

TAKING *FLIGHT*

Overbrook School for the Blind's Taking Flight Campaign is a multi-million dollar effort to enhance safety, accessibility and opportunity for current and future students.

OSB is committed to creating lasting impacts for our students, families and community partners. The Taking Flight Campaign reinforces OSB's position as a leader in the field of vision education and research.

Why Support

For nearly 200 years, OSB has transformed the lives of students with visual impairments through innovative and individualized education.

Yet students with visual impairments continue to face significant barriers in education, employment and independent living.

Today, OSB students have increasingly complex needs, requiring specialized programs, accessible spaces, advanced technology and expert staff to help them succeed.

The Taking Flight Campaign is an investment in changing what's possible for our students.

Your support will do more than transform OSB's campus—it will transform lives.

Together, we can give every child the opportunity to discover their strengths, achieve their potential and take flight toward a brighter future.

Initiatives

The Braille Signage Initiative will create a new commercial enterprise to expand OSB's life readiness programming and provide students with practical, transferable workplace skills.

CVI Complete is OSB's multi-faceted program designed to meet the needs of a growing population of children diagnosed with Cortical Vision Impairment.

OSBnb will be a fully accessible, school- and student-run bed and breakfast located in a Victorian house on OSB's campus. Designed to address accessibility barriers many travelers with disabilities continue to face, OSBnb's planned features will exceed Americans with Disabilities Act requirements.

The Personal Investing and Financial Literacy Course will equip students with visual impairments and additional disabilities with practical knowledge about budgeting, saving, investing and making informed financial decisions.

Goals

Improve safety and accessibility across campus

Expand OSB's adaptable learning spaces

Attract and retain expert staff

Secure and apply advanced technologies

Launch innovative entrepreneur programs

Expand the school's geographic reach

Increase awareness of OSB, its initiatives and the capabilities of its students

Broaden OSB's fundraising footprint
