

Dear Students and Families,

Welcome to the 2026–2027 school year! We are thrilled to welcome back our returning families, greet our incoming second graders, and meet all the new students joining the Coquille Valley Elementary community. Building positive relationships with our students is a core belief and central to everything we do at CVE. We strive for our students to look forward to school every day and grow into passionate, lifelong learners

Our theme this year is "Peace by Piece We Build Greatness," because every single student is an essential piece of our school community. Each child brings their own unique strengths, interests, and talents that make CVE whole. When we work together to foster kindness, respect, and hard work, those individual pieces come together to build a culture of true greatness. We look forward to seeing how each student grows and contributes to our school family this year!

This year, we are continuing our focus on attendance with Everyday Matters.

September is an important month because it sets the tone for positive attendance habits all year long. Building habits of regular, punctual attendance helps students stay connected, confident, and on track academically. When every child is here every day, those individual pieces come together to build a strong, successful school community. Thank you for making school attendance a daily priority!

We look forward to a fantastic year ahead!

Warmly,

Armando Ruiz
CVE Principal
