will be provided when the outcome decided upon is an out-of-school

suspension. Students in kindergarten through third grade will receive out-of-school discipline aligned with the current laws of the State of Ohio.

7. Expulsion

Removal of a student from school for a period of eleven school days to one calendar year will occur based upon the severity of the offense. Students expelled from the district are not permitted to participate in extracurricular activities, be on any school property, or ride in any school bus/vehicle. Expulsion may result in the loss of credit for courses being taken at school, at the Eastland-Fairfield Career & Technical Schools, or at any college or university, whether under an Education Option, CCP, or at the student's own expense. Expulsion may extend into the following school year. Additionally, any student expelled will not have access to the School of Choice, Community Choice, or Open Enrollment Lottery Process for transfer between schools upon their return the following school year, and are not permitted to be on other school campuses that serve as an extension to our program (college campus, career centers, etc.).

8. Individualized Plan

Grades and related academic credit(s) are awarded to students upon successful completion of their assignment.

9. Use of Outside Agencies

School buildings may also utilize outside agencies to provide services and positive behavior interventions.

10. CORPORAL PUNISHMENT WILL NOT BE PERMITTED

Student Bus Conduct

Bus expectations are the same as RAMS Way — be **Respectful** (listen to the driver), **Accountable** (stay seated), **Motivated** (follow directions quickly), and **Safe** (keep hands and feet to yourself). Students on a bus or other authorized Board of Education transportation vehicles are under the authority of and directly responsible to the bus/vehicle driver. The driver has the authority to enforce the established regulations for bus/vehicle conduct. Disorderly conduct or refusal to submit to the authority of the driver will be sufficient reason for refusing transportation service to any student. A student may be suspended from school bus/vehicle riding privileges for all or part of a school year for any violation of established regulations for bus conduct and/or conduct occurring on the bus/vehicle in violation of the Student Code of Conduct. Before a suspension from bus/vehicle riding privileges is imposed, the Superintendent or other designated District personnel will provide a student with notice of an intended suspension and an opportunity to appear before the Superintendent or other designated personnel. Disciplinary suspension periods will be commensurate with the infraction(s) committed as determined by the Superintendent or designated personnel.

Surveillance Equipment

The WCS District is dedicated to a safe and secure school system. For student safety and welfare, video surveillance equipment and other devices are placed throughout the buildings and school grounds and on buses. Actions recorded on these cameras may be used as evidence in disciplinary action. Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to local law enforcement agencies.

School Resource Officers

The School Resource Officer program is a cooperative agreement between the Whitehall City School District and the City of Whitehall. This program assigns Police Officers to support the Whitehall City School District. In addition to their law enforcement duties, the School Resource Officers provide mentoring to students, interact with faculty, and participate in the classroom as guest speakers. The addition of the School Resource Officers has not only provided a safe school environment but also enhances a positive relationship between students and the police.

Anonymous Safety Reporting

Please report all safety issues to the office. Students who feel uncomfortable reporting this information to the office may see an administrator, teacher, or counselor. Additionally, concerns can be reported to the Safer Ohio School Tipline by calling 844-723-3764. Calls to the Safer Ohio School Tipline can be made anonymously.

Student Behavior Expectations and Responses

The goal of all discipline is to correct and modify behavior to ensure a safe and positive learning environment. The district will utilize both supportive and corrective measures to address student misbehaviors. Multiple options for correcting student behavior may be selected depending on individual student needs including the age and grade level of the student, history of misbehavior, and seriousness of any specific offense.

The level of infractions and potential school and district responses are outlined in the WCS Infraction Matrix section below. The matrix is followed by a description of each infraction. Both the matrix and descriptions serve as a general guide. Infraction classifications and disciplinary consequences may vary as determined by the school or district administrator.

Note: This is a representative listing of rules and violations. It is not a complete listing of all acts of misbehavior that may require disciplinary action. The Whitehall City Schools administration reserves the right to take disciplinary action as the situation warrants.

In addition to these items, a student may be subject to school disciplinary action, for misconduct that occurs off school property to the extent that the misconduct, regardless of when it occurs, is directed at a district official (or employee or the property of such official or employee.) Such action is deemed appropriate by the Board of Education because disrespectful acts could negatively affect student behavior at school and thereby cause deterioration in the learning environment. See ORC 3313.661(A).

Certain violations of the Code of Conduct involving firearms, knives, bomb threats, or serious physical harm to persons or property can result in the student being expelled for a period of up to one calendar year or being permanently excluded from school. See board policy.

