

At Baird Elementary School, student mental health is a top priority and we are excited to announce our partnership with the N.E.W. Community Clinic to offer school based mental health. This opportunity improves access to behavioral health resources for our students and families. Please look at the flyer for more information and reach out to our school social worker, Sarah Ohearn at slohearn@gbaps.org or call Baird at 920-391-2410 to connect with this resource.
