COURSES OFFERED

Auto Body and Collision Repair

Students will learn the foundations of the auto collision repair industry.

Auto Mechanics Technology

This course prepares students to learn the basic fundamentals of the vehicle's working parts, technical requirements of researching service manuals, and handling a computer based diagnostic machine.

Carpentry

This course is designed to prepare students for a job in the construction trades.

Commercial and Advertising Art

This is a computer-based graphic design course which will also train students in other aspects of the field such as t-shirt production, decals, and vinyl banners.

Culinary Arts

Students will train for employment entry into the growing field of food service and hospitality.

Health Sciences

Students will be taught foundational information of the health science field and will specialize in their second year to become certified as a nursing assistant.

Nursing Early Admissions Track (NEAT)

This course allows students to begin training for a practical nursing credential (LPN) in an accelerated format.

Welding Technology

Welding processes such as SMAW (Stick), GMAW (MIG), GTAW (TIG), and fabrication will be taught.

Admissions

Our high school block courses, designed to be completed in two years (with the exception of the NEAT course), are open to high school juniors and seniors from Alton, Bakersfield, Dora, Gainesville, Houston, Koshkonong, Lutie, Mountain View-Birch Tree, Summersville, Thayer, West Plains, Willow Springs and Winona. Each school has unique requirements for admission. Please see your high school counselor for more information.

SOUTHERN MISSOURI TECHNICAL INSTITUTE WILL ISSUE A CERTIFICATE OF COMPLETION WHEN THE STUDENT GRADUATES FROM THE COURSE.
