EXHIBIT A THE PROJECT

SECTION I. BACKGROUND AND GOALS

Signed into law in May of 2019, the Student Success Act (SSA) is a historic opportunity for Oregon schools. The law is rooted in equity, authentic community engagement and shared accountability for student success.

SSA established the Student Investment Account (SIA) to provide Oregon school districts, eligible charter schools, YCEP, and JDEP with access to non-competitive grant funds. Each SIA applicant is required to collaborate with educators, students, families, and their community to develop a plan that outlines priorities and activities aligned to the allowable uses defined in law.

The SIA grants are designed to achieve two primary purposes:

- 1) Meeting students’ mental and behavioral health needs, and
- 2) Increasing academic achievement and reducing academic disparities for students from racial or ethnic groups that have historically experienced academic disparities; students with disabilities; English language learners; economically disadvantaged students; students who are homeless; and students who are foster children.

Achievement of these purposes will be measured through:

- Progress Markers;
- For the 2025-26 school year, Longitudinal Performance Growth Targets (LPGTs); and
- Beginning with the 2026-27 school year, Performance Growth Targets (PGTs), in accordance with SB 141 (2025).

Progress Markers are distinct from LPGTs and PGTs and remain a separate component of measurement. Progress Markers continue throughout the period of performance as a component of monitoring and continuous improvement.

These measures form the basis for the activities, outcomes, and reporting requirements described in the following sections of this Exhibit A and, as applicable, Exhibit B.

SECTION II. PROJECT DEFINITIONS

The following capitalized terms have the meanings assigned below for purposes of Exhibits A and B. Definitions are derived from the Act, applicable administrative rules, and the Guidance for Eligible Applicants issued by the Agency.

“Act” means the “Student Success Act” codified in 2019 Oregon Laws Chapter 122, as amended from time to time, inclusive.

“Allowable Project Costs” means Grantee’s actual costs that are reasonable, necessary, and directly related to the implementation of the Integrated Plan and are allowable uses of the Grant Funds under the Act.

“Baseline Targets” means the minimum expectations for improvement set forth in the Integrated Plan by the district in either: (i) raising academic achievement or (ii) reducing academic disparities and closing gaps, as further defined in the December 2019 “Guidance for Eligible Applicants”.

“Common Metrics” means the Five-Year Completion Rate, Third-Grade Reading Proficiency Rate, Ninth-Grade On-Track Rate, Regular Attendance Rate, and Four-Year On-Time Graduation rate used by the Agency to measure the success of activities funded by the SIA.

“Disaggregated” has the meaning given in section 12(a) of the Act.

“Five-Year Completion Rate” has the meaning given in section 12(b) of the Act.

“Focal Student Groups” means students from racial or ethnic groups that have historically experienced academic disparities, students with disabilities, English language learners, students who are economically disadvantaged, students who are homeless and students who are foster children.

“Four-Year on-Time Graduation Rate” means the percentage of students who received a high school diploma or a modified diploma within four years of the student beginning the ninth grade.

“Gap Closing Targets” or “Closing Gap Targets” means the reduction of academic disparities between groups of students especially for Focal Student Groups set forth in the Integrated Plan based on the February 2022 “Aligning for Student Success: Integrated Guidance for Six ODE Initiatives”.

“Integrated Programs” means the integration of the following nine programs: High School Success (HSS), Student Investment Account (SIA), Continuous Improvement Planning (CIP), Career and Technical Education-Perkins V (CTE), Every Day Matters (EDM), Early Indicators Intervention Systems (EIS), Early Literacy School District Success Grants, Federal School Improvement (FSI) and Career Connected Learning. Together operationally, integrating these programs creates opportunities to improve outcomes and learning conditions for students and educators. Working within existing state statutes and administrative rules, Agency developed an Integrated Programs framework for success that meets the core purpose of each program while trying to create a stronger framework from which progress, long-term impact, and learning approach to monitoring and evaluation is a hallmark of high-performing educational systems. This work is informed through Integrated Guidance.