Given a specific set of circumstances, charges may be filed against anyone who has violated the law in addition to school punishment.

The Code of Conduct shall apply to conduct not specifically set forth herein which substantially and materially disrupts or interferes with good order, discipline, or operation of the academic or educational process taking place in the school, or which substantially and materially is, or poses a threat to, the safety of persons or property.

Whitehall City Schools comply with all requirements of state and federal law in regard to the discipline of disabled students.

All Student Handbook policy references were current at the time of publication. Policies are subject to change as the Board of Education updates policies throughout the year. All discipline and policy enforcement will be based on current Board of Education policy located on the District website and/or at <https://go.boarddocs.com/oh/whitehall/Board.nsf/Public>. Please refer to board policies online for the most recent version.

In determining whether disciplinary action set forth in this policy is to be implemented, District administrators shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media created and/or received as part of an investigation.

In addition, this statement of due process rights is to be placed in all student handbooks (see next page) in a manner that will facilitate understanding by students and their parents.

These procedures shall not apply to in-school disciplinary alternatives including in-school suspensions. An in-school suspension is one served entirely in a supervised learning environment within a school setting. Nor shall these disciplinary alternative procedures apply to students who are prohibited by authorized school personnel from all or part of their participation in cocurricular, interscholastic, and/or non-interscholastic extra-curricular activities.

Board of Education Procedures and Rules

It is not the intention of this manual to be all-inclusive of the District's policies. The procedures listed below are for reference only and can be obtained in their entirety at the WCS district office. Board policies are available on the WCS website.

Due Process Rights – Policy [JFA](#) Student Suspension and Expulsion Procedures The Board of Education recognizes that students have limited constitutional rights when it comes to their education. Accordingly, the Board establishes the following procedures which Administrators shall use when dealing with students:

Students Subject to Suspension

When a student is being considered for an out-of-school suspension by the Superintendent, Principal, or other administrators:

1. The student will be informed in writing of the potential suspension and the reasons for the proposed action.
2. The student will be provided an opportunity for an informal hearing to challenge the reason for the intended suspension and to explain his/her actions.
3. An attempt will be made to notify parents or guardians by telephone if a suspension is issued.
4. Within one (1) school day of the suspension the Superintendent, Principal, or other administrators will notify the parents, guardians, or custodians of the student. The notice will include the reasons for the suspension and the right of the student, parent, guardian, or custodian to appeal to the Board or its designee; the right to be represented at the appeal; and the right to request the hearing be held in executive session if before the Board. The notice shall also specify that if the student, parent, guardian, or custodian intends to appeal the suspension to the Board or its designee, such notice of appeal shall be filed, in writing, with the Treasurer of the Board or the Superintendent within ten (10) calendar days after the date of the notice to suspend. If the offense is one for which the District may seek permanent exclusion, then the notice will contain that information.
5. If a student leaves school property without permission immediately upon violation (or suspected violation) of a provision of the Student Code of Conduct/Student Discipline Code or prior to an administrator conducting an informal hearing as specified above, and the student fails to return to school on the following school day, the Principal, assistant Principal, Superintendent, or any other administrator, may send the student and his/her parent(s)/guardian(s) notice of the suspension, and offer to provide the student and/or his/her parents an informal hearing upon request to discuss the reasons for the suspension and to allow the student to

challenge the reasons and to explain his/her actions, any time prior to the end of the suspension period.

Appeal of Suspension to the Board or its Designee

The student who is eighteen (18) or older or the student's parent(s) or guardian(s) may appeal the suspension to the Board or its designee. They may be represented in all such appeal proceedings.

A verbatim record will be kept of the hearing which will be held in a private session at the request of the student, parent, or guardian. The procedure to pursue such an appeal will be provided in regulations approved by the Superintendent. Notice of appeal must be filed, in writing, with the Treasurer or the Superintendent within ten (10) calendar days after the date of the notice to suspend.

Appeal to the Court

Under Ohio law, an appeal of the Board's or its designee's decision may be made to the Court of Common Pleas.

