Introduction

The Smyrna School District is committed to providing a safe, drug-free, and positive school climate that fosters student success. Achieving this goal requires a strong partnership between school personnel and parents/guardians. By promoting the values of responsibility, compassion, integrity, perseverance, and respect, we can create environments that support the academic, social, and emotional growth of every student.

We are dedicated to a **restorative and trauma-informed approach** to student behavior. Restorative practices are proactive and responsive strategies that focus on building and repairing relationships. Our goal is to create healthy communities, enhance social learning, reduce anti-social behavior, and educate the whole child. Using a **Multi-Tiered System of Support (MTSS)**, we blend social-emotional development with academic achievement to meet the diverse needs of all students.

At the Smyrna School District, we are committed to ensuring that students:

- Feel welcomed and excited about learning
- Believe they are supported by their teachers, administrators, and staff
- Are treated equitably and fairly
- Experience opportunities for social and emotional growth alongside academic learning
- Learn in positive and safe environments
- Understand their role as contributing members of the school and broader community
- Recognize that rules and laws exist for their protection and well-being
- Grow and learn through the application of the Student Code of Conduct

We focus on educating the **whole child**, providing deliberate attention to academics, social-emotional learning, athletics, and extracurricular opportunities. Success requires a partnership between the school and families to prepare students to become responsible, productive citizens.

The **application of the Code of Conduct** is seen as part of students' social and emotional development. Infractions should be viewed as learning opportunities. Strong collaboration between home and school is essential. Together, we can use both minor and major incidents as teachable moments to promote student growth. When either side fails to treat violations as learning experiences, it sends mixed messages and hinders student development.

Students, parents/guardians, and staff are expected to become familiar with the contents of this document.

What is the Student Code of Conduct?

The Student Code of Conduct is an official declaration by the Smyrna School District Board of Education that:

- Outlines the responsibilities and rights of students
- Defines expected conduct to maintain a positive, safe learning environment
- Establishes standardized disciplinary procedures
- Details appeal processes
- Includes relevant State and Federal laws and regulations.

Note: The Code of Conduct applies to students in Grades K-12. It does not apply to preschool or pre-kindergarten students.

School administrators have the discretion to determine appropriate disciplinary actions based on the severity and frequency of offenses. Administrators may apply consequences listed in the Code as needed; they are not required to follow a sequential order.

A copy of the Student Code of Conduct is distributed (via email or paper) to all students upon school entry and is available on each school's website. Each school also holds an orientation to the Code of Conduct at the start of the year.

When is the Student Code of Conduct Applicable?

The Student Code of Conduct applies:

- On school property before, during, and after regular school hours
- On school buses for any purpose
- At all Smyrna School District-sponsored events and activities under staff supervision
- During incidents off school property that result in criminal charges and/or pose a threat to the health, safety, or welfare of students or staff

Out-of-school conduct may lead to disciplinary action, including recommendations for expulsion (up to 180 school days), for offenses such as:

- Acts of violence punishable by law
- Sexual offenses punishable by law
- Sale, transfer, or possession of drugs or drug paraphernalia
- Felony charges

Exception: Expulsions as a result of violations of the Guns Free Schools Act are 1 calendar year.

Students with Disabilities

An IEP team or Section 504 team meeting shall be conducted for students with a disability if disciplinary removal from school for more than ten (10) days, alternative placement, or expulsion is recommended. Ten (10) days can be consecutive or cumulative. The student's disability must be identified, as defined by Federal and State laws and regulations.

What is a Healthy School Environment?

A healthy school environment is one that is:

- Safe, supportive, welcoming, and inclusive
- Engaging, offering meaningful educational opportunities
- Guided by a Multi-Tiered System of Supports (MTSS) across academic, behavioral, social-emotional, and cultural domains
- Free from behavior that threatens health, safety, welfare, or learning
- Free of drugs, weapons, and illegal activities
- Respectful of diversity among students and staff

Establishing a Healthy School Environment Through MTSS

The Smyrna School District uses a Multi-Tiered System of Support (MTSS) to promote academic, social, emotional, and behavioral growth:

- **Tier I:** Universal strategies supporting all students.
- **Tier II:** Targeted supports for students needing additional assistance.
- **Tier III:** Intensive, individualized interventions.

Through MTSS, students are expected to uphold district expectations, fostering a positive school climate.

