- (Individual & Collaborative opportunities)

Minors - 35%

- In-Class Labs, Unit Quizzes
- Case Studies, and Critical Thinking Assignments

Practice - 10%

- In-class activities
- Canvas reinforcement Assignments
- Medical Terminology
- Group work related to class content

Late and Missing Work

- Students will have an equal number of days they are absent to complete any work or take any assessments for full credit whether the absence is excused or unexcused. If a student does not turn in their work from an absence or make up an assessment within equal number of days they are absent, the assignment or assessment will be considered late.
- Missing work will be labeled in Canvas with a zero and comment of Missing. that will reflect a zero in the gradebook until it is completed. The zero will be put in within two days of the absence to ensure parents and students can see their accurate grade in Canvas.
- If a student is present in class and does not turn assignments at the end of class as required, the assignment will be considered late.
- A deduction of 10 percent will be applied to all late work.
- Until the late work is turned in, a zero will be in Canvas. A comment of Missing will be added. Once the work is completed, the zero will be removed, the grade will be entered, and a flag of Late will be added in Canvas.
- Students will have one week after the end of the unit to hand in any missing work for that unit. Late points will still be deducted, but no work will be accepted for a grade after one week from the end of the unit.

Expectations

Independent Reading: Students must Read the entire Chapter for every Unit (Textbook)- online or physical copies of Book available

Medical Terminology: Students are responsible for studying their Unit Terms for Every Chapter

Notes: Students should take in-class notes in their notebooks - Notebook checks will be a minor at the end of each semester

Schedule Review Sessions if Needed

Device Policy

To support a focused and respectful learning environment, students are prohibited from accessing personal electronic devices during instructional time (FCS Board Policy IFBGA). Instructional time refers to any period during the school day when students are engaged in learning activities, including classroom instruction, discussions, independent work, class meetings and assessments.

Personal electronic devices include, but are not limited to: smartphones, smartwatches, tablets, laptops, headphones, e-readers, and any device capable of wireless communication, internet access, messaging, recording, gaming, or media playback.

All IA students will be issued an FCS device to use during the school day. It is the responsibility of the student to bring that device fully charged each day. It is the responsibility of the student to visit the IT office for any issues with that device.

Violations of this policy will result in disciplinary action in accordance with a tiered approach that is consistent with the FCSS Student Code of Conduct.

How does this look in our classroom?

Phones will be placed in the pocket organizer at the front of the classroom. Everything else must be in your bag. Phones will remain in the organizer for the entirety of class until students leave the classroom.
