V. NYSED Initiatives Alignment

1. How will the district's use of instructional technology support a comprehensive and sustained effort to improve student performance and academic standards, while also addressing the need to provide equitable learning opportunities “everywhere, all the time” (National Technology Plan)?

The district’s vision for equitable, "everywhere, all the time" learning is anchored in universal device access, robust professional development, and a continued transition toward blended teaching and learning where students are using technology to transform their learning experiences and have a balanced experiences learning with and without technology.

To drive student achievement, the district maintains a 1:1 device ratio, equipping K–2 students with iPads and students in grades 3–12 with Chromebooks. This infrastructure, coupled with effective use of Learning Management Systems (Seesaw, Google Classroom, Canvas), enables blended teaching and learning and extends learning opportunities beyond the traditional school day.

To ensure technology-rich resources support future-ready learning, the district invests in targeted and specific professional learning for all educators. Facilitated by teacher leaders, this professional learning—ranging from flash PD to 1:1 support in the classroom—empowers staff to integrate the NYS Computer Science and Digital Fluency Standards seamlessly into daily instruction.

District safety and security for online activities requires constant upgrades to infrastructure including access points, firewalls, switches, and servers. The district utilizes eRate as the primary funding source and the district operating budget as the secondary source to fund upgrades and connections and ensure all users and data are secure and protected.

2. **At the start of the 2026-27 school year, will the district offer full-time virtual instruction to any students? (*Select all that apply)***

- ☐ Yes. Our district operates a full-time virtual instruction program.
- ☐ Yes. One or more of our students will attend a program operated by a BOCES or another public school district.
- ☑ None of our students will participate in a full-time virtual instruction program.
- ☐ Other

3. If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, all responses in this survey align with the district’s response to any related question(s) in the SSIP.

Yes

For help with completing the plan, please visit ITP Resources on our website, contact your district's RIC, or email edtech@nysed.gov.
