Calendars

Every unit has a calendar similar to the one here.

The calendar is published on the Calendar channel on teams at the start of the unit and posted in the classroom in two different places. Students are directed to look at the calendar for due dates and upcoming activities.

As always, the calendar is subject to change!

Expectations

I expect the students to come with a positive attitude and a good work ethic...and their computers charged!

All work is turned in on Canvas, so students can always go back and review their assignments.