Expectations for Students, Parents/Guardians, and School Personnel

Students will:

- Attend all classes daily and on time
- Be prepared for class assignments and activities
- Respect people and property
- Use appropriate language and behavior
- Act safely and responsibly
- Are responsible for their own work and behavior
- Follow district rules and regulations
- Seek changes in an approved, respectful manner

Parents/Guardians will:

- Stay engaged with the school regarding their child's progress and behavior
- Maintain updated contact information with the school
- Support regular, punctual attendance
- Provide necessary materials for learning
- Address concerns respectfully with staff
- Notify school officials of concerns affecting their child or others
- Discuss academic progress and behavior with their child
- Attend parent-teacher conferences
- Collaborate with the school on solutions and improvements
- Uphold respectful treatment of administration and staff in accordance with:

SSD Board Policy: [1100 Civility](#).

School Personnel will:

- Maintain regular attendance and professionalism
 - Foster respect for all persons and property
 - Communicate clearly and respectfully
 - Model safe, responsible behavior
 - Implement and uphold district policies
 - Encourage positive behavior and active learning
 - Offer flexible, inclusive curricula
 - Promote strong staff-student relationships
 - Engage parents/guardians and community resources to support student growth
-

Bus Privileges

The Student Code of Conduct will apply to all violations to and from school, while boarding, riding, or exiting buses. Code of Conduct violations which occur on the bus may result in the suspension of bus-riding privileges. Students must follow bus safety regulations as follows:

- Keep your hands, feet, and objects to yourself and inside the bus
 - Listen and follow directions from the bus driver and/or bus aide
 - Stay seated while on the bus
 - Students only ride their assigned bus and get on and off at their designated stop unless otherwise approved by the principal or transportation supervisor
 - Parents/Guardians are not allowed to enter the bus. Any concerns must be addressed with the building administrator and/or transportation supervisor.
-

Search and Seizure Procedures (see SSD Procedure 5102 Student Searches)

Smyrna High School is committed to maintaining a safe learning environment. Students have the right to be free from unreasonable searches. Random searches are conducted only for school-wide safety purposes and are not used to target specific students. Searches are conducted respectfully, fairly, and in accordance with state and federal law.

Students and their belongings may be searched when reasonable suspicion exists regarding distribution, possession or use of drugs, alcohol, weapons, or other prohibited items.

- Lockers are property of the school and subject to search.
- Student vehicles may be searched under reasonable suspicion, refusal results in loss of parking privileges and possible police involvement.
- Law enforcement and trained K9 units may periodically conduct safety scans.

School Administration & In Loco Parentis Rights

The term *in loco parentis*, Latin for "in the place of a parent" refers to the legal responsibility of a person or organization to take on some of the functions and responsibilities of a parent. Originally derived from British common law, it allows institutions such as colleges and schools

to act in the best interests of the students as they see fit, allowing what would otherwise be considered violations of the students' civil liberties.

School staff exercise authority over students equivalent to that of a parent under **Delaware Code Title 14, Chapter 7, § 701 (b)**, including removal from classrooms or activities for safety and discipline purposes.

Delaware Code, Title 14 (Education), Chapter 7 (Lawful Authority of Teachers Over Pupils), §701 (b) states: *While a student is entrusted in their care or supervision, public school teachers and administrators have the same authority to control the behavior of the student and to discipline or punish the student as a parent, custodian, guardian or other person similarly responsible for the care and supervision of the student except as provided in § 702 of this title. The authority includes removing a student from a classroom or school-sponsored activity.*

Student Due Process Rights

All students must be informed of the violation(s) and the range of disciplinary actions that can accompany the violation(s). The Code of Conduct is available to all students and families on the Smyrna School District website (print versions are available upon request) and disseminated and explained to students on a yearly basis.

Each student involved in a situation which may result in a disciplinary action must be given the following due process by the administrator/designee:

- Informed of the allegation(s) against them, the conduct which forms the basis of the allegation(s), and explained the policy, rule, or regulation violated.
- Given an explanation of the evidence supporting the allegation(s) and an opportunity to present their side of the story, including any evidence, witnesses, or questions.

A student whose presence in the school environment poses a threat to the health, safety, or welfare to persons or property within the school environment, as determined by the principal/designee, may be immediately removed from the school provided that, as soon as practicable thereafter, the due process procedures are followed.

Parents/guardians are to be informed of incidents as soon as possible either by phone verbally or written notice. Reasonable efforts shall be made to include the allegedly offending student or parent/guardian in an investigation.

Students and their parent/guardian, as their representative, are afforded the right to appeal assigned discipline. A student appeal procedure is a mechanism by which a student may seek to remedy the situation where they feel they have been treated unfairly or were not afforded due process. A grievance can be filed if a student has not been able to obtain a resolution in a less formal manner.