Students Subject to Expulsion

When a student is being considered for expulsion by the Superintendent:

1. The Superintendent will give the student and parent, guardian, or custodian written notice of the intended expulsion, including reasons for the intended expulsion.
2. The student and parent or representative have the opportunity to appear before the Superintendent or designee to challenge the proposed action or to otherwise explain the student's actions. The written notice will state the time and place to appear, which must not be earlier than three (3) school days nor later than five (5) school days after the notice is given unless the Superintendent grants an extension upon request of the student or parent.
3. Within one (1) school day of the expulsion, the Superintendent will notify the parents, guardians, or custodians of the student and the Treasurer of the Board. The notice will include the reasons for the expulsion and the right of the student, parent, guardian, or custodian to appeal to the Board or its designee; the right to be represented at the appeal; and the right to request the hearing be held in executive session if before the Board. If the offense is one for which the District may seek permanent exclusion, then the notice will contain that information.

Appeal of Expulsion to the Board

A student who is eighteen (18) or older or a student's parent(s) or guardian(s) may appeal the expulsion by the Superintendent to the Board or its designee. The notice shall also specify that if the student, parent, guardian, or custodian intends to appeal the expulsion to the Board or its designee, such notice of appeal shall be filed, in writing, with the Treasurer of the Board or the Superintendent within fourteen (14) calendar days after the date the expulsion begins. They may be represented in all such appeal proceedings and will be granted a hearing before the Board or its designee.

The procedure to pursue such an appeal will be in accordance with regulations approved by the Superintendent. Notice of appeal must be filed, in writing, within fourteen (14) calendar days after the date the expulsion begins with the Treasurer of the Board or the Superintendent.

STUDENT DRESS CODE

Part of the total educational process for students is learning to dress appropriately and behave responsibly in a variety of situations. Students are expected to dress in a manner appropriate to the school environment which does not cause disruption to the academic process. Research has shown a correlation between appearance and behavior, especially in the school setting.

These regulations will assist parents, students, faculty, and administrators in determining appropriate student standards for dress while at school or school-sponsored activities.

These regulations will assist parents, students, faculty, and administrators in determining appropriate student standards for dress while at school or school-sponsored activities.

1. Students are responsible for dressing according to the approved dress code.
2. Parents/guardians are also responsible for ensuring students are dressed appropriately for school.
3. Administration and faculty, together, are responsible for the enforcement of the dress code. The dress code is enforced at school and school functions are not open to the public. The decision of the principal is final with regard to dress code violations.
4. When dress or grooming interferes with the cleanliness, health, welfare, or safety of students, or when dress or grooming disrupts the educational process by being distracting, indecent or inappropriate, it is prohibited. Clothing must be worn as designed.
5. Sponsors and teachers of elective programs (such as vocational classes) or elective activities (such as sports and music) may require more strict standards regarding dress and appearance for participants in their program or activity.
6. As new trends in fashion or dress emerge or become out of date, the District reviews and revises the dress code to reflect the standards of the community.

Students shall adhere to the following guidelines for dress and appearance:

Exceptions may be made by an administrator for religious, medical, or safety reasons. Headwear of any type that obstructs one's identity or makes it difficult to identify an individual will not be allowed.
- Hooded articles of clothing may be permitted at the high school only but only if hoods are down and not worn on the head.
- Clothing or accessories that could be interpreted as promoting hate or communicating negative, profane, or vulgar messages, or which advertise or are in any way related to alcohol, tobacco drugs, or weapons; or have sexual, vulgar, suggestive, or objectionable messages (explicit or implied) are not permitted.

All clothing must be appropriately sized.

Violation of the dress code can result in exclusion from class until the violation can be resolved and/or disciplinary action is taken. In case of questionable dress (not explicitly covered in these guidelines), the problem will be discussed with the student, and appropriate corrective and/or disciplinary action may be taken. When necessary, a home contact seeking parental cooperation and assistance will be made. Repeating infractions will result in appropriate discipline. Exceptions to these guidelines may be made by building principals for activities such as proms, physical education, and other special events.

The District has established complaint procedures that are available to all members of the school community. If an investigation determines that discrimination or retaliation has occurred, the District will take appropriate corrective action to stop the misconduct, prevent its recurrence, and address its effects. Students or employees found to have violated District policy may be subject to disciplinary action.

PROMOTING PARENTAL INVOLVEMENT

The Board promotes parental involvement in the public school system. The Board directs the Superintendent/designee to develop procedures necessary to comply with the provisions of this policy. This policy is made publicly available and posted prominently on the District's website.

This policy does not prescribe all rights of parents or preempt or foreclose claims or remedies in support of parental rights that are available under the constitution, statutes or common law of Ohio.

