2026-27 Enrollment & Attendance Update

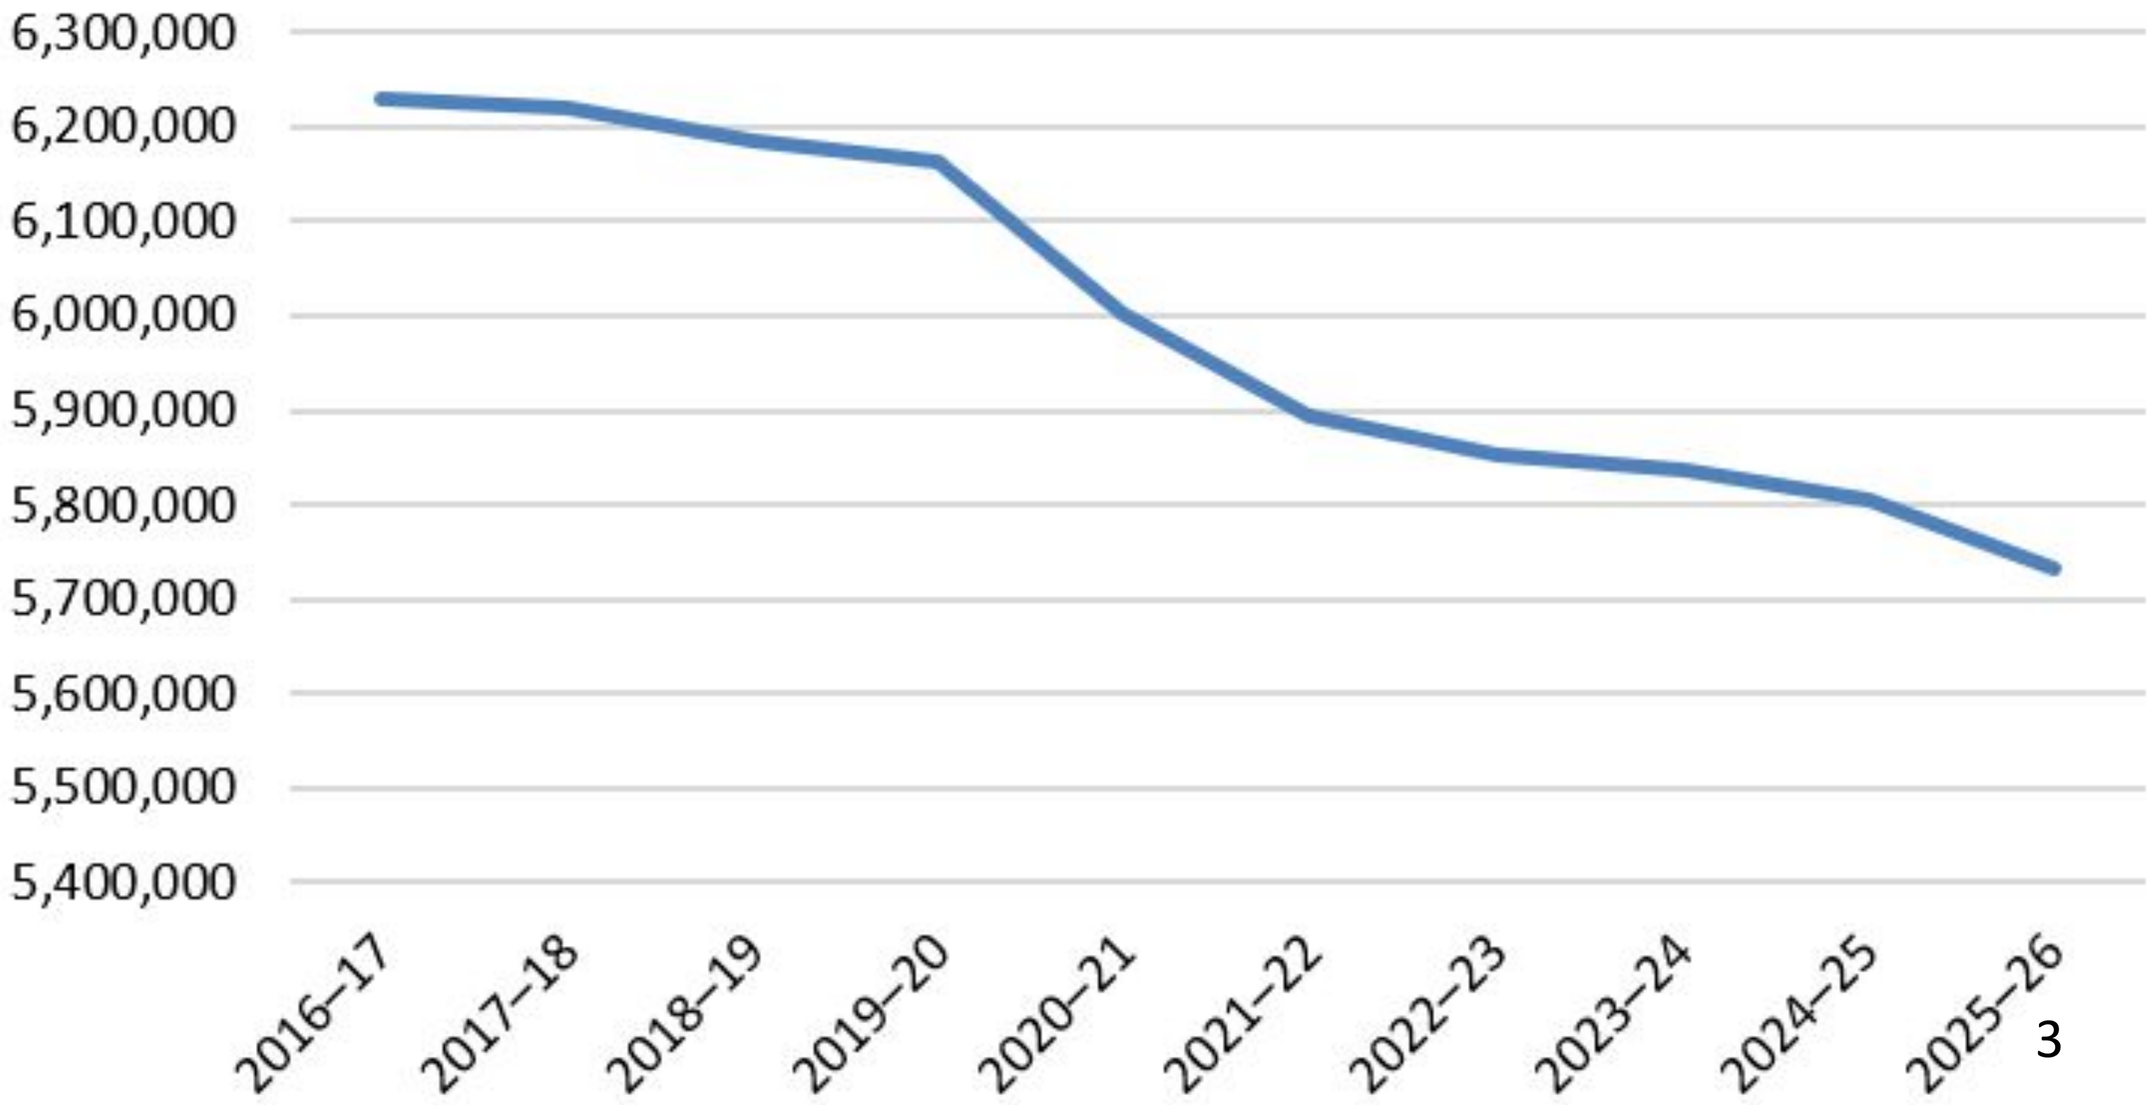

September 8, 2026

Keith Farrow, Assistant Superintendent, Administrative Services
Christopher Beltz, Fiscal Director

