Student Government

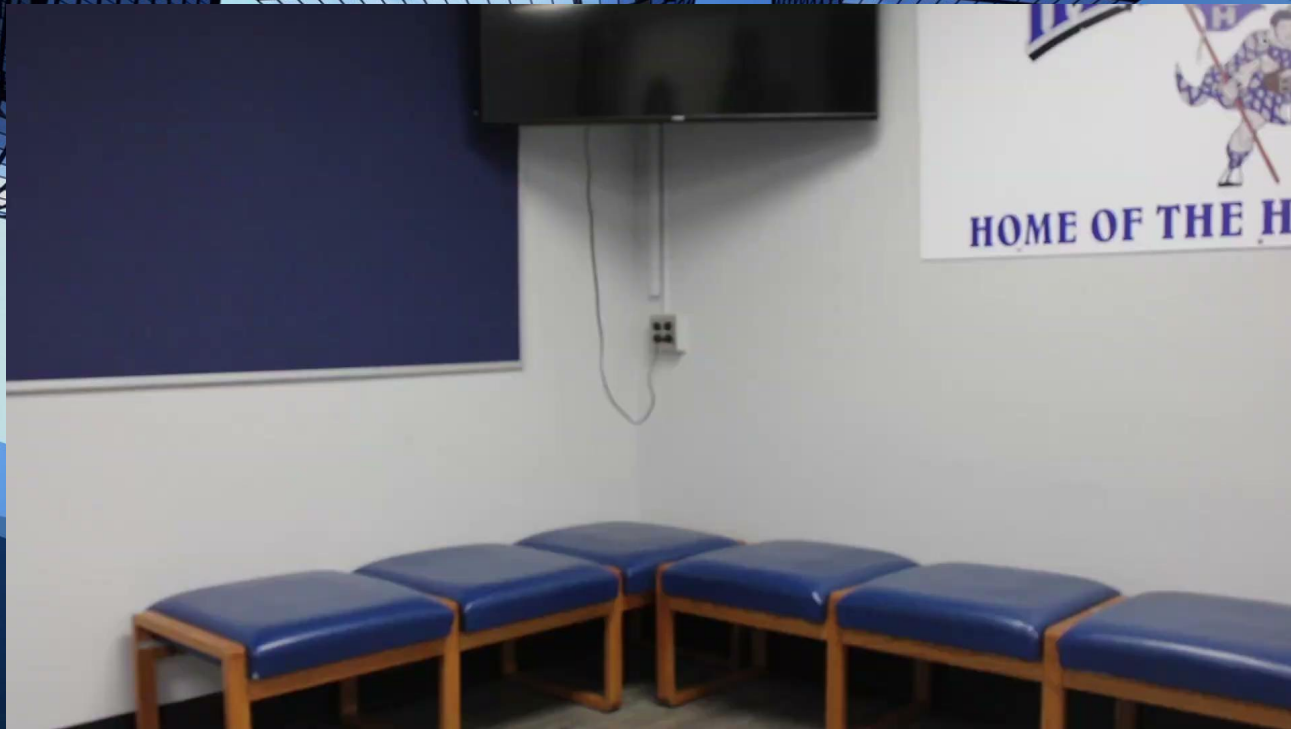

HERRICKS STUDENT GOVERNMENT

What is Student Government/Senate?

Herricks Student Government Senate gives students a voice in shaping the Herricks community. Senate members work together to plan school-wide events, address student concerns, promote school spirit, and make positive changes around the school. Each spring, students can run for an elected Senate position, campaign, and present themselves to their classmates before the student body votes. If you want to get involved, share your ideas, and make an impact at Herricks, Senate is the place for you!

MEETINGS: Once a month, Thursdays @ 7pm

Freshman Student Government

Do you want to help shape your freshman year? Your 9th Grade Student Government meets every Wednesday at 7:30 AM in Cafeteria B. Together, we plan exciting school events like Spirit Week, Battle of the Classes, and Prom. We also brainstorm unique fundraising ideas to bring these events to life and ensure everyone has an unforgettable school year filled with school spirit!

We want to hear from you! We have a dedicated Google Classroom just for our 9th-grade peers. This is your space to share suggestions for upcoming events and pitch the types of fundraisers you want to see. To join and get the class code, email us at iskurida30@herricksk12.org, or chlamcs30@herricksk12.org.

AI ETHICS

OUR GOAL IS TO EXPLORE HOW ARTIFICIAL INTELLIGENCE AFFECTS PEOPLE, SOCIETY, AND DECISION-MAKING, AND TO THINK CRITICALLY ABOUT WHAT'S RIGHT AND RESPONSIBLE IN THE AGE OF TECHNOLOGY.

OUR MAIN OBJECTIVES:

- DISCUSS REAL-WORLD CASES: ANALYZE ETHICAL DILEMMAS IN AI ACROSS LAW, MEDICINE, EDUCATION, BUSINESS, AND BEYOND.
- DEBATE DIVERSE PERSPECTIVES: ENCOURAGE OPEN DISCUSSIONS THAT BUILD EMPATHY, LOGIC, AND CRITICAL THINKING.
- THIS PAST YEAR WE INTRODUCED A MACHINE LEARNING SIMULATION WHERE STUDENTS TRAINED AN ALGORITHM TO RECOGNIZE ROCK PAPER AND SCISSORS. WE ALSO CONDUCTED SCHOOL WIDE RESEARCH ON HOW AI SHOULD BE USED BY TEACHER AND STUDENTS, BUILDING THE BASE OF OUR AI IN SCHOOLS DEBATE.

OPPORTUNITIES

1

Competitions

International Ethics Olympiad, National, High School Ethics Bowl, Pan-American AI Ethics, World AI Ethics Olympiad, TEKEthics Olympiad, Columbia Ethics, Global AI Debate

2

Guest Speakers

Columbia/Harvard University - other colleges alumni, professors, students, etc. I networked over the summer to find experienced professionals that can mentor our students in debate as well as expose them to college level material.

3

Workshops

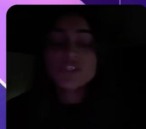

Our interactive workshops let students directly experience AI's real-world impact through hands-on activities like bias detection labs, self-driving car moral dilemmas, deepfake investigations, and data privacy simulations.

4

School Wide Webinars

School-wide webinars bring together teachers, parents, and students to discuss how AI influences education, safety, and privacy. We'll also teach about responsible AI use, digital safety, and how to protect your data and ethics at school.

The image features a dark red background with a repeating pattern of small, stylized floral or cloud motifs. A white rectangular border is centered on the page. Two red diagonal lines cross each other in the center of the white rectangle. At the top center, above the white rectangle, is a horizontal line with a cloud-like ornament in the middle and diamond-shaped ends. In the top left and right corners, outside the white rectangle, are decorative corner ornaments. At the bottom, there is a horizontal band of overlapping semi-circular or scallop patterns.

More About Our Builds:

Each year, our Habitat for Humanity club participates in **builds** where we get hands-on experience helping to build a home and make a difference in that community. During these builds, we work together and take part in different aspects of the construction process. It's a great opportunity to step outside of the classroom, learn new skills, and see firsthand how our work can help others. Most importantly, our annual builds allow us to come together as a club, give back to the community, and leave a positive and lasting impact through the work we do.
