

Student Threat Reporting System

SEE SOMETHING? REPORT IT. ANONYMOUSLY. 24/7.

SEE

Pay attention to what's going on around you at school, online, and on the bus. If something seems off, out of place, or just not right, trust that instinct.

TELL

Tell a teacher, a counselor, the office, or the police, or submit a tip through See Tell Now. What you noticed matters and someone needs to know.

WHAT?

NOW

Don't wait. Don't assume someone else already reported it. When safety is on the line, better safe than sorry. Report it now.

WHAT CAN I REPORT?

- Threats, bullying, harassment, or intimidation (at school or outside school)
- Cyberbullying on Snapchat, Instagram, TikTok, or any platform
- Fights, drugs, alcohol, or weapons at school
- A friend who talks about hurting themselves

Every tip is reviewed by trained technicians 24/7/365 and sent to a CDACA administrator. Serious or immediate threats go straight to emergency dispatch. You can give your name or leave it off. It's your choice.