“Integrated Plan” means the Grantee’s approved biennial plan developed following the Integrated Guidance, which includes the SIA, which has a focus on increasing academic achievement by all students, reducing academic disparities for identified student groups, and meeting students’ mental and behavioral health needs in addition to other needs deemed important at each school, stated outcomes, strategies, and activities The Integrated Plan may only be adjusted with approval from ODE staff in order to align with the anticipated outcomes and approved by Agency.

“Longitudinal Performance Growth Targets (LPGTs)” means the required common metrics and optional locally defined metrics, including targets related to student mental and behavioral health needs, included in Grantee’s Integrated Plan.

“Ninth-grade On-Track Rate” has the meaning given in section 12(d) of the Act.

“Performance Growth Targets (PGTs)” means targets developed by the Grantee to measure a Grantee’s progress toward statewide metric targets, based on longitudinal student data and in accordance with ORS 327.190 and Sections 2-6 of Senate Bill 141 (2025). PGTs are developed in collaboration with the Agency and are subject to Agency review and acceptance. PGTs include measures of overall student outcomes and disaggregated student group outcomes and are established to support continuous improvement and accountability.

EXHIBIT B

COMMON AND CUSTOMIZED PERFORMANCE FRAMEWORK

SECTION VII. PROGRESS MARKERS FOR 2025-2027 BIENNIUM

The Progress Markers outlined in this Exhibit B provide a framework for measuring the outcomes and activities described in Exhibit A. They support a developmental approach to evaluation, focusing on the types of changes that result from distinct investments. Grantees will provide updates toward these Progress Markers through the quarterly and annual reports. The fifteen Progress Markers below are organized into three categories: A ‘Start to See,’ B ‘Gaining Traction,’ and C ‘Profound Progress,’ representing advancement from early signs of progress to substantial and transformational changes.

- A. “Start to See: Early Signs of Progress”** Based on your investments and activities, what changes or contributions are you noticing? What practices are improving?
- B. “Gaining Traction: Intermediate Changes”** Based on your investments and activities, are you seeing any of these impacts?
- C. “Profound Progress: Substantial and Significant Changes”** Based on your investments and activities, are any of these more transformational changes noticeable?

A. Start to See: Early Signs of Progress

1	Community engagement is authentic, consistent, and ongoing. The strengths that educators, students, families, focal groups, and tribal communities bring to the educational experience informs school and district practices and planning.
2	Equity tools are utilized in continuous improvement cycles, including the ongoing use of an equity lens or decision-tool that impacts policies, procedures, people/students, resource allocation, and practices that may impact grading, discipline, and attendance.
3	Data teams are formed and provided time to meet regularly to review disaggregated student data in multiple categories (grade bands, content areas, attendance, discipline, mental health, participation in advanced coursework, formative assessment data, etc.). These teams have open access to timely student data and as a result decisions are made that positively impact district/school-wide systems and focal populations.
4	Schools and districts have an accurate inventory of literacy assessments, tools, and curriculum being used, including digital resources, to support literacy (reading, writing, listening, and speaking). The inventory includes a review of what resources and professional development are research-aligned, formative, diagnostic, and culturally responsive.

B. Gaining Traction: Intermediate Changes

5	Two-way communication practices are in place, with attention to mobile students and primary family languages. Families understand approaches to engagement and attendance, literacy strategy, math vision, what “9th grade on-track” means, graduation requirements, access to advanced/college-level courses and CTE experiences, and approaches to supporting student well-being and well-rounded education.
---	--