Grievance Procedures

Disciplinary action may only be appealed to the next administrative level for failure of the school administration to follow any of the following reasons:

- Inappropriate due process
- Incorrect consequence per the Code of Conduct
- Incorrect charge or charge not supported by substantial evidence

Upon initiation of the appeal process, penalties shall not be implemented until the student ceases or exhausts their appeal. This “stay-put” provision does not apply in the following cases:

- If the student is being suspended as a first step in the Alternative Placement process

- If the student has been charged with a criminal offense for an act committed outside of school
 - If the Principal determines the act allegedly committed by the student is a threat to the health, safety, or welfare of the staff or other students in the building
1. If after an administrator or their designee meets with the student and/or parent during a conference (either in-person, virtual, phone call, or email correspondence) to discuss a Code of Conduct violation(s) and the disciplinary consequence; a student and/or parent/guardian who would like to appeal to the next level administrator, the student or parent/guardian must express their intent to appeal within **24 hours** of the initial disciplinary action conference.
 2. The student and/or parent/guardian must put the reason for the appeal in writing within **three (3) business days** following the disciplinary outcome/action being appealed. The written request must identify what decision is being appealed and why to the appropriate level of administration.
 3. Within **three (3) business days** of the written submission, the appeal will be decided upon by the next level administrator and addressed with the student and/or parent/guardian during a conference (either in-person, virtual, phone call, or email correspondence). A written determination shall be issued by the next level administrator who investigated the appeal within **three (3) business days** of receipt of the appeal and conference.
 4. A student/parent/guardian wishing to appeal the school's written determination must file a written appeal of that determination with the Superintendent or designee no later than **three (3) business days** from the date of receipt of the principal's written determination.
 5. The Superintendent or designee shall schedule a conference (either in-person, virtual, phone call, or email correspondence) to hear the appeal no later than **five (5) business days** following receipt of the notice of appeal and shall issue a written determination, in writing, no later than **five (5) business days** following the appeal conference.
 6. The determination of the Superintendent's Office shall be the final decision of the school system. A copy of the Superintendent's Office final determination shall be sent to all involved parties no later than **five (5) business days** following the date of the conference.

Uniform Definitions for Student Conduct which may result in Alternative Placement or Expulsion

Pursuant to 14 Del.C. §122(b) (26), this regulation provides uniform definitions for student conduct which may result in alternative placement or expulsion. This regulation shall apply to all school districts and charter schools. Nothing contained here shall be interpreted to require the alternative placement or expulsion of a student, nor shall this regulation be interpreted to restrict the ability of school districts and charter schools to determine which student conduct shall result in expulsion or an alternative placement. Please see [Smyrna School Board of Education Policy 5113](#) for more information on the Alternative Placement Process or Expulsion procedures.

Glossary of Terms

Alternative Placement Process: A process that begins at the conclusion of an administrative investigation, as result of a severe or repetitive Code of Conduct violation(s) listed within the Code of Conduct in which a principal is requesting a referral for Alternative Placement for the student after the administrative investigation is complete. An Alternative Placement Team Meeting will take place to determine if any alternative setting is appropriate for the referred student. The Alternative Placement Team will decide on whether to assign a student to an Alternative Placement Program.

Alternative Program: A school discipline improvement program that provides Appropriate Educational Services that has been created for students whose behavior(s) is within the defined conduct under 14 DE Admin. Code 614. This includes any programs managed by a school district/charter or the Consortium Discipline Alternative Program.

Business Day: A day in which schools are open with Administration present.

Counseling Referral: A referral to the school counselor, Wellness Center, or outside counseling agency.

Discipline Referral: Formal documentation completed by the staff and returned to Administration with information about an incident or student behavior that occurred.

Expulsion: A disciplinary action approved by the Board of Education resulting in a student being removed from the Regular School Program for a duration not to exceed the total number of student days in a school year. A student expelled without Appropriate Educational Services shall be unenrolled from the district/charter during the term of the expulsion. Whether the expulsion is with or without educational services (including Alternative Placement), the expelled student is not eligible to enroll in any other Delaware public school during the period of the expulsion and until any reasonable terms of the expulsion are fulfilled.

In-School Suspension (ISS): The temporary removal of a student from the area indicated by the regularly assigned schedule.

Intervention Plan: A collaborative plan between a student, their parent/guardian, and the school team (administrator, teacher, counselor, other staff member if needed) that identified areas of growth and resources for the student to be successful in school.

Multi-Tiered System of Support (MTSS): Delaware Regulations Administrative Code: *Title 14: Section 500 Curriculum and Instruction, Subsection 508 defines MTSS as a framework that is designed to meet the needs of the whole child through an integrated multi-level prevention system that optimizes team-based leadership and data-driven decision making to meet the academic and non-academic needs of all students.*

High quality core academic instruction and non-academic practices as universal supports to all children. Evidence-based intervention and supports are matched to student needs and informed by ongoing progress monitoring and additional formative assessments.