Nothing in this policy requires disclosure or activity that is in conflict with or in violation of any of the following:

1. the Health Insurance Portability and Accountability Act (HIPAA) privacy rule;
2. Revised Code (RC) Chapter 3798;
3. RC 2317.02, 4732.19 or 5122.04;
4. the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g;
5. the Ohio Constitution, Article I, Section 10a and any laws enacted to implement that section, including RC 2930.07 and 2930.10;

Nothing in this policy requires disclosure or activity in violation of any court order, including any of the following:

1. a condition of bond;
2. a protection order or consent agreement issued pursuant to RC 2151.34, 2903.213, 2903.214, 2919.26 or 3113.31 **or**
3. a condition of a community control sanction, post-release control sanction or parole;

Nothing in this policy requires disclosure or activity in violation of a specific request for nondisclosure made pursuant to a criminal investigation or grand jury subpoena in which the student is the victim and a parent is the alleged perpetrator.

Nothing in this policy prohibits or prevents mandatory reporting under RC 2151.421.

Nothing in this policy prohibits or limits the career and academic mentoring and counseling between teachers and students in the regular course of the school day.

Definitions

The following definitions apply for the implementation of this policy:

“Biological sex:” the biological indication of male and female, including sex chromosomes, naturally occurring sex hormones, gonads and unambiguous internal and external genitalia present at birth, without regard to an individual's psychological, chosen or subjective experience of gender.

“HIPAA privacy rule:” has the same meaning as in RC 3798.01.

“IEP:” has the same meaning as in RC 3323.01.

“Parent:” has the same meaning as in RC 3313.98.

"Sexuality content:" any oral or written instruction, presentation, image or description of sexual concepts or gender ideology provided in a classroom setting. This does not include instruction or presentations required by State law in sexually transmitted infection education, sexually transmitted infection education emphasizing abstinence, child sexual abuse prevention, sexual violence prevention education or incidental references to sexual concepts or gender ideology occurring outside of formal instruction or presentations on such topics, including references made during class participation and in schoolwork.

"Student's mental, emotional or physical health or well-being:" includes, at a minimum, a student's academic performance; any significant sickness or physical injury, or any psychological trauma suffered by a student; any harassment, intimidation or bullying, as defined by State law, by or against a student in violation of school district policy; any request by a student to identify as a gender that does not align with the student's biological sex; and exhibition of suicidal ideation or persistent symptoms of depression, or severe anxiety, or other mental health issues.

"Age-appropriate content" and "developmentally appropriate content:" activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child, based on the development of cognitive, emotional, physical and behavioral capacities that are typical for an age or age group.

Sexuality Content

The District ensures any sexuality content is age-appropriate and developmentally appropriate for the age of the student receiving the instruction, regardless of age or grade level. The District provides parents the opportunity to review instructional materials that

include sexuality content prior to providing instruction or permitting third parties to do so on behalf of the District. Upon request of the parent a student is excused from instruction including sexuality content and is permitted to participate in an alternative assignment.

Instruction including sexuality content is not provided to students in kindergarten through third grade by the District or any third party acting on behalf of the district.

Student Health and Well-Being

The District promptly notifies a student's parent of any substantial change in the student's services, including counseling services, or monitoring related to their mental, emotional or physical health or well-being or the school's ability to provide them a safe and supportive learning environment. The parental notice reinforces the fundamental right of parents to make decisions regarding the upbringing and control of their children and that the District does not inhibit parental access to the student's education and health records maintained by the school.

Notice is provided through the methods the District generally communicates with parents including, but not limited to, email, phone call, letter or other direct forms of communication.

District personnel are prohibited from directly or indirectly encouraging a student to withhold information from a parent concerning the student's mental, emotional or physical health or well-being, or a change in related services or monitoring. District personnel are prohibited from discouraging or prohibiting parental notification of and involvement in decisions affecting a student's mental, emotional or physical health or well-being.

Parental Authorization for Student Health Care Services

The District obtains parental authorization before providing any type of health care services to students, including physical, mental and behavioral health care services and parents can choose whether to authorize the District to provide health care services. The Board directs the Superintendent to adopt procedures to obtain necessary authorization from parents, which may include but is not limited to whatever means the District generally obtains parental authorization.

At the beginning of each school year, the District notifies parents of each health care service offered at, or facilitated in cooperation with, their student's school and their option to withhold consent or decline any specified service. Parental consent to health care services does not waive the parent's right to access the student's educational or health records or to be notified about a change in the student's services or monitoring.

Prior to providing a health care service to a student, the District notifies parents whether the service is required to be provided by the District under State law and if other options

for a student to access the service exist. This requirement and other notices outlined in this policy can be satisfied by an annual notice to parents at the beginning of the school year.

