Additional Group Questions:

- Where will yearbooks at in-campus libraries go? Could they go to the public library?
- Can we take the rocks? (PLES)
- The superintendent stated on the news that we will be getting “white glove treatment”—what does that include & when will that begin?
- Seniority needs to be considered when doing staff placements
- When allowing teachers to “pref” a campus, the process should consider seniority as a priority. Teachers who have been in the district for 20 years should get their preference before a first year teacher
- Can there be a plan in place to ensure a space for our music, art, and PE teachers?
- Can communication send an update to the entire district about where the optimization information is posted? To be transparent.
