#PERFORMANCE SCHOOL STATUS

2025-26 School Year Results -

Our student growth last year was through the roof! 3rd, 4th, and 5th have shown exceptional academic growth leading us toward grade level mastery giving us one of the highest scores in the district!

#MATHEMATICIANS

Not only did we exceed our academic growth with a score of 87.5%, we specifically exceeded growth in Math, which is one of our areas of focus.

Our schoolwide focus on active student engagement, STEM integration, and positive school climate frameworks have clearly been reflected in our academic progress. We are so happy to have you all with us on this journey to excellence!
