TABLE OF CONTENTS

The following document is an addendum to the District Comprehensive Safety Plan. The District Comprehensive Safety Plan is the main body of the document. Each school has a site specific document that works in tandem with the District’s plan. The Comprehensive Safety Plan is designed to be utilized as a resource for prevention/mitigation, preparedness, response and recovery planning and training as well as for meeting the guidelines of the Standardized Emergency Management System (SEMS), the National Incident Management System (NIMS) and Title 1, Division 4, Chapter 8 Government Code.

It is a living document to meet site, district and community needs, forms or requirements. It is NOT to be a “grab and go” guide in an actual emergency.

SAKAMOTO ELEMENTARY SCHOOL

Safety Plan Goals

Annual Safety Goals

The School Safety Planning Committee shall make an assessment of the current status of school crime committed on campus and at school-related functions and of appropriate strategies and programs that will provide or maintain a high level of school safety. (Ed. Code 35924.2)

While the School Safety Planning Committee reviews school, district and community crime data trends such as the California Safe School Assessment, other data can bring value to the discussions. Such data may include:

- Mental Health Data
- State, District or Site Surveys (such as the Youth Risk Behavior Survey)
- Disciplinary Data
- Community Police Data

Data may be more valuable if disaggregated by gender, age, zip code, ethnicity, etc. Current trends should be reviewed as well.

Based on data analysis, the School Safety Planning Committee identifies one to three **safety-related goals for the next school year as well as the strategies and/or programs that will be used to meet those goals**. The objective is to provide meaningful goals in order to improve the campus climate.

The goals are reported, with the Safety Plan, to the Board of Trustees and are shared with the school staff and community.

In order to keep the goals as a safety focus for the school year, it is recommended that at least three brief meetings be held to review data and progress. The progress can be reported to the School Site Council, staff, parent groups and the Board of Trustees.

The year-end assessment should be completed in May and reported.

Safety Plan Goals

2023-2025

GOAL 1: Increase the percentage of students who feel safe and connected at school.

Strategy 1.1: Convene PBIS (Climate & Culture) Leadership Team Monthly to discuss survey and discipline data and determine action plans

Assessment 1.1: SCB Survey Fall and Spring

Assessment 1.2: ILT/PBIS Convening

Comments:

GOAL 2: School will update the ARCC to ensure adequate necessary supplies in the event of an emergency.

Strategy 2.1: Each class will receive a bin, along with a gallon sized zip top bag for every student. Parent letters will accompany the bags home, asking for snacks to be stored inside the ARCC.

Assessment 2.1: Confirm storage of classroom bins with zip top bags for every student by October.

Strategy 2.2: Updated materials include batteries and [First Aid supplies](#)

Assessment 2.2: Verify items have been delivered and placed in the ARCC by January.

GOAL 3: Provide mental health support for students.

Sakamoto

Strategy 3.1: Mental Health Intern(s) support for 2.5 days (on campus)

Strategy 3.2: Almaden Valley supports for 1 day (on campus)

Strategy 3.3: Social Worker Intern support for 1 day (on campus)

Assessment 3.1 through 3.3: Number of students being served by mental health support systems.

Strategy 3.6: Professional Learning Community focus on Morning Meetings (Leader in Me)

Strategy 3.7: Individual School Strategies, such as Calm Down Corners, Community Circles, SEL Lessons

Assessment 3.6 - 3.7: Connectedness and Belonging Survey Results

Comments:

Additional Safety Actions - Immigration Enforcement Safety Education and Practices

During the 2025-2026 school year, Oak Grove has updated the Comprehensive Safety Plan to align with updates in Education Code 234.7. Additional actions include:

- All site administrators attended Immigration Protection Training for Administrators in July or August.
- Updates and communications to school administration and office staff regarding Oak Grove School District's response to Immigration-Enforcement Officer Visits to School Campus including the documentation process, restrictions, and parent notification.
- "Red Cards" were distributed to all school sites in February 2025 and offered again in October 2026.
- Held District "Know Your Rights" Parent Presentations
- Staff Members sent "Know Your Rights" Communications from HR (February, 2026)
- Know Your Rights Postings Due to be Sent to School Sites and District Administrative Buildings (February, 2026)

Review tardies, absenteeism, expulsion and suspension data.

The table displays the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted.

Attendance Factor:

The attendance factor accounts for the difference between enrollment and attendance. It is the average percentage of enrolled students typically attending school on any given day. The factor is calculated annually using prior school year data.

- 2022-2023 Attendance Factor: 94.40%
- 2023-2024 Attendance Factor: 95.21%
- 2024-2025 Attendance Factor: 95.36%

Chronic absenteeism:

Students are considered chronically absent if they are absent at least 10 percent of the instructional days that they were enrolled to attend in a school. A distinguishing feature of this measure is that the goal is reversed.

