

AI Marketing Intern

Learn to direct AI tools like Claude, run real social media accounts, and help families raise emotionally strong kids. Work directly with our founders and see your work go live, fast.

Our Family Culture gives parents a simple weekly framework for building strong, connected families. We are a small, mission driven team looking for a curious, self directed student who wants real experience with AI, content, and social media, not busy work.

HOURS
5 to 10 hrs / week

LOCATION
Remote

PAY
Unpaid

WHAT YOU WILL DO

- Draft articles, hooks, and captions using our Claude AI project
- Create posts for TikTok, Instagram, YouTube, and Facebook
- Build emails and workflows in HubSpot
- Track what performs and shape what comes next

WHAT YOU WILL GAIN

- A real portfolio of published, on brand work
- An AI powered workflow most graduates will not have
- Direct mentorship from company leadership
- SEO, GEO, and social strategy experience

WHO WE ARE LOOKING FOR

Curious about AI

Strong writer

Social media savvy

Detail oriented

Self directed

"Most internships hand you busy work. This one hands you a real AI toolkit, a real audience, and real published work with your name on it."
