Subject: Re: DC Incident Log: Other-South High--Low-The school was placed on hold for five minutes

Update

- This morning at Buena Vista, three BV students left the school through the north doors at approximately 0800. They departed to the north on foot. The three students were
 - o STUDENT 1 ID# [REDACTED] (Grade [REDACTED])
 - o STUDENT 2 ID# [REDACTED] (Grade [REDACTED])
 - o STUDENT 3 ID# [REDACTED] (Grade [REDACTED])
- The same three students entered South High property at approximately 0900. They are captured on security camera running north along 24th street where they meet a South High student STUDENT 4 ID# [REDACTED] who is waiting at the Northwest exterior door to let them in. They enter and the group of four proceed to the 3rd floor.

- The three BV students walked the 3rd floor with STUDENT 4, then returned to 2nd floor where STUDENT 4 leaves them. The three BV students continued to walk through the building, visiting several different floors and parts of the building. They briefly stop and speak with a small group of students on the third floor during passing period at 0907 but otherwise did not interact with any South High students.
- At 0910 the students entered the 4th floor north hallway, where a teacher recognized STUDENT 1, who is a FERPA and immediately reported him to a nearby dean. The dean quickly located and followed STUDENT 1 down the hallway. He radioed a security officer walking towards STUDENT 1 from the opposite end of the hallway and asked him to stop STUDENT 1. STUDENT 1 immediately becomes non-compliant and repeatedly tries to walk around security. At this point, STUDENT 2 and STUDENT 3 (who have not been recognized as intruders) continue walking and leave STUDENT 1 behind. They take the south stairwell down to the 1st floor and depart the building.
- Staff attempt to block STUDENT 1 from leaving by positioning themselves in front of him. He becomes physically resistant with security. Security and admin restrain STUDENT 1 but he continues to fight with them. Additional security and the SRO are called to assist.
- The SRO arrives at 0912 and verbally instructs STUDENT 1 to stop resisting. STUDENT 1 continues to fight with staff. The SRO puts on her taser glove and administers a shock to STUDENT 1 arm. This causes STUDENT 1 to become compliant long enough to be placed in handcuffs.
- During this time, admin calls on the radio for the hallways to be cleared. No hold was announced on the intercom, but security and admin staff cleared the hallways and stairwells of students to allow for the safe transport from the 4th floor to the admin office on the 2nd floor. South High resumed normal operations at 0915 when STUDENT 1 entered the office.
- South High admin called School Safety to report the situation with STUDENT 1, which was relayed to Buena Vista admin. Buena Vista Safety Team immediately advised that STUDENT 1 had left BV with the other two students and proceeded to assist the South High team with identifying and confirming the presence and subsequent departure of STUDENT 2 and STUDENT 3.
- STUDENT 1 was searched in the office and found to be in possession of a THC vape. STUDENT 1 continued to be non-compliant and hostile towards staff, so he remained in handcuffs while waiting for his mother to pick him up. STUDENT 1 used profanity and insulted multiple staff members, calling admin and the SRO "Ms. Piggy" and "Bitch". When asked his reasoning for coming to South, he stated he was there to "get his stuff" but did not elaborate.
- STUDENT 1 was seen by the nurse. No injuries were reported or observed. There are typically no adverse medical effects to employing a taser on a healthy adult.
- STUDENT 1 was cited for disorderly conduct and possession of the THC vape. South SRO is submitting a Use of Force report to the Chief's office due to her use of the taser glove. Mechanical restraints were left on STUDENT 1 for approximately 10 minutes due to his continuous non-compliance. SRO is working on a subpoena for OPS footage of the event as well. Footage has been reported and saved.
- STUDENT 1's mother was contacted and arrived at South High at approximately 1010. The SRO explained the charges to her and she released STUDENT 1. As soon as the SRO removed the handcuffs, STUDENT 1 walked away from his mother and departed the building. Mother was not concerned- she stated that she wanted him to walk home anyway. She also had no issues with the level of force used to restrain STUDENT 1 and even asked if he could be booked into DCYC.
- No-trespassing letters will be sent to all three Buena Vista students.
- The South High student responsible for the unauthorized entry will likely receive a short-term suspension.
- Code of Conduct consequences for Buena Vista students pending more information. I will provide them with a report and relevant footage to assist in determining consequences.
