- Students are eligible to earn a replacement grade on a recovery that is no higher than 75%
- Before recovery, the teacher should work with the student to complete missing work and/or ensure delivery of the content through reteaching and relearning.
- If a student's recovery is below the original score, the original score should stand in the grade book.
- The original score should be noted in the comment section of the grade book if a student recovers a major assessment.