Provisions related to parental authorization for student health care services do not apply to emergency situations, first aid, other unanticipated minor health care services or health care services provided pursuant to a student's IEP or section 504 plan.

Concerns and Appeals Procedure

A parent may file a written concern with a school principal or assistant principal regarding a topic addressed in this policy, which must be resolved within 30 days after receipt. Written concerns received by a school principal or assistant principal about this policy are investigated fully and fairly. Anonymous written concerns may not be investigated.

A parent may appeal a principal's or assistant principal's decision to the Superintendent. If a parent appeals a principal's or assistant principal's decision, the Superintendent/designee must conduct a hearing on the decision. Based on the findings of that hearing, the Superintendent decides whether to affirm the principal's or assistant principal's decision. If the Superintendent does not affirm the decision, they determine the resolution to the parent's concern.

A parent may appeal the Superintendent's decision to the Board. If a parent appeals the Superintendent's decision, the Board must review the Superintendent's decision and, if the Board determines it necessary, hold a hearing on the Superintendent's decision. Based on the findings of that hearing, the Board decides whether to affirm the Superintendent's decision. If the Board does not affirm the decision, it determines a new resolution to the parent's concern.

Nothing in this procedure prevents a parent from contacting a member of the Board regarding the parent's concerns with the operation of a school under its supervision.

The Board directs the Superintendent/designee to develop procedures to ensure prompt and fair attention to written concerns about this policy. The District notifies parents of their right to file a written concern by whatever means the District generally communicates with parents including, but not limited to, email, phone call or other direct forms of communication.

PROCEDURES FOR WEATHER AND EMERGENCY CLOSINGS

At Whitehall City Schools, safety is our top priority when deciding whether to delay the start of school or close schools entirely. Our primary concern is ensuring that buses, staff, parents, and students can travel to schools safely, whether by driving or walking. The procedures outlined below are designed to prioritize safety while maintaining communication and providing essential services for students, staff, and families.

General Guidelines

- **Normal Operation:** Schools will operate as scheduled if there is no announcement.
- **Communication Channels:** Information about school closures or delays will be shared via the Whitehall City Schools website, social media, local news outlets, and the district's automated calling system through Infinite Campus.

Why Do We Strive To Keep Schools Open During Inclement Weather?

Along with fulfilling our primary promise and responsibility to our community of educating our young people, our schools serve an essential role in the community that goes beyond education. We understand that:

- **Supervision and Structure:** Schools offer a safe, supervised space. Unexpected closures can leave students unsupervised, as many families cannot adjust work schedules on short notice.
- **Warmth and Safety:** Schools provide a secure environment during challenging conditions.
- **Meals:** Many students rely on school-provided breakfast and lunch for nutritional needs.

What Happens If Whitehall City Schools Close?

- Parents and staff will be notified via the phone dialer system.
- Parents and staff must ensure their contact information in the **Infinite Campus Parent Portal/Student Information System** is accurate.
- If access to the portal is an issue, email techhelp@wcsrams.org to update contact details.

Emergency Closure Planning

WCS families are encouraged to develop a plan for their children in case of school closures, delays, or early dismissals:

- **Elementary and Middle School Students:** These students will remain at school until parents or guardians are notified and arrangements are made for their safety.

- **High School Students:** High school students may be released to walk home at the Superintendent's discretion. Families will be notified and should make communication arrangements with their children to ensure they make it home safely.
- **Childcare and Supervision:** Families should prepare alternative childcare and supervision plans during adverse weather.

Weather Monitoring

District administrators monitor weather conditions throughout the night and early morning:

- Consultations are made with the **National Weather Service, WCS Transportation Services, and area superintendents.**
- All administrators are informed promptly, and updates are communicated to the media, families, and staff as soon as possible.

Planning and communication ensure the safety and well-being of students while minimizing disruptions during challenging conditions.

Procedures for Severe Weather and Emergency Events

When severe weather or other emergencies necessitate a school closure, delayed start, or early release, the following measures will be implemented:

Full-Day Closure Procedure

Early Release Due To Weather Or Other Emergency Situations

1. **Decision Process**
 - a. If conditions warrant closing schools early, the Superintendent may authorize an early release.
 - b. This decision is reserved for extreme circumstances only.
2. **Notification Methods**

- a. Automated phone calls will be sent to households with accurate contact information.
- b. Updates will be posted on the Whitehall City Schools website and social media accounts.