6	Student agency and voice is elevated. Educators use student-centered approaches and instructional practices that shift processes and policies that actualize student and family ideas and priorities.
7	Action research, professional learning, data teams, and strengths-based intervention systems are supported by school leaders and are working in concert to identify policies, practices, or procedures informed by staff feedback to meet student needs, including addressing systemic barriers, the root-causes of chronic absenteeism, academic disparity, and student well-being. These changes and supports are monitored and adjusted as needed.
8	Comprehensive, evidence-informed, culturally responsive literacy plans, including professional development for educators, are documented and communicated to staff, students (developmentally appropriate), and families. Literacy plans and instruction are evaluated and adjusted to deepen students' learning. Digital resources are being used with fidelity to advance learners' engagement with instruction.
9	A review of 9th grade course scheduling, as it relates to on-track status for focal student groups, accounts for core and support core class placement. School staff ensure emerging bilingual students are enrolled in appropriate credit-bearing courses that meet graduation requirements.
10	Foundational learning practices that create a culturally sustaining and welcoming climate are visible. This includes practices that ensure safe, brave, and welcoming classrooms, schools and co/extracurricular environments. Strengths-based, equity-centered, trauma and SEL-informed practices are present and noticeable. Policies and practices prioritize health, well-being, care, connection, engagement, and relationship building. Multiple ways of being are supported through culturally affirming and sustaining practices for students, staff, and administrators.

C. Profound Progress: Substantial and Significant Changes

11	Schools strengthen partnerships with active community organizations and partners, including local public health, mental health, colleges, workforce development boards, employers, labor partners, faith communities, Tribal nations, and other education partners in order to collaboratively support students' growth and well-being. Characteristics of strong partnerships include mutual trust and respect, strengths-based and collaborative approaches, clear communication around roles, and shared responsibilities and decision-making power.
12	Financial stewardship reflects high-quality spending with accurate and transparent use of state and federal funds in relationship to a comprehensive needs assessment, disaggregated data, and the priorities expressed by students, families, communities, business, and Tribal partners in resource allocation and review.
13	Students and educators experience a well-rounded and balanced use of assessment systems that help them identify student learning in the areas of the Oregon State Standards. Educators understand how to assess emerging multilingual students' assets to inform gauging progress.
14	Policies, practices, and learning communities address systemic barriers. Schools and districts have a process to identify, analyze, and address barriers that disconnect students from their educational goals, impact student engagement or attendance, and/or impede students from graduating on-time or transitioning to their next steps after high school. Staff members are consistently engaging in action research, guided by student's strengths and interests, to improve their practice and advance professional learning.
15	Schools create places and learning conditions where every student, family, educator and staff member is welcomed, where their culture and assets are valued and supported, and where their voices are integral to decision making. Instruction is monitored and adjusted to advance and deepen individual learners'

knowledge and understanding of the curriculum. Educators are empowered with agency and creativity. Communities are alive with visions, stories, and systems of vitality, wholeness, and sustainability.

SECTION VIII. FINALIZED CO-DEVELOPED LPGTs

The Longitudinal Performance Growth Targets (LPGTs) include baseline, stretch, and gap-closing targets for each of the common metrics. These targets center focal student groups while supporting public transparency and learning.

The LPGTs, including all associated tables and data previously set forth in this Section, are incorporated by reference and are not restated in this Amendment.

The parties further acknowledge that LPGTs apply through the 2025–26 school year and sunset June 30, 2026. The sunset of LPGTs does not affect the validity of the previously established targets or their use for reporting, accountability, or audit purposes for the applicable period.

Progress toward meeting these LPGTs will be included in the Annual Report for the 2025–26 school year.

SECTION IX. APPROVED LOCAL OPTIONAL METRICS (if applicable)

Local optional metrics are designed to allow grantees to set and monitor metrics connected to outcomes they have described in their Integrated Plan.

The Local Optional Metrics, including all associated tables and data previously set forth in this Section, are incorporated by reference and are not restated in this Amendment.

The parties further acknowledge that Local Optional Metrics apply through the 2025–26 school year and sunset June 30, 2026. The sunset of Local Optional Metrics does not affect the validity of the previously established targets or their use for reporting, accountability, or audit purposes for the applicable period.

SECTION X. PERFORMANCE GROWTH TARGETS (PGTs)

PGTs will be developed in accordance with Senate Bill 141 (2025) and apply beginning with the 2026-27 school year.

PGTs will be established by Grantee in collaboration with the Agency, subject to Agency review and approval, and maintained by the Agency as part of its official system of record.
