

Your parents have ParentSquare. **You have StudentSquare.** It is how GRAVA, the district, and your building reach **you** directly — announcements, schedule changes, activities, and deadlines. It comes to your phone, and it does not go through your parents.

Your teachers do not message you here.

All teacher contact happens in the Learning Portal — the Imagine Learning Virtual Portal, where your courses are. Feedback, a question about a lesson, a nudge about a missing assignment: all of it comes through the message center in there, not StudentSquare. **Check the portal for anything about your actual coursework.** StudentSquare is the school talking to you; the Learning Portal is your teacher talking to you. You need both.

GETTING IN

- 1 **Find your school email.** It is on the GRAVA welcome sheet that came with your Clever badge — it looks like ab12345@isd318.org. If you already got a StudentSquare invitation in that inbox, just tap the link in it and skip to step 3.
- 2 Go to mystudentsquare.com/signin and sign up using **your school email** — not a personal one.
- 3 **Create a password** and confirm your account.
- 4 Download the **StudentSquare** app from the App Store or Google Play, sign in, and **turn notifications on**.

WHAT STUDENTSQUARE IS FOR

- School and district news by **app, email, or text** — your choice
- **Activities, events, and schedule changes** that affect you
- **Message staff** directly, without hunting for an email address
- RSVP to events, fill out forms, and use sign-up sheets
- Join groups and subscribe to calendars

Turn the notifications on. Seriously.

An account with notifications off is the same as no account. The point is finding out about a schedule change or a deadline **while you can still do something about it** — not three days later. Thirty seconds now.

IF IT DOESN'T WORK

Can't find your school email? Check the GRAVA welcome sheet that came with your iPad and Clever badge. It is printed on there.

It won't accept your email? That usually means something is off in our records, not something you did wrong.

Lost the welcome sheet? That happens. We can look it up.

Just call us

GRAVA office, **218-327-5700, option 6**. Tell us you are trying to get into StudentSquare and we will get you what you need. Five-minute problem, not a big one.