Out-of-School Suspension (OSS): A form of short-term suspension that can be applied as a consequence for violating the Code of Conduct. The duration shall not be more than ten (10) consecutive school days for any single conduct violation or combination of violations which occurred during a single disciplinary incident. Student will still be responsible for class work and assignments during out-of-school suspension.

The Superintendent shall have the right to temporarily extend a student's suspension beyond the ten (10) school day limit pending an Alternative Placement Process decision or Board of Education decision regarding a Discipline Hearing or other formalized disciplinary action hearing for the student. A student whose suspension has been temporarily extended beyond ten (10) consecutive school days shall receive Appropriate Educational Services beginning on the first day of the extension. Educational services shall continue until the student's Alternative Placement Process decision has been rendered or the Board of Education decision regarding the student's expulsion hearing or other formalized Disciplinary Action hearing has concluded.

Outside Agency Referral: Directing the parent/guardian or student to an agency or individual to meet the needs of the student when those needs extend beyond the scope of expertise of school-based personnel.

Parent/Guardian Conference: A conference that can occur via telephone, virtually, or in person with the parent/guardian, student, and school team. The purpose of the conference is to collaborate and create a detailed action or intervention plan outlining interventions, options, and/or steps for the student to be successful and avoid the accumulation of additional/repeat Code of Conduct violations. Interventions can include, but are not limited to: change of class, time-outs, check-ins, identification of trusted adult(s) [for the student to talk with in and out of school who can be reached if necessary], breaks, counseling plan, wellness plan, and identified goals.

Parent/Guardian Pick Up: A parent must come to school to pick up student property that has been safely stored in a secure location by Administration after a Violation of Electronics, Communication, and Equipment Policy S0311.

Police Notification: The notification to local law enforcement of an incident that occurred on school property during or after school hours that must be reported per Delaware law or Smyrna School District policy.

Restitution: Reimbursement for an object that was taken or damaged from them that has monetary value. This should be a collaborative consequence with the parents involved.

Restorative Practices: The deliberate and intentional use of tools and strategies that facilitate the growth of healthy relationships and communities. The purpose of Restorative Practices is to strengthen relationships between individuals and increase community connections. Restorative Practices are primarily proactive but can be used as a way to restore harm following an incident/Code of Conduct violation. See below for intervention technique examples:

Intervention Technique	Examples
Self-Reflection	Worksheet with questions to work through, interviews.
Apology or Appreciation Letters	Given to those involved in the incident
Restorative Contract	Formal agreements generated that have specific timelines and check-ins on progress
Restitution Agreements	Agreements to dedicate time to restore damage to property
Project-Based Assignment	Creating PSA videos, a paper, and community-based projects
Assisting Others	Assisting custodial staff, teachers, administrative assistance, or community members
Regular Check-Ins	Designated person to connect with student on progress and reflect
Research Projects	Researching negative outcomes of behavior or potential alternative solutions for the future, can be presented to others
Volunteer Opportunities	Connections to community members or school-based initiatives to give back

Social Suspension: A period of time in which a student is not allowed to participate/attend any non-academic school-based functions.

School-Based Intervention Program (SBIP): As explained in Delaware Regulation: Administration Code: Title 14: Section 600, Subsection 609 District and School-Based Intervention Services should include both short-term and long-term intervention strategies that include character education, short-term and or long-term counseling to improve behavior which impacts educational performance, and methods to identify the need to refer student for additional services within the District or to other agencies.

Interventions include but are not limited to: In-School Suspension, lunch detention, time outs, and reflection time.

Time Out: A temporary, supervised behavior management technique, which provides opportunities to regain emotional regulation.

Appendix A : Tardiness to School and Class

The following information further clarifies discipline specific to tardiness to school and class. *Tardiness* is the act of being late to school or class without a valid excuse.

