House Bill 3: Board Adopted Goals & Plans Review

House Bill 3
Board Adopted Goals

01 **Early Childhood Literacy Proficiency**

02 **Early Childhood Math Proficiency**

03 **College, Career, & Military Readiness**

Statute requires school boards to adopt detailed plans that contain specific, quantifiable goals in the following areas:

TISD

Goals for EC-Literacy & Math

- 3rd grade is the only grade required for HB 3 goal setting
- It is best practice that plans include progress measures for PreK – 2nd grade to understand growth toward 3rd grade reading proficiency.

**This also aligns with the HB 3 mandate that districts use integrated assessments for PreK-3rd grade to diagnose reading development and comprehension.*

TISD

Goals for CCMR (College, Career, Military Readiness)

- College Ready – academic proficiency on data driven instruction *(ACT/SAT/TSIA/AP/Dual Credit)*
- Career Ready – successfully complete an Industry Based Certification/Special Education workforce ready
- Military Ready – Enlisting in the armed forces and reporting to Basic Training.

Plan Components – Developing Goals

TISD

Specific, quantifiable goals

- Each goal needs to contain a baseline (current state), a target (future state), a population (which students will be impacted), and a deadline (month and year by when the current state will equal the future state).
- Annual targets must be included for each goal in addition to the 5-year deadline target.
- Adopting board outcome goals and progress measures for each goal creates alignment with each plan.

GOAL 1: Early Childhood Literacy Proficiency
