AP Exam Information

What are AP Exams?

The Advanced Placement Program (AP), developed by the CollegeBoard, enables willing and academically prepared students to pursue college level studies while still in high school. Each AP course culminates in a standardized college-level assessment called an AP Exam. AP Exams offer students the opportunity to attain scores that **may** earn them college credit (Click here to search scores.)

Course Requirement: AP Exams are ONLY admininstered for P-CEP's own courses - no outside course exams are allowed

Exam Format: AP Exams are either fully digital or hybrid digital (uses computer but includes written responses).
