Vision:

Locust Fork Elementary School will prepare every student to thrive academically, socially, mentally, and physically by fostering a culture of high expectations, purposeful learning, continuous reflection, and shared responsibility. We envision a school where every student is known, valued, challenged, and supported, and where teachers, staff, administrators, students, and families work together as one community to sustain growth and ensure success.

Mission Statement:

At Locust Fork Elementary School, we work together as **one community** to ensure that every child learns, grows, and thrives. Through collaboration, reflection, and purposeful instruction, we meet students where they are, build on their strengths, address their areas of need, and provide the support and challenge necessary for every student to reach his or her full potential.