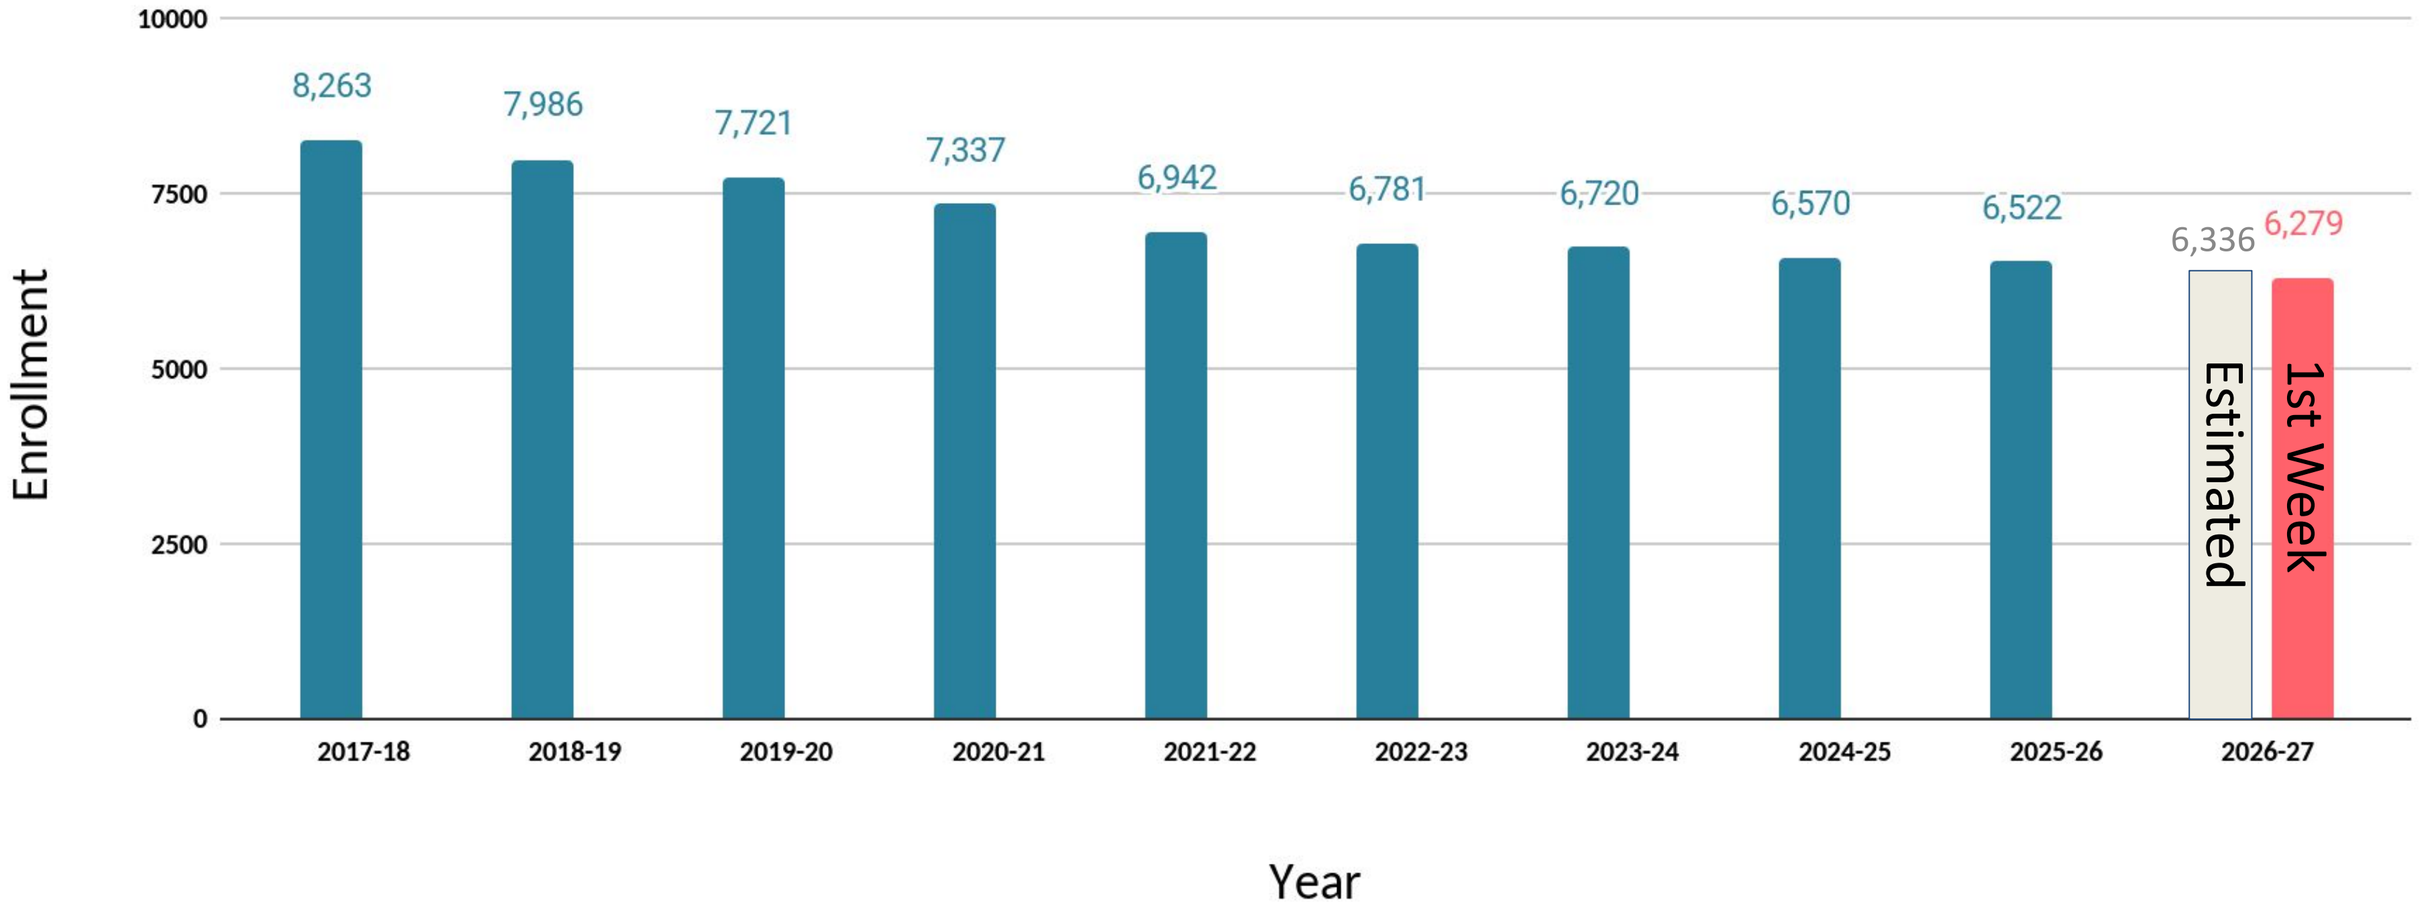

Enrollment & Attendance Overview

- Enrollment Trends
- School Size
- Grade-Level Trends
- Attendance
- What It Means

