MALDEN CATHOLIC

Malden Catholic

Compassionate. Collaborative. Codivisional.

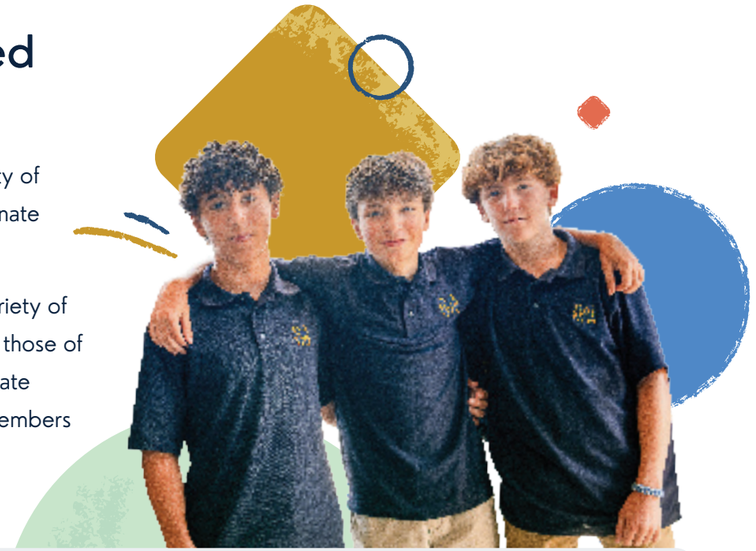

99 Crystal St, Malden, MA 02148 MaldenCatholic.org

A compassion-oriented Catholic education

We're proud to foster an enriching community of 6th–12th-grade students who are compassionate toward each other and those around them.

We recognize that students join us from a variety of faith traditions, which we honor. We ask that those of other faiths attend our services with appropriate respect to embrace their special place as members of the larger Malden Catholic community.

Our Values

Simplicity *Humility* *Compassion* *Trust* *Zeal*

Christian Service Requirements

Our vision for students is that they respond to the Xaverian Brothers' call to "fall in love with the service of God." To that end, we require high school students to complete service hours that uplift their communities.

Campus Ministry

We encourage students to deepen their relationship with God and their classmates through various occasions for prayer and reflection.

- Religious and leadership retreats for high school students
- School-wide Prayer Services
- School-wide Masses on Holy Days of Obligation
- Daily prayer
- Weekly praying of the Rosary

The collaborative, codivisional model

Malden Catholic is a school with two divisions: a Boys' Division and a Girls' Division. During the day, students learn in single-gender settings so that they may focus on academics. After school, students may come together to form more diverse friendships and learn from different perspectives. Co-curricular activities often include students from both the Girls' and Boys' Divisions, bringing balance and inclusivity to the campus environment.

Our aim with the codivisional model is to create well-rounded students prepared to learn and succeed in a diverse world.

Academics

Malden Catholic has a rich history of academic excellence, and our alums go on to study at some of the most competitive colleges in the country. We offer:

- A rigorous and robust curriculum centered on exploring essential questions and developing essential skills
- A challenging, flexible academic program that fosters life-long habits of intellectual curiosity, critical thinking, problem-solving, and independent judgment
- A holistic, student-centered approach to education that develops the skills students need to excel in college and thrive in the workplace

AP Courses

MC offers 19 different Advanced Placement (AP) courses that students may take for college credit and preparation. AP courses include:

- AP Capstone program
- Calculus I and Calculus II
- Computer Science, Physics, Biolog, and Chemistry
- World History, US History, and Government
- English Language and Literature
- Spanish and Italian
