

MEMORIAL BRICKS

from *DELAWARE COUNTY MEMORIAL HOSPITAL*

As the Upper Darby School District plans for the future use of the Delaware County Memorial Hospital property, the District is working to **make memorial bricks available to the original donors or their families.**

Click [here](#) to view the list of the original donors.

If you or a family member donated a memorial brick and would like to have it returned, please complete the Google Form linked below so we can locate and make the brick available to you.

Google Form Link

Requests will be collected through September 11, 2026.

Individuals will be contacted when their bricks are available for pick-up, and the deadline for brick pickup has been extended to provide additional time for donors and families to retrieve their bricks.

If you are seeing this message **after the September 11 deadline** and believe you or your family donated a memorial brick, **please contact the Upper Darby Historical Society at udhistsoc@gmail.com or (610) 924-0222 for assistance.**

Thanks to D.M. Kelly Masonry, LLC, the memorial bricks will be carefully removed and made available to requestors at no charge. We greatly appreciate their generosity and support in helping preserve these meaningful pieces of the hospital's history.

Thank you to everyone who has helped preserve and honor the history of Delaware County Memorial Hospital and our community.
