

Ashland Public Schools

Ashland School Committee Goals

Approved on September 9, 2026

- 1.** To “live” the Ashland Public School’s Strategic Plan by anchoring the School Committee agenda in discussion of the Plan, its strategic objectives, and ensuring all School Committee actions align with the Plan.
- 2.** To ensure District-wide financial accountability by receiving year-to-date reports of expenditures against budget and future projections on a quarterly basis (or more frequently if needed).
- 3.** To enhance communication with the Ashland community by, at a minimum, providing school-related content to be included in the Town Manager’s weekly electronic newsletter.
- 4.** To continue with the ongoing cycle of policy review, including the review of relevant Tri-Board financial policies.
- 5.** Evaluate the field rental process and, as necessary, adopt changes for the 2027-28 school year.
- 6.** Evaluate the District calendar, including, but not limited to, how the District recognizes religious holidays.
