2026-2027 BULLETIN

Education Benefits

Each year we ask all families to fill out one application for all students in their household. An application can be submitted any time during the school year. Qualifying applications for Educational Benefits help schools secure funding for various programs & unlocks additional benefits for students and families beyond just meals. Schools can receive more state and federal funding for educational programs, resources, & technology.

Student PIN

Help your student(s) memorize their meal account PIN #. The PIN number will remain the same every year that your student is enrolled in an IGH school. They can use the image above to practice entering their PIN number on a keypad. This keypad looks just like the one at their school.

*Please see reverse side for how to find the PIN number.

Breakfast & Lunch Meals

All students will receive one breakfast & one lunch meal free of charge each day at school for the 2026-27 school year. Each meal must be a complete meal according to state and federal guidelines. All meals must include at least one serving of fruit or vegetables. Students with a negative balance can get free meals, but unable to purchase a la carte items.

A La Carte Items

A la carte items such as single milks, extra entrees and second meals will be an out-of-pocket expense. Outstanding negative meal account balances will remain in place from the previous school year(s). Students with negative balances are unable to purchase a la carte items until the negative balance is cleared.
