LIU.EDU/HSS

The LIU High School Scholars Program offers high school students a unique opportunity to accelerate their college education. Through a wide range of dual-credit courses—applicable toward both the high school diploma and a bachelor's degree—LIU High School Scholars earn college credits while studying in their high school classrooms.

Prepare for College: Explore advanced topics in a supportive, hands-on learning environment designed to prepare students for college-level academic standards

Save Money: Courses are significantly discounted from on-campus tuition, at just \$290 per course you will be able to earn credits and get ahead in your college career while benefiting from more than 90-percent savings from the cost of a three credit course on campus

Follow Your Passions: Secure time for study abroad or double major and still graduate on time. Credits may be applied to undergraduate degree programs at Long Island University (or transferred to other institutions, as determined by the receiving institution)