California TK-12 Enrollment

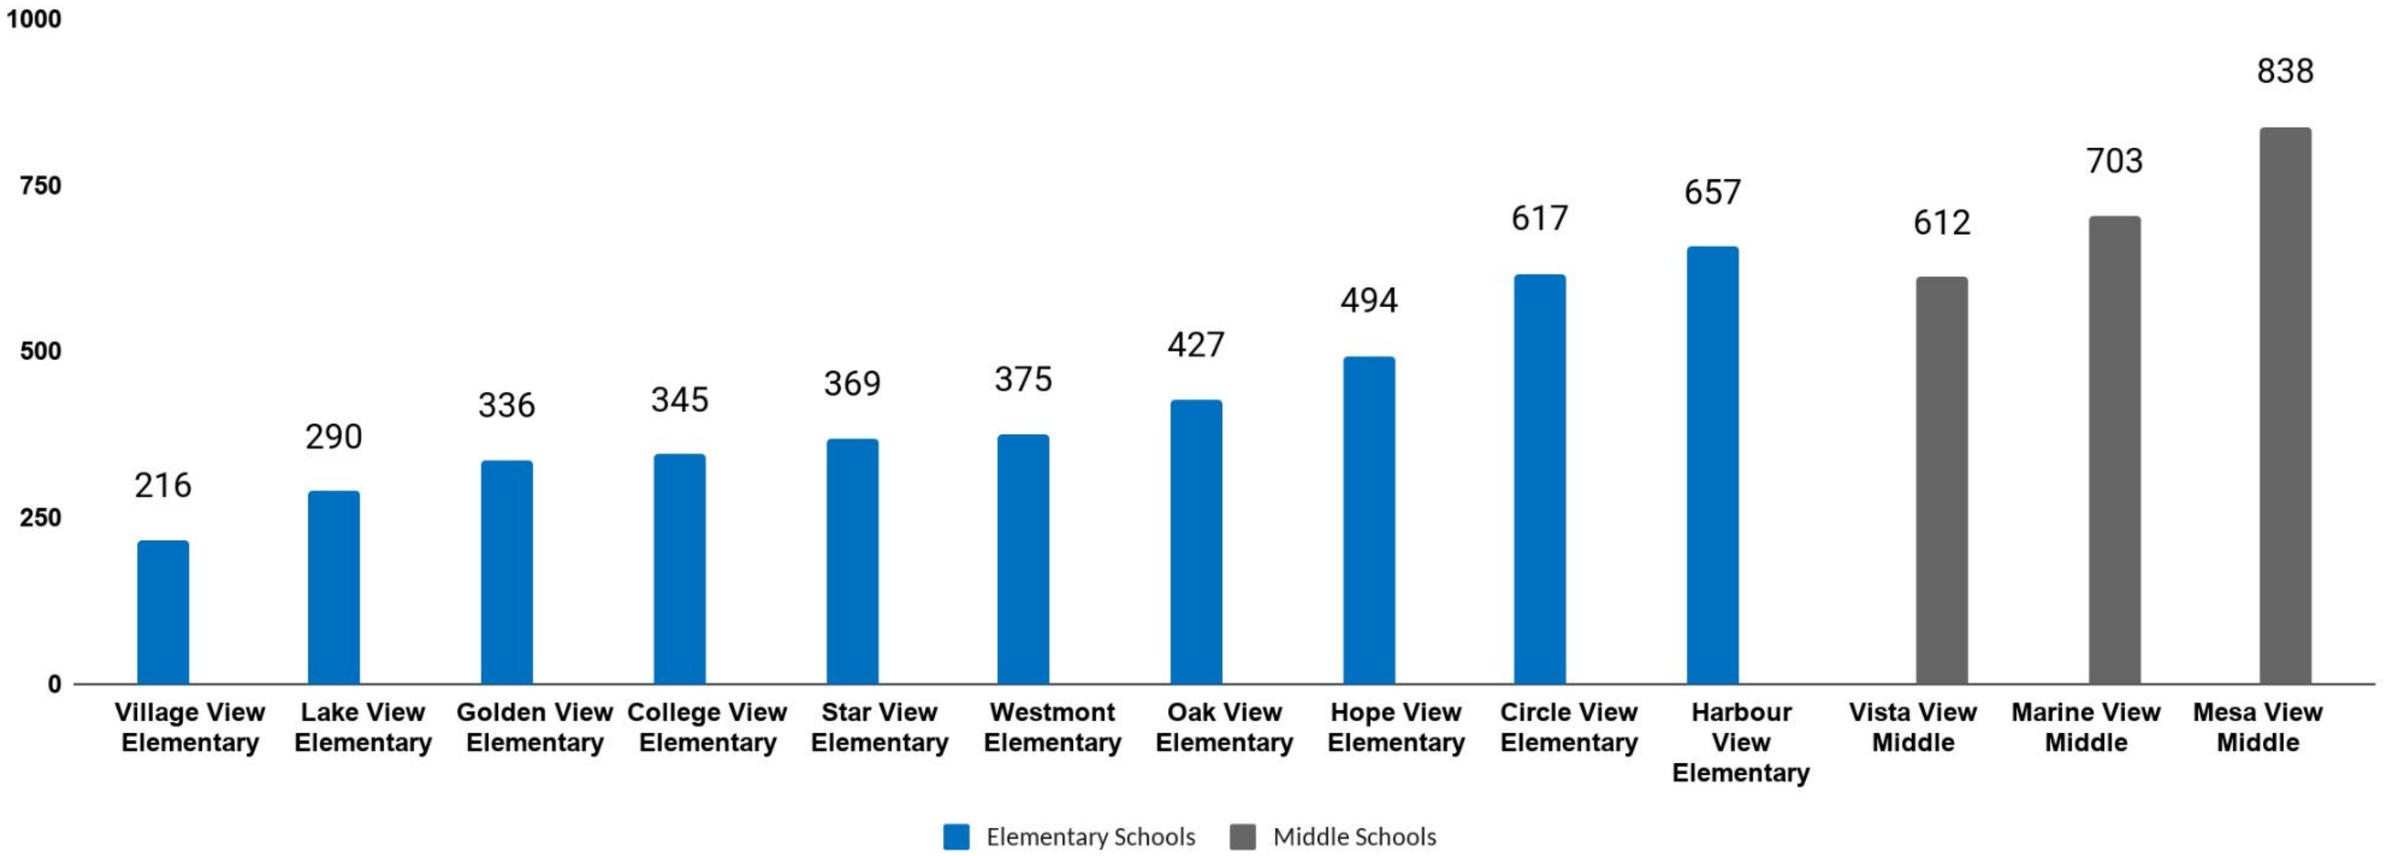

OVSD Enrollment History