- 2022-2023 Chronic Absenteeism Rate: 14.1%
- 2023-2024 Chronic Absenteeism Rate: 12.7%
- 2024-2025 Chronic Absenteeism Rate: 8.91%

School Facilities & Safety

Sakamoto strives to provide a safe and healthy environment for our students and staff.

Sakamoto School is one of 18 schools in the Oak Grove School District in South San Jose. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation within a safe and secure learning environment that ensures success for all students.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. The data in the table was collected January 2025.

Cleaning Process

Sakamoto provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair: A scheduled maintenance program is administered by Sakamoto’s custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Oak Grove School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Buddy Teacher System Roster

Site:	Sakamoto Elementary School	School Year:	2025-2026
Updated by: Fariba Roberts		Date:	10/15/2025

This list should be updated in September of each school year to accommodate any staff changes.

Note: Teachers assigned to lead or have staff assignments should be paired with teachers assigned to the student assembly area. In an emergency, when directed to evacuate to the assembly area, all teachers will take any emergency items and move their classes to the assembly area. Teachers assigned to lead or have staff assignments will then “hand off” responsibility for their class to their Buddy Teacher and report to their emergency assignment.

Before and After-School Programs on Oak Grove School District Campuses

As part of SB 187, the Oak Grove School District recognizes the importance of tailoring the Comprehensive Safety Plan for after-school programs. The District requires that all after-school program providers (BASE, Boys & Girls Club, Catalyst, Champions, Think Together, Headstart) annually share Agency-specific:

- Safety Plans and Procedures
- Staff Directory and Leadership Contacts

While after-school programs are included in each school's site-specific safety plan, there may be multiple program providers operating on campus after school that may not be addressed in each program provider's or school site's overall plan. To ensure that all preschool, before and after-school programs on OGSD campuses are prepared in the untimely event of an emergency, the district recommends that these partners (BASE, Boys & Girls Club, Catalyst, Champions, Think Together, Headstart) meet annually with their school site administration to:

1. Review and update school-specific Safety Plans to include their program hours
2. Identify the common Hazards of Before and Afterschool Access and Locations
3. Collaborate to Identify Key Emergency Roles and Responsibilities Before and After School
4. Understand Facilities, Equipment, and Emergency Supplies Access

To confirm that each school site is adequately prepared after school, the Oak Grove School District will convene all Preschool, Before and Afterschool program providers (BASE, Boys & Girls Club, Catalyst, Champions, Think Together, Headstart) annually to review and discuss:

- District Plans and Protocols
- Develop Coordinated Communication Plans
- Coordination and Implementation of Emergency Disaster Drills

Licensed Preschool Programs on Oak Grove School District Campuses

Licensed Preschool Programs will follow all State Regulatory requirements for Disaster and Mass Casualty Planning including but not limited to:

- Each licensee shall have a disaster and mass casualty plan of action. The plan shall be in writing and shall be readily available.
- The plan shall be subject to review by the Department and shall include:
- Designation of administrative authority and staff assignments.
- Contingency plans for action during fires, floods, and earthquakes including, but not limited to, the following:
 - Fire safety plan.
 - Means of exiting.

- Transportation arrangements.
- Relocation sites that are equipped to provide safe temporary accommodations for children.
- Supervision of children during evacuation or relocation, and contact after relocation to ensure that relocation has been completed as planned.
- Means of contacting local agencies, including but not limited to the fire department, law enforcement agencies, and civil defense, and other disaster authorities.
- Any special methods and procedures necessary for the evacuation and relocation of non-ambulatory children.
- The licensee shall instruct all children, age, and abilities permitting, and all childcare personnel, including volunteers, in their duties and responsibilities under the plan.
- Disaster drills shall be conducted at least every six months.
- The drills shall be documented. This documentation shall be kept in the childcare center for at least one year.

GENERAL INFORMATION – SCHOOL SAFETY

District Commitment to School Safety

It is the policy of the Oak Grove School District Board of Education that all students enrolled in this district, and all employees employed by this district, have the right to attend campuses, which are safe and secure. The Board believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the District. The Board intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement, and approved by the Board. The school site committee will review these safe school plans on an annual basis and proposed changes will be submitted to the Board for approval.

LEGISLATIVE REQUIREMENTS

The California Education Code (sections 35294.10-35294.15) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

This requirement was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause, which stated that this legislation would remain in effect only until January 1, 2000. **See Appendix for Senate Bill 187 Text. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.**

Comprehensive School Safety Plans are required under SB 187/SB 334 to contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Anti-harassment policy
- Sexual harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Uniform Complaint process
- Goals on providing a safe and healthy environment

The Comprehensive School Safety Plan will be reviewed and updated by **the Sakamoto School Site Council** every year. The school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.
