Kicking off the 2026-2027 School Year: Reconfigured Schools on the East Side

Kicking off the 2026-2027 School Year: Transportation

Emails from parents:

- *Then my Northwood kiddo, bus pick up was 8:38 schedule, picked up at 8:41- that's amazing for a first day run! Just want ya to hear someone positive as well!*
- *My son who developed some school anxiety last year started to “feel sick” when we got to the bus stop this morning. I did some things to calm him down but could tell he was still nervous. Well the bus turned down the street and all the sudden he had a HUGE smile on his face. We got Mr. Eddie back as our bus driver (we had him two years ago). He makes such great connections with the kids and they love being on the bus with him. It’s a great way to start and end their day. The bus driver, Mr. Eddie, made a huge difference in my sons day today! :)*

Kicking off the 2026-2027 School Year: Transportation

Emails from parents cont'd:

- *The buses ran incredibly smooth and on time this morning – the first time in 6+ years my elementary kids arrived on time to school – so thank you very much for that positive change and immediate impact on my children. Thank you for the continued partnership and conversations, have a great week.*