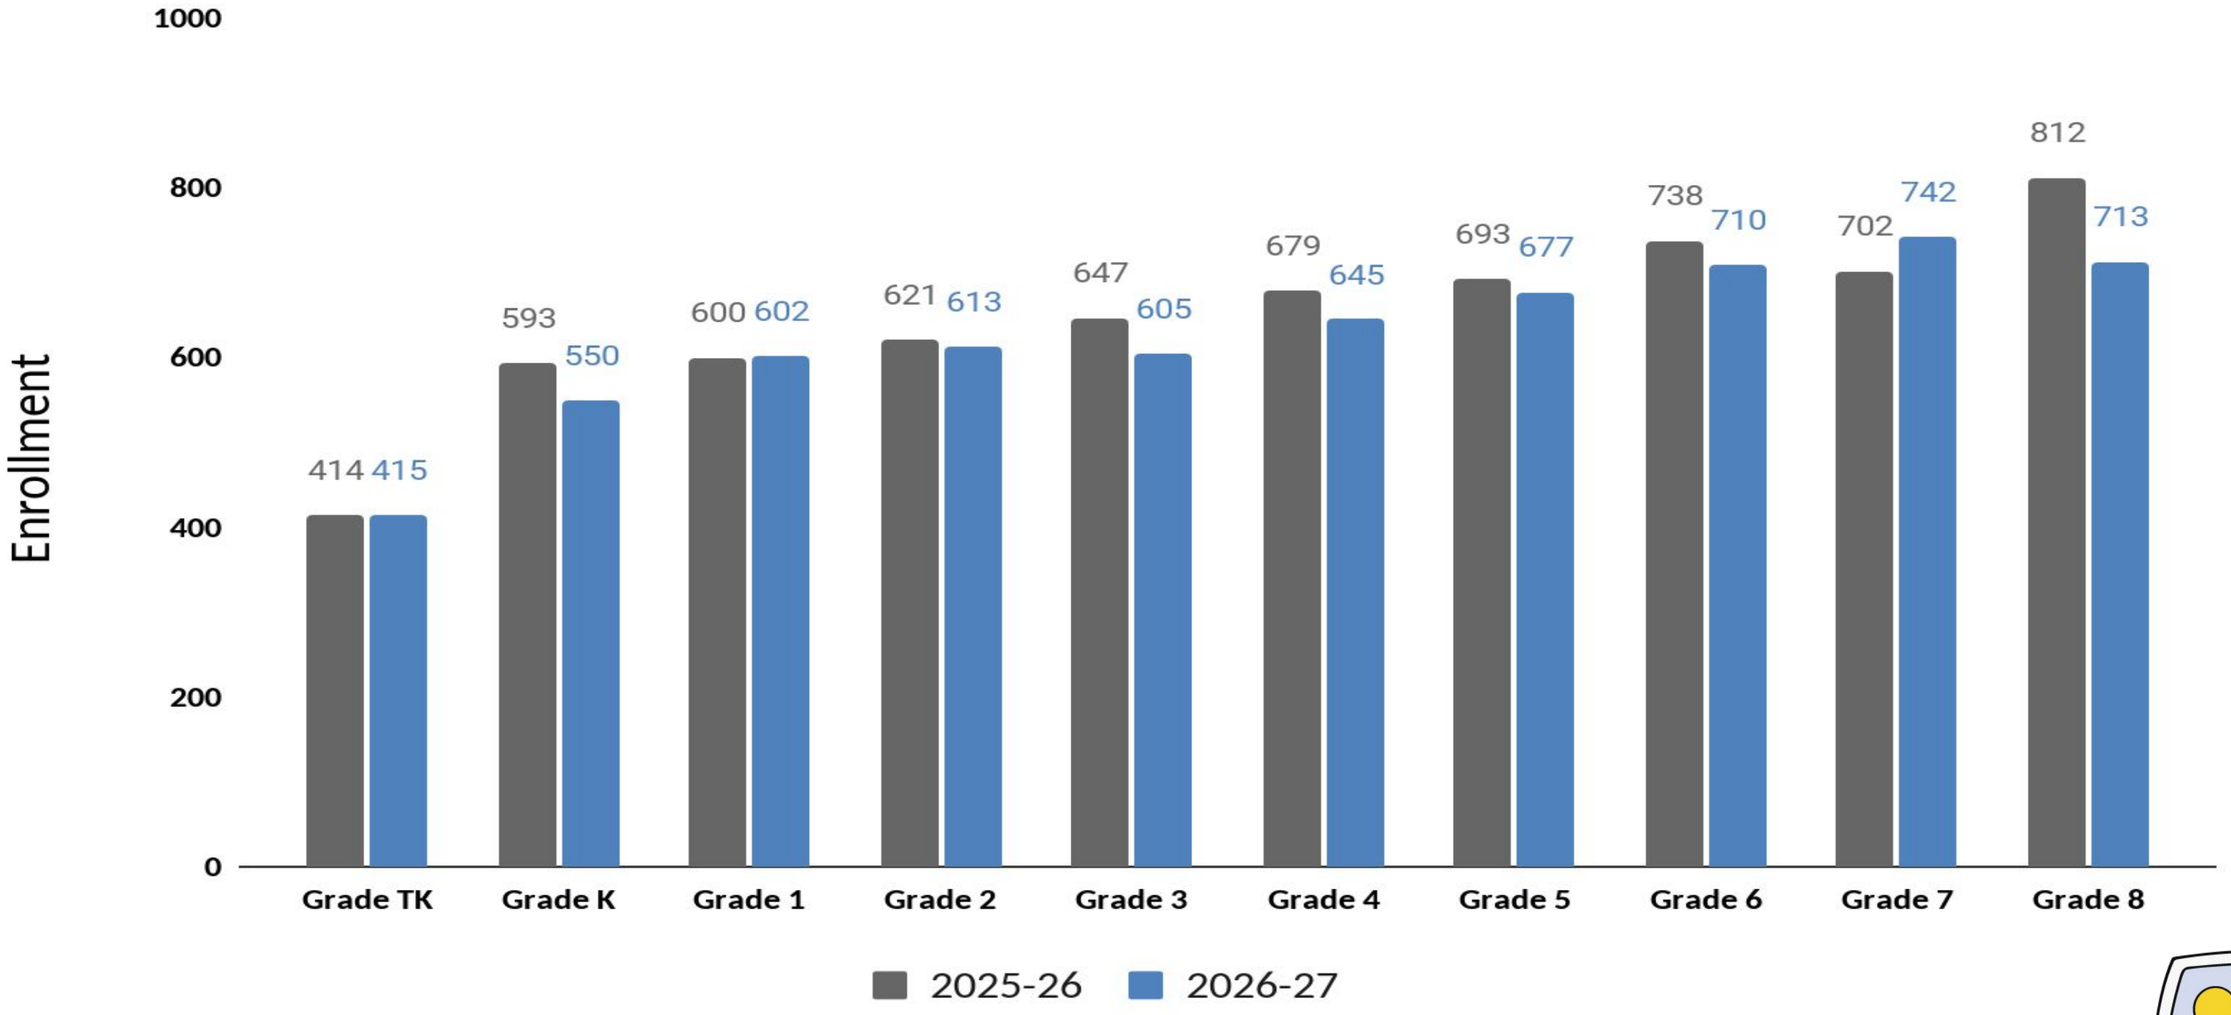

Note: 2026-27 enrollment numbers reflect the first week of school, prior years data are from CalPADS Census Day

