Manufacturing & Industrial Maintenance Academy Advisory Board Meeting

Wednesday, May 6th, 2026, 3:30 pm – 4:30 pm

AGENDA

- I. **Welcome**-The meeting was called to order at 3:40 by Dusty Green.
- II. **Introduction: All** members present introduced themselves as well as those online. Three alumni were present one who now works for Sulzer and two for Dr. Pepper.
- III. **Review Mission/NSOP:** Dusty Green reviewed the mission and vision of the academy. Jennifer Guillory reviewed NSOP #9&10. Mr. Green reviewed the three academy goals for the 25-26 school year. Goal #1 data will be emailed to the committee by Mr. Green.
- IV. **Teacher Report**
 - a. **Dalton Woods**-reported that Stuart placed 2nd overall this year at the HLSR Industrial Craft. The project this year was completed by both upper and lower classmen students. Bring your Best competition through HLSR was a great event and all students walked away with great door prizes and two students were offered opportunities after graduation. Mr. Woods thanked Turner Industries for hosting students at their facility this spring. Guardian Angel Scholarships were awarded to two students from the HLSR in the amount of \$1000.00 each.
 - b. **Dusty Green/Bobby Hathaway**- Mr. Hathaway reported that the Stuart Fit & Fab event was held in April and SCTHS had two teams with one team placing 1st. Mr. Hathaway and Mr. Green thanked all the sponsors of the event. Mr. Hathaway also

reviewed the field trip to Sulzer to expose students to future opportunities. Mr. Green reported that Zachary and Starcon will be coming out this month to administer weld test to senior students.

c. **Graduates c/o25-** Jacob Macias is now working at Sulzer as a machinist now. Jacob stated that he started out as a welder and has been through a lot of training and had an opportunity to move into his current machinist position. Alexis Diaz class of 2025 is now working at Dr. Pepper and is now a production operator and working toward moving up into another position in the future. Rudolfo Zamarippa is also at Dr. Pepper is an operator now for multiple machines. Both of these students are attending San Jacinto College to further their education.

d. **Academy Ambassadors Report**-none present

V. **Administrative/Counseling Report/** -Ms. Green reported that students are on track for graduation. Many of the underclassmen are interested in working toward their associates degree. Ms. Ferman reported on the current 12th graders in PF, one student will be receiving their associate degree and five will earn their certificate and six welding students will earn their associates and eight will earn their certificate. Graduation will be this Saturday.

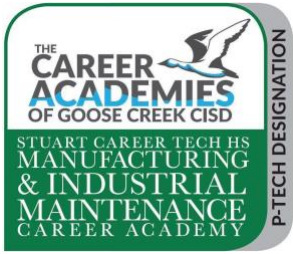

VI. New Business

a. **Discuss IBC Data**

VII. Industry Report Out

a. **State of the Industry/Job Market**-Zachary reported that work has picked up this quarter. Samson reported that business has

picked up this year, and they did add a third internship position this summer. Mustang Cat reported that business is really going well right now and prospective customers are booming. Lee College is trying to add another welding lab at the McNair center and are planning on bringing old labs at the main campus back into operation due to the number of students. High need for adjunct professors. Sulzer reported that business is steady and are still hiring millwrights/industrial mechanics, welders and other positions.

b. Needs/Concerns

VIII. **Closing/Announcements**-Mr. Green adjourned the meeting at 4:15 PM.
