The Vergennes Union High School Community

Vergennes Union High School, VUHS, serves students in grades 9–12 from the communities of Addison, Ferrisburgh, Panton, Vergennes, and Waltham. VUHS is located in rural Addison County, which is the fourth largest county in Vermont. Nestled between beautiful Lake Champlain and Vermont's Green Mountains, residents enjoy outdoor activities including farming, boating, hiking, skiing, and hunting.

VUHS offers a comprehensive curriculum that prepares students for both college and careers. Our students enjoy a wide variety of activities and athletics and have access to technical education through the nearby Patricia A. Hannaford Career Center.

Present Enrollment: 242

Size of Senior Class: 60

Teaching Faculty: 35

Proficiency-Based Learning and Grading:

VUHS uses a proficiency-based learning system that emphasizes what students know and can do in relation to clearly defined standards. Students demonstrate achievement in both academic content and transferable skills, including personal development, community connection, innovative thinking, and effective communication. This approach fosters meaningful learning, flexibility, personalization, and supports growth over time. Students receive ongoing feedback and multiple opportunities to demonstrate mastery.

Curriculum Overview / Academic Policy:

It is the policy of the Addison Northwest School District to ensure students can engage in rigorous, relevant and comprehensive learning opportunities that allow them to demonstrate proficiency in literacy, mathematics, scientific inquiry, global citizenship, physical education, artistic expression, and transferable skills. A student meets the requirements for graduation when the student demonstrates evidence of proficiency in these curriculum content areas.

Advisory: At VUHS, every faculty member serves as a mentor and advocate for a small group of 10–15 students. This structure ensures that each student is known well and supported throughout their high school journey, building strong, lasting connections with at least one trusted adult in the school community.

Flexible Pathways: VUHS students have access to a variety of flexible learning opportunities that extend beyond the traditional classroom. These include community-based learning experiences, Early College, and independent studies designed around student interests and goals, and up to two free Dual Enrollment (college) courses.

Patricia A. Hannaford Career Center: Technical programs at the Patricia A. Hannaford Career Center (PHCC) are available to both high school students and adult learners in the community. Twenty-two percent of the Class of 2027 have participated in PHCC programs. The center uses a 0–4.0 grading scale, with 2.0 as the minimum passing grade.

Grading System Notes:

The minimum passing score at VUHS is 2.5, which took effect during 2024–2025 school year. Prior to that, the lowest passing score was 2.6. All scores are unweighted. We do not publish individual student GPAs, though we do calculate cumulative course scores upon request. VUHS does not rank students.

Graduation Requirements:

Minimum of 22.5 credits

- 4 credits of English
- 3 credits of Math
- 3 credits of Science
- 3 credits of Social Studies
- 1 credit Visual or Performing Arts
- 1.5 credits of Physical Education