OVSD Enrollment by School

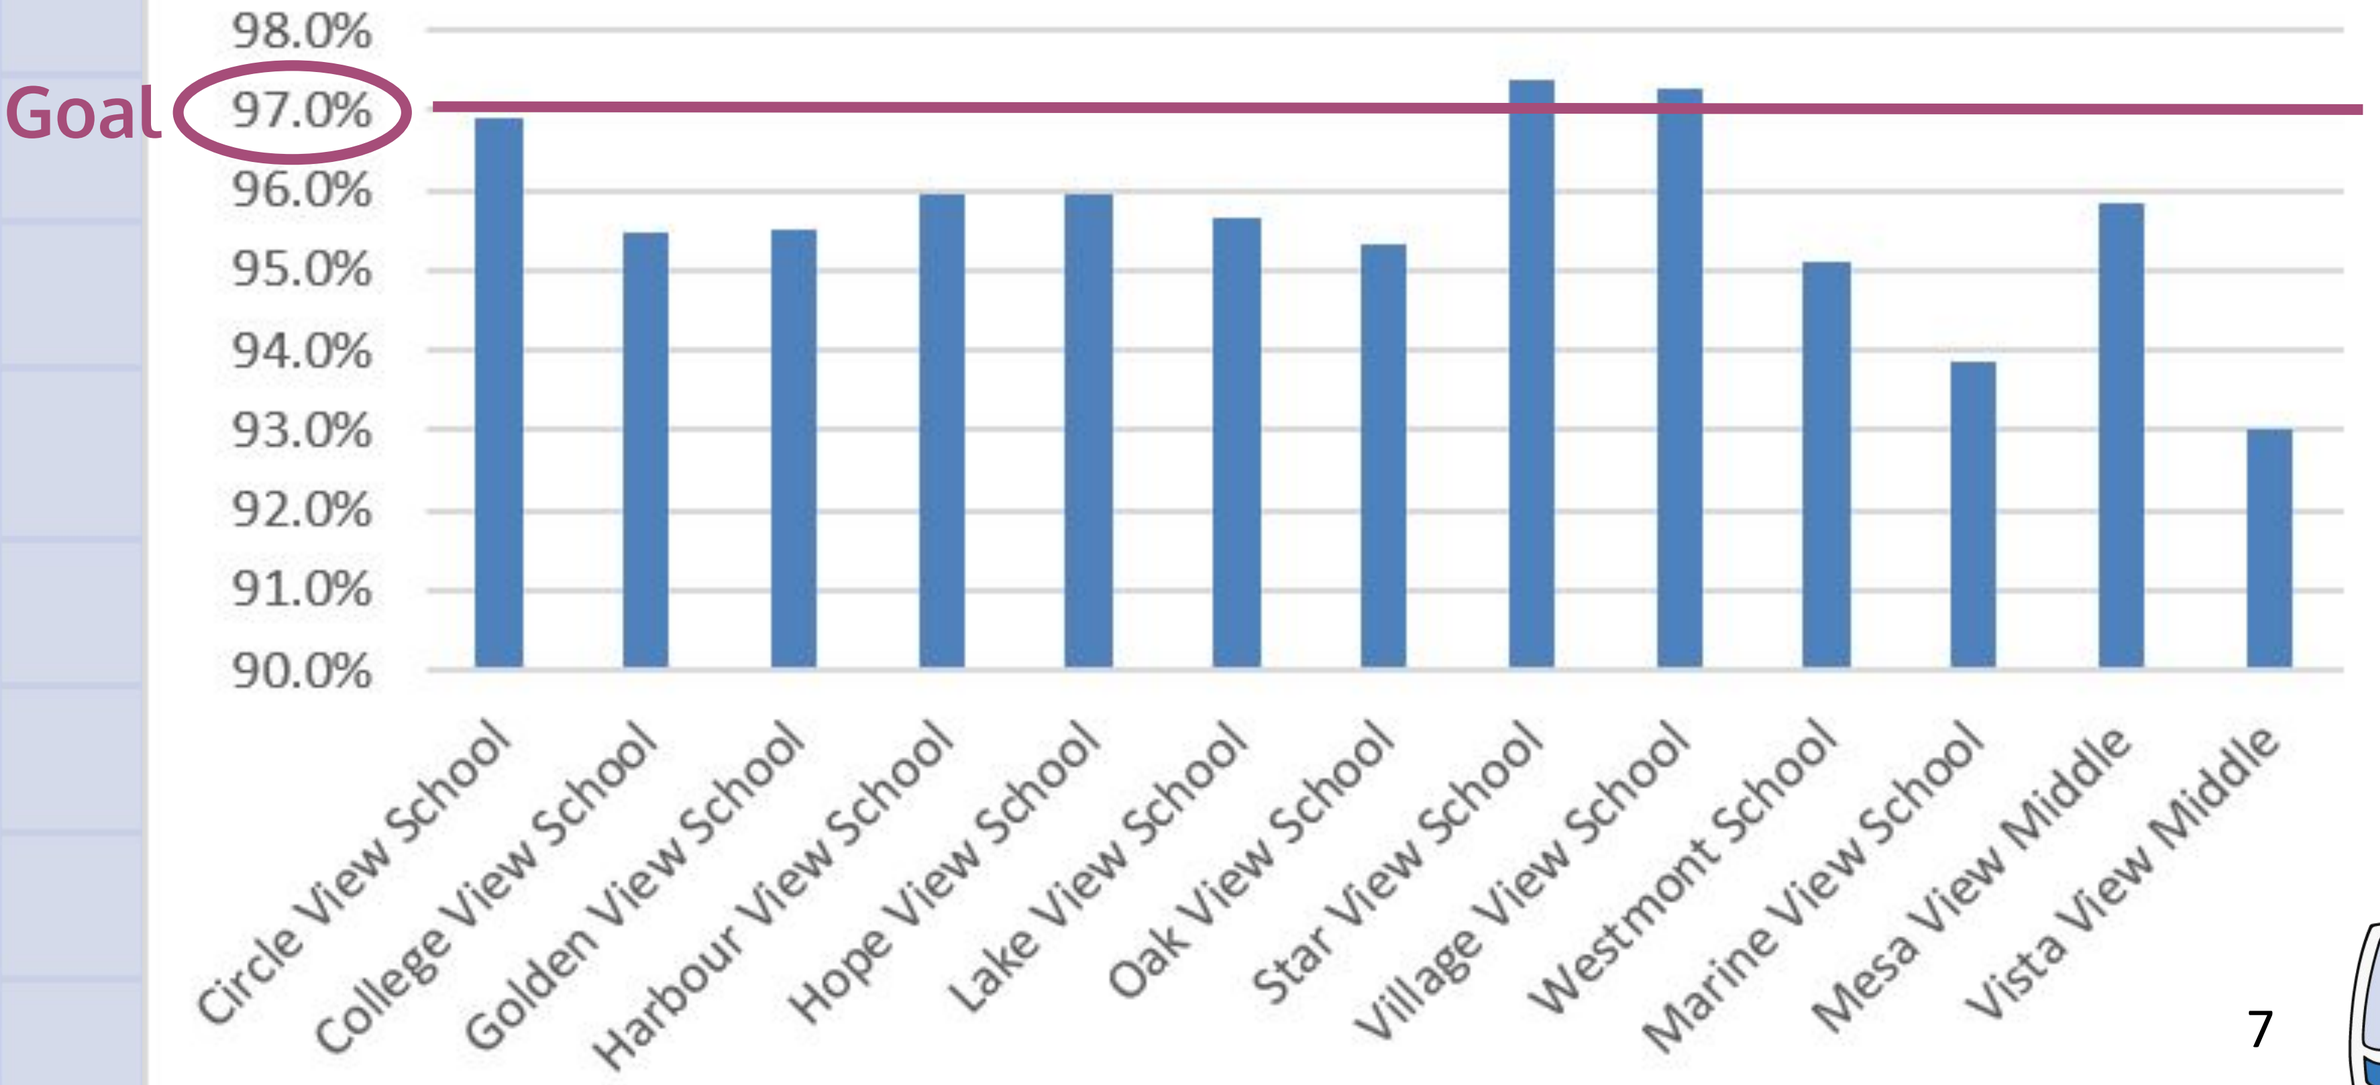

Note: 2026-27 enrollment numbers reflect the first week of school

OVSD Enrollment by Grade Span

Note: Enrollment based on the sixth day

2025-26 Attendance Rate by School

What This Means for OVSD

Fewer Students results in more elementary combination classes and fewer middle school electives

Varying School Sizes results in greater staffing and scheduling complexity elementary schools vary from 216–657 and middle schools from 612–838

Smaller Incoming Cohorts with fewer kindergarten students entering the District while larger eighth-grade classes are promoting out

Attendance Matters

Every student, every day. Regular attendance strengthens learning, engagement, and relationships with peers and staff. It also helps the District offset declining enrollment, maintain staffing and programs, and continue offering innovative opportunities for students.
