Oak City Academy Decision Guide

We know that choosing a school is a big decision. Before starting the Admissions process, we encourage you to reflect on **these 4 key considerations** to help you determine if OCA is the right fit for your family.

Faith & Values

- Does our family share OCA's Christian faith and values, per the OCA Statement of Faith?
- Are we looking for a school that actively anchors all they do in Jesus, not just Bible class?
- Are we ready to partner with the school in shepherding our student's walk with Christ?

Academic & Developmental Readiness

- Is my student generally tracking at or above academic grade level?
- Can my student function respectfully and autonomously in a classroom setting, respective to their age?
- Are we aligned with a Montessori, hands-on learning model, unique to many traditional classrooms?

Note: OCA is not best suited to support students needing significant learning, behavioral, or developmental support. OCA is unable to accommodate one-on-one learning plans or IEPs.

Financial Fit

- Can our family comfortably afford the net cost of tuition and fees?
- Do we understand our available NC state aid options?

Note: Application and other enrollment related fees are non-refundable.

Schedule & Logistics

- Is OCA's location and schedule realistic for our family's day-to-day rhythm?
- Can we reliably manage transportation to and from school and activities?

Note: Before-school care is not currently available. After-school care is available for TK–8th grade.