1st Consequence (Cumulative 6 lates, to include all classes)

- Restorative Practices Intervention; AND
- 90 Minute After School Detention; OR
- 1 Period of SBIP (Administrator will decide assigned period)

2nd Consequence (Cumulative 12 lates, to include all classes)

- 90 Minute After School Detention; OR
- 1 Period of SBIP (Administrator will decide assigned period) and
- Parent/Guardian Conference with the school team to discuss intervention plan

3rd Consequence (Cumulative 18 lates, to include all classes) *subsequent consequence upon every 6th late*

- 1 Day SBIP
- Parent/Guardian Conference with the school team to discuss intervention plan

When a student exceeds 18 cumulative tardies the following will be applied:

Tardies for each class will count into the total number of absences using the calculation that 3 tardies is equivalent to 1 day absent. These absences will count in the total used to evaluate if the student can earn credit for the course. If the total number of absences, including the tardies, exceeds 20 days then the student is at risk of not earning credit for the course even with a passing grade. **See example below.**

Course	Absent	Tardy	Total Absences including tardies	Credit Earned?
Huddle	4	1	4	Yes
Eng 3	15	24	23	No
US History	11	6	13	Yes
Psychology	20	21	27	No
Alg 2	28	5	29	No
Chemistry	18	23	25	No
Marketing	11	0	11	Yes
Accounting	13	2	13	Yes
Spanish 3	11	4	12	Yes

Appendix B : Electronic Device Policy

The following information further clarifies discipline specific to personal electronic device violations. Per Smyrna School District Policy, personal electronic devices must be turned off and secured in a designated area during all instructional periods unless a medical exemption exists. This applies to all personal electronic devices, including devices capable of audio, video, or image recording, as well as wearable technology such as smart watches and smart glasses. Medical exemptions only apply to uses of personal electronics for medical reasons. The use of personal electronic devices for medical exemptions must be pre-approved by the Smyrna School District.

1st Violation

- Discipline referral S1009
- Confiscation of personal electronic device for the remainder of the school day.
- Students may retrieve the personal electronic device from the school's main office at the end of the school day.

2nd Violation and All Subsequent Violations

- Second or subsequent violation will result in a referral S1009
- Confiscation of personal electronic device for the remainder of the school day.
- Parent/Guardian may retrieve the personal electronic device from the school's main office during normal business hours.

Appendix D: Guns Free School Act

1. In compliance with the Federal “Guns Free School Act of 1994”, the following policy shall apply to all students in the District:

Possession of a firearm on school property, in a school bus, or at any school-sponsored event or activity shall result in expulsion for a period of not less than one year, with a referral to the criminal justice or juvenile delinquency system. The Superintendent may modify such expulsion requirement to the extent a modification is required by Federal or State law. The procedure to implement this policy will be the expulsion procedures outlined in the District’s Student Code of Conduct. For purposes of this policy, the term “weapon” as used in the Federal “Gun Free Schools Act of 1994” means a “firearm” as defined in Section 921 of Title 18, United States Code.

2. Definition of “firearm”:

The term “firearm” means –

- (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive;
- (B) the frame or receiver of any weapon;
- (C) any firearm muffler or firearm silencer; or
- (D) any destructive device. Such term does not include an antique firearm.

3. Definition of “destructive device”:

The term “destructive device” means –

- (A) any explosive device, incendiary, or poison gas - bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or device similar to any of the devices described in the preceding clauses.
- (B) any type of weapon (other than a shotgun or a shotgun shell which the Attorney General finds is generally recognized as particularly suitable for sporting purposes) by whatever name known which will, or which may be readily converted to, expel a projectile by an action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter, and
- (C) any combination of parts either designed or intended for use in converting any device into any destructive device described in subparagraph (A) or (B) and from which a destructive device may be readily assembled.

The term “destructive device” shall not include any device which is neither designed nor redesigned for use as a weapon; any device, although originally designed for use as a weapon, which is redesigned for use as a signaling, pyrotechnic, line throwing, safety, or similar device; surplus ordnance sold, loaned, or given by the Secretary of the Army pursuant to the provisions of section 4684(2), 4685, or 4686 of title 10; or any other device which the Attorney General finds is not likely to be used as a weapon, is an antique, or is a rifle which the owner intends to use solely for sporting, recreational or cultural purposes.

4. Definition of “antique firearm”:

The term “antique firearm” means any firearm (including any firearm with a matchlock, flintlock, percussion cap, or similar type of ignition system) manufactured in or before 1989; or any replica of any firearm described in subparagraph (A) if such replica is not designed or redesigned for using rimfire or conventional centerfire fixed ammunition or uses rimfire or conventional centerfire fixed ammunition which is no longer manufactured in the United States.

5. Regulation 603 – Compliance with the Gun-Free Schools Act, shall apply to this policy:

- A. All students shall receive an updated Student Code of Conduct that contains the district's policy on the possession of firearms at the beginning of each school year, and whenever a student enters or re-enters the district during the school year, to be shared with the parent/guardian/custodial adult.
- B. The district's policy on possession of firearms shall apply to all students, except that with respect to students with disabilities, the federal law will be followed. A determination of whether the violation of the possession of a firearm policy was due to the student's disability will be made prior to any discipline or change of placement in connection with the policy.
