

Family Newsletter

Dear Parent:

Cooperation is the character trait of the month of September. This newsletter offers you activities and ideas, which will assist you with helping your child to understand the importance of cooperation. Learning how to cooperate will help with success in school, in relationship with friends and in life over all. It is essential to remember that cooperation is a basic life skill that assists us in working together so that collaboration and creativity will ultimately bring about success.

Ideas to Do as a Family

- Have your child share with you about times they worked with someone else to make or do something. Emphasize that working together requires compromise and listening to others' ideas.
- Share with your child about something you did that required cooperation. Explain how you worked together with others.
- Schedule household chores at a time when all members of the family can work together to finish them.
- "Catch" your child cooperating and offer your encouragement by verbally showing your appreciation.
- Initiate a family project or activity that all family members can have a role.
- Select a hobby that interests the family and invite all family members to work together.
- Watch a movie or TV program together and discuss how the characters cooperated with each other.
- Volunteer as a family to do a community service project together.
- Remember that the best teaching tool is to always model the behavior you want your child to learn.

Character Check

- What do you have to do so that you listen carefully to others?
- Can you name a time that you compromised during conflict?
- How can you encourage your child to do the very best?
- Ask yourself; is my child able to get along with others? How can I help him/her approve?
- Observe or ask the teacher whether your child participates well in-group activities.
