Senior Interviews

- ▶ Counselors presented a PowerPoint similar to this one during Government classes on Monday, September 14th & Tuesday, September 15th, 2026. Seniors received a folder of information that included a grad plan, transcript, & senior important information.
- ▶ Counselors confirmed with your student that they understand the necessary requirements for the diploma they are working toward.
- ▶ A mailing is also being sent to parents in September that includes a parent letter, a graduation plan (application), a transcript, and a “Seniors: Important Information” handout.
- ▶ Please review the information in this mailing with your Senior when you receive it or ask to see the folder they received during our presentations.
- ▶ These PowerPoints are posted on our counseling department webpage.
- ▶ Please do not hesitate to contact your senior’s counselor if you have any questions or need further clarification.

Dear Parent or Guardian:

Enclosed with this letter is a graduation application entailing an evaluation of credits for graduation, your student's high school transcript, and information regarding post-secondary options, financial aid, scholarships and much more. It is strongly recommended that you view the Senior PowerPoint presentation that is uploaded to the counseling section of our school's website: <https://spanishspringshs.washoeschools.net/>.

Your student's graduation status is listed on the enclosed graduation application. This will show what your student needs this school year to earn the diploma highlighted at the top of the graduation application. The box is checked at the bottom of this page if your student is in jeopardy of not graduating on time due to needing more than 7.5 credits to meet graduation requirements for a standard diploma. Below are descriptions of the different diploma options and the specific requirements for each. Please review your student's transcript and application for graduation, if you have any questions or concerns, please do not hesitate to contact me by phone at (775) 321-3951, or e-mail at agoss@washoeschools.net.

Please share and review this information with your senior and contact me with any questions.

Your student is working toward the following diploma:

- ☐ **Honors diploma:** Must complete 24 credits in specified areas with eight of those credits being classified as Honors (including AP and Dual Credit courses). Must complete two years of the same world language. Must earn four credits of Mathematics, and three credits of Science. Must take the ACT + Writing exam and must have a cumulative weighted/unweighted GPA of 3.4. NO course "F's" on transcript for junior or senior year.
- ☐ **College & Career Ready diploma:** Must complete the requirements for an Advanced diploma (see below) plus earn the Career Ready High School Endorsement and/or the College Ready High School Endorsement.
- ☐ **Advanced diploma:** Must complete 24 credits (including 4 credits of math; 3 credits of science). Must take the ACT + Writing exam and must have a cumulative weighted/unweighted GPA of 3.25.
- ☐ **Standard diploma:** Must complete 23.0 credits in specified areas and take the ACT + Writing exam.
- ☐ **Adjusted diploma:** Must complete 23.0 credits and testing as decided by the IEP team.
(This diploma is only available to students who are currently certified Special Education.)

ACT (plus writing) exam:

- ☐ Your student has taken the ACT (plus writing) exam (**all Class of 2027 students are required to take exam**)
- ☐ Your student still needs to take the ACT (plus writing) exam
(the ACT (plus writing) will be offered 2/23/27 for all 11th graders and 12th graders who have not yet taken this exam)

☐ If this box is checked, your student is in jeopardy of not graduating on time because he/she needs more than 7.5 credits to graduate. Credit recovery options are available to your student such as Edmentum credit recovery, work experience, and correspondence classes. RISE Academy for adult education, or HiSet prep may also be options.

Sincerely,

Angie Goss

Western Undergraduate Exchange - WUE

Save On Tuition |
Western Undergraduate Exchange (WUE)

How does WUE work?

The Western Undergraduate Exchange (WUE) is a tuition savings program that makes attending out-of-state colleges and universities more affordable for students. Through WUE, you receive a reduced tuition rate, giving you more education options for your money.

Out-of-state tuition is expensive, sometimes two to three times the cost of in-state tuition. With WUE, participating public colleges and universities across the West agree to charge out-of-state students no more than 150% of the school's in-state tuition. Tuition savings may vary depending on the college or major. **The bottom line: You save big with WUE and almost always pay less than out-of-state tuition.**

160+ institutions

\$11,294 average savings per student

ATTEND COLLEGE IN THE WEST FOR LESS

How do I get started?

1. **Check your eligibility** by home state/territory, college and major through our online WUE Savings Finder.
2. **Meet admissions requirements and deadlines** for the WUE college.
3. **Apply directly** to the college(s) of your choice.
4. **Contact the college** — it's the best source of information about how you can save money through WUE.

- ▶ Inventories guide people in making informed decisions about their career path choices and planning.
- ▶ Here are two free career inventory resources -
<https://nv.headed2.com/> and <https://www.mynextmove.org/>

The “Brag Sheet”

- ▶ The “Brag Sheet” is a form that your student will fill out in order to help people who are writing letters of recommendation get a better idea of who your student is and what your student has accomplished.
- ▶ The brag sheet includes your student’s grade point average, honors and AP classes, test scores, academic honors and awards.
- ▶ Your student may also list volunteer and community service hours, extracurricular activities, work experience, interests, hobbies and talents.
- ▶ Students can include any obstacles or challenges they have overcome, or personal or academic accomplishments they have achieved.
- ▶ They should be honest – don’t overvalue or undervalue their experiences. Their best is good enough!
- ▶ The counseling office has forms for them to use in the waiting area. The forms are also on the counseling website-Senior section.

Resume

Many students have created a resume in the past. They'll need one for their job searches in the future. It is good to keep one saved electronically and add to it as their experiences change. This example highlights education, limited work experience, achievements and volunteer experience.

NCAA Eligibility

- ▶ **ELIGIBILITYCENTER.ORG**

- ▶ If your student wants to play NCAA sports at an NCAA Division I or II school, they need to register with the NCAA Eligibility Center at <https://web3.ncaa.org/ecwr3/>. The Eligibility Center works with your student and the high school to certify their initial eligibility.

- ▶ **CORE COURSES**

- ▶ Not all high school classes are NCAA core courses. Core courses prepare your student for a four-year college and are taught at or above the high school's regular academic level. Visit the website listed above, click on "student-athletes" then click on "guide for the college-bound student-athlete" for more information.

NCAA Eligibility, continued

► **GRADE-POINT AVERAGE**

Only classes on SSHS's list of NCAA Courses will be used for the core course GPA.

► **TEST SCORES**

Division I schools match test scores and core-course GPA on a sliding scale. After August 1, 2019, Division II schools will also use a sliding scale. Find the sliding scale at the website on the previous slide. An SAT combined score is calculated by adding the reading and math scores. An ACT sum score is calculated by adding English, math, reading and science scores.

- Your student may take the SAT or ACT as many times as they like before they enroll full time in college. If they take either test more than once, the best sub score from each section is used for initial-eligibility purposes. When they register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 so their scores are sent directly from the testing agency. NCAA will not accept test scores from the high school.
