

CARMAN-AINSWORTH COMMUNITY SCHOOLS

Bond Project Update

September 2026

NEW SIGNAGE

Our schools are getting a fresh new way to welcome our Cavaliers! As part of the bond projects, new electronic building signs are being added to enhance the look and visibility of our school entrances.

The new signs will give our buildings a modern, welcoming feel while creating a great way to keep families and our community informed about what's happening in our schools.

We're excited to see these signs come to life and become a new part of the Carman-Ainsworth community!

C/A MIDDLE SCHOOL HVAC IMPROVEMENTS

Before

After

This summer, CAMS received a completely new HVAC system! The updated system will help provide a more comfortable learning environment while improving the efficiency and reliability of the building's heating and cooling.

This investment will make a meaningful difference in the day-to-day experience for our students and staff and will serve CAMS for years to come.

Bond Project Update

September 2026

DYE ELEMENTARY

Dye Elementary is undergoing a number of updates through the district's bond projects, with improvements focused on making the school more functional for students, staff, and families. A new bus drop-off area and updates to the parent loop and parking area will help create a smoother arrival and dismissal experience.

Work inside the building includes renovations to the office area and bathrooms. The gym is also being soundproofed, and new playground equipment will give students a refreshed space to play and enjoy. These improvements are bringing some exciting changes to Dye Elementary, and we look forward to seeing the finished spaces come together. We know these updates will make a meaningful difference for our students and the staff who support them each day.

CARMAN-AINSWORTH COMMUNITY SCHOOLS

Bond Project Update

September 2026

Rankin Elementary is getting an exciting and much needed facelift, as part of the district's bond projects. The improvements are creating a more functional and welcoming experience from the moment families

arrive, with a completely brand new parent drop-off area and additional parking in front of and east of the building. Inside, several areas of the school are being renovated, including a brand-new main office and updated classroom flooring. The building is also receiving a new roof and HVAC improvements, along with new playground equipment for students to enjoy. There is a lot happening at Rankin, and we know the wait will be worth it! We're excited to see these improvements come together and create an even better place for everyone to learn and grow.

Bond Project Update

September 2026

C/A MIDDLE SCHOOL PARKING LOT IS COMPLETE!

The new parking lot at Carman-Ainsworth Middle School is officially complete! We appreciate the patience and flexibility of our students, staff, and families throughout the summer as different entrances were temporarily closed to accommodate the project.

Thank you for your understanding as this work was completed. We're excited to have the new parking lot ready and look forward to everyone enjoying the improved space this school year!
